#### VINDICATION OF RIGHT.

Sympathy is heaven-born sentiment which is never lacking in the breast of a true man. Undoubtedly there was Lynch and Theodore Toblason as they stood before Judge McBride yesterday afternoon to receive sentences for the It appealed to in the case of Tobiason, who is young, evidently not a frequent offender, and possibly without a real Spanish war, but has fallen again to tendency to crime. How far his present plight may be the result of the perdid not develop. It is certainly plausible, however, that had Tobiason avoided the company of men whom he knew now he on his way to the penitentiary to serve a one-year sentence for assisting in the attempt to shanghai Ex. Charles Gardner. He need not have acquired the stigma which such a penalty attaches to any man's name. He might have avoided the very probable criminal bent which such an incarceration may develop in the convict who is not thoroughly fortified with right principles, which a guilty man usually is not.

His experience should be a warning to all others. There is little use in warning young men who have already progressed so far on the down grade that they regard an evildoer's greatest mistake as consisting in being cauht. Such are too wise to accept advice. But many a young person in Astoria is surrounded with influences as subtle and as destructive as those which have proved the undoing of Tobiason, and Take Lazative Bromo Quinine Tablets. only a maniy or a womaniy avoidance This signature 291 6

ing the course of justice need not be apologized for, and those who are acused by Lynch's particular friends of ontributing to his conviction need not he ashamed, even though the charge were true, which it is not. The officers needed no help, and the jury had been too long acquainted with the wellknown facts to be predjudiced by the are agencies alluded to. The verdict and penalty should be and are sustained

by public opinion in its majority.

THE NATIONAL DEBT.

The United States has one of the smallest national debts in the world. It is equal to only \$12 per capita. The per capita debt of England is \$74. of France \$150 andof Australia \$263. Ausmuch sympathy feit for Patrick J. tralia has the largest per capita debt in the world. The United States debt was largest in 1865, when the Civil war had piled up \$2,3\$1,000,900, or \$79 per crime of kidnaping. Particularly was capita. The civil war debt was rapidly paid, and in 1892 It had fallen \$580,000,000 It was increased to \$1,046,000,000 by the about \$930,000,000.

In 1865 the average interest paid by suasions and blandishments of others the government was 7.3 per cent. Now more hardened to evil and more skill- half the debt bears only 2 per cent inful in the commission of crime the trial terest, and the United States is the only nation in the world that has been able to sell a 2 per cent bond at par. In 1865 the interest on the national to be engaged in wrong, he would not debt was \$150,000,000 a year, or about \$4.29 per capita. And now the interest per capita is only 35 cents a year .-

The mirror never flatters; it tells the truth, no matter how much it may hurt the pride or how humiliating and disagreeable the reflections. A red, rough skin is fatal to beauty, and blackheads, blotches and pimples are ruinous to the complexion, and no wonder such desperate efforts are made to hide these blemishes, and cover over the defects, and some never stop to consider danger in skin foods, face lotions, soaps, salves the and powde rs, but apply them vigorously and often without regard to consequences, and many complexions are ruined by the chemicals and poisons contained in these cosmetics.

Skin diseases are due to internal causes, to humors and poisons in the

blood, and to attempt a cure by exterhal treatment is an endless, hopeless task. Some simple wash or ointment is often beneficial when the skin is

much inflamed or itches, but you can't depend upon local remedies for permanent relief, for the blood is continually throwing off impurities which irritate and clog the glands and pores of the skin, and as long as the blood remains unhealthy, just so long will the eruptions last. To effectually and permanently cure skin troubles the blood must be purified and the system roughly cleansed and built up, and 8. S. S., the well known blood purifier and tenic, is acknowledged superior to all other remedies for this purpose. It is the only guaranteed strictly vegeta-ble blood remedy. It never deranges the system or impairs the digestion like Potash and Arsenic and drugs of th
