## MR. BRYAN GETS FUNNY

He Insists There is No Possibility of Grover Cleveland Being Nominated.

### INDICTS MANY NEWSPAPERS

He Also Has a Fine Specimen of Pig Named After Mark Hanna.

Newark, N. J., May 9.—In an interview with W. J. Bryan by a representative of the Newark News, who is at Lincoln, Neb., Mr. Bryan says that there is not the remotest possibility of Cleveland being nominated for president by the democrats in 1904. "Even his staunchest friends would not risk him as a candidate," said Bryan. "But Cleveland has apparently come out of his retirement, and many suppose he is seeking nomination," remarked the Newark man.

"I am not in Cleveland's confidence," said Bryan, "but as an outsider I venture to say that his purpose is to positively refuse to be a candidate after a while and then allow his friends to say that he would have been nominated and elected had he not refused to run. This might afford Mr. Cleveland some satisfaction as a salve for the bruises which he has nursed since 1896. There are also a number of newspapers calling themselves democratic that are monopolistic and I will name a few of them: Chicago Chronicle, Nashville American, Louisville Courier-Journal, Boston Herald, Philadelphia Ledger, New York Times, Brooklyn Eagle, and some others."

"You were invited to the dedication exercises at the St. Louis world's fair, were you not?"

"Yes, I went to St. Louis, but I went to attend the good roads convention and left there one day before the dedication ceremonies began."

"The seat assigned you for the dedication was not on the grand stand with President Roosevelt and ex-President Cleveland, but on an annex to the grand stand."

"No, it was not on the grand stand. It was on the annex; but I look at that kind of an invitation as one to be accepted or declined without any particular importance being attached to it. I simply declined the invitation."

Bryan detailed one of his children to show the correspondent his carriages, horses, cattle and hogs. Pointing to three fine specimens of the swine family, the guide said:

"The name of that one is Sixteen to One, the mother of this litter, the other father, is named Mark Hanna."

### CLEVELAND DOES NOT WANT IT.

Athens, Ga., May 9.—In reply to a letter of R. F. Holder, jr., editor of the Athens Banner, ex-President Cleveland says that he is not desirous of carrying the democratic banner for the fourth time in the presidential contest.

### NO NEED FOR ALARM.

News From Congress and Efforts of Cassini Reassuring As to Manchuria.

Washington, May 9.—The state department has received from Minister Conger confirmation of the Associated Press dispatch from Peking that the Russians had entered New Chwang and then retired. A receipt of this advice late in the day brought relief to the strained situation, and it was decided by the department that there was no longer occasion for action even diplomatically, at this stage.

Count Cassini, in the course of his talk with Secretary Hay today, earnestly impressed upon the secretary his conviction that the Russian government had lived up to its agreements, and in view of these representations Secretary Hay did not hesitate to dissipate any impression that might have existed that there remained any need for diplomatic action relative to Manchuria by the United States, Great Britain and Japan. The situation consequently lapses back to where it was after the original Russian disclaimer which followed the demands upon China two weeks ago, and for the present, the attitude of the United States government will be simply one of observance.

### FOSSNER TAKES CHARGE.

Machen was Too Ill to Appear at the Office So the Transaction Was Made Without Him.

Washington, May 9.—Postoffice Inspector Fossner took charge of the free delivery service. General Superintendent

Machen, who was relieved from duty yesterday did not appear to turn the office over. He sent word that he was too ill to come. Postmaster-General Payne today dismissed James Dower, a fireman employed in the post-office department, as a result of charges Dower recently filed against Chief Engineer James O'Donnell and other superior officers. Dower alleges that a ring to govern promotions and other matters existed in the room and that improper contracts had been made. The charges were investigated by a post-office inspector and the report did not sustain them.

### DENY ANTI-FORIGN SENTIMENT

Situation in China Defined by Associated Press Correspondent.

San Francisco, May 9.—The Peking correspondent of the Associated Press, writing under date of April 6, says that the alarming stories emanating from certain quarters, to the effect that a massacre of foreigners by Chinese is contemplated, is untrue.

The correspondent writes that the reverse of this picture exists in Peking. Never since the legations were established here have foreigners gone about the capital and surrounding countries so free from molestation and insult.

The toleration is inspired by the knowledge of the foreigner's power to hold his ground.

Whatever attacks upon foreigners might be made, all evidence tends to show that they would be against the will of the court. So far as the safety of Peking and Tien Tsin is concerned, the viceroys, Yan Shi Kai, controls a large and effective force of soldiers, well drilled, equipped with modern arms and honestly paid. His disposition with which he ferreted out the occasional feeble attempts to revive the boxer propaganda in this province and punished the agitators, cutting off their heads for merely starting anti-foreign gossip.

However, important influences are present to increase Chinese hatred of Europeans. One is the inevitable friction between the natives and soldiers of foreign garrisons and the oppressive soldiers inflict upon the people, who are helpless to resist. Another is the presence of a large body of camp followers, composed of the lowest classes of Europeans, whose conduct in the city is generally contemptuous of Chinese law and customs, and in the provinces sometimes reaches the extremes of brigandage, looting villages, stealing horses and kidnapping girls. Another, perhaps the most important, certainly the most widespread, is the growing animosity against the Chinese Christians by the patriots who were compelled to pay indemnities for the losses suffered by Christians during the reign of boxerism.

The only insurrection which has reached serious proportions recently is that at Kwangsi. It started more as a labor riot than a political demonstration from the desperation of an unpaid and hungry army, robbed by its officers. Crop failures have reinforced it. It has been active for a year and is giving the government great uneasiness, but it has been confined to parts of two provinces and does not promise to become a national movement.

### ORDER PERMITS TOTAL LOAN.

Court Permits P. P. & N. Co. to Issue Certificates in Additional Sum.

Seattle, May 9.—Judge Hanford today authorized the Pacific Packing & Navigation company to issue receivers' certificates in the additional sum of \$500,000. Certificates in the sum of \$750,000 were issued with the court's approval in March last, and the order today permits the total loan of the \$1,250,000. The certificates are the first mortgages upon the company's various properties.

## GRAND VIZIER AN OLD MAN

Sultan Gave That As An Excuse For His Conduct Toward United States Minister.

### LEISHMAN READY TO LEAVE

Requested That If He Could Not Be Accorded Courtesy He Receive Passports.

Washington, May 9.—Indications of the troubles experienced by Mr. Leishman, United States minister to Turkey, in his dealings with that government, is disclosed in the Turkish diplomatic correspondence made public at the state department today. In a telegram to the department Mr. Leishman complained that the grand vizier, who had repeatedly refrained to see him, had countermanded and annulled a number of matters upon which the minister of foreign affairs had acted favorably. In order to exhaust every effort Mr. Leishman demanded an audience with the sultan. Mr. Leishman suggested in his telegram to Secretary Hay that were the audience not granted and not only question at issue but principles involved satisfactorily settled, he be given permission to demand his passports.

Subsequently Mr. Leishman reported that the sultan suggested that he overlook the discourtesy shown him on the ground that the grand vizier was an old man and not feeling well. Empathic instructions were sent by the sultan to the grand vizier to receive Mr. Leishman at all times in a manner befitting the dignity of a representative of a great power, when Mr. Leishman consented to resume relations.

### AMERICANS STAND HARDSHIPS.

So Says Leader of Zeigler Arctic Expedition.

New York May 9.—If Anthony Fiala, the leader of the Zeigler Polar expedition reaches the north pole, he will plant there a small American flag bearing the emblem of the Y. M. C. A., which was presented to him at a dinner given for him by his friends in the Brooklyn Y. M. C. A. If the pole is not found the emblem from Brooklyn will be thrown to the breeze at the farthest point reached.

Responding to complimentary addresses, Mr. Fiala said:

"The members of my expedition will be all Americans. I have talked with many men who have been in the north and they all believe that Americans can stand more cold and hardship than men of any nationality in the world. I think I have made no mistake in my selection."

"We had many hardships during the last expedition and the men composing it did not receive the credit they should have received in spite of some misunderstanding. I do not know whether I shall reach the north pole or not, but I am willing to try."

### WILL FIGHT IT OUT.

Deering Harvester Company Refused to Accede to Demands of Labor Leaders.

Chicago, May 9.—Peace negotiations between the Deering Harvester company and its 8000 striking employees have been broken off, and the fight is to continue until one side is defeated. Early last week President W. G. Schardt of the Chicago Federation of labor succeeded in arranging a conference between the labor leaders who are in charge of the strike and the representatives of the harvester company. At this meeting the demands of the employees were presented. The answer of the company has just been received. It is a refusal of the men's demands and will cause an immediate revival of the strike on the part of every union involved.

The men ask for a general nine-hour day, 20 per cent increase in wages and recognition of their unions. The girls asked for a wage increase, better hours and improved sanitary conditions. All demanded the reinstatement of men reported to have been discharged for joining labor unions.

The counter proposition of the firm was a practical refusal to consider the demands of the men.

### TRAGEDY AT JACKSON.

Man Who Knew Marcum's Assassin Slain From Ambush.

Lexington, Ky., May 9.—A report reached Winchester from Jackson to-

night that B. J. McEwen was assassinated from ambush at sundown, but the report cannot be confirmed tonight as Jackson cannot be reached by telephone or telegraph. McEwen was standing in the courthouse door with J. B. Marcum when the latter was killed last Monday and it has been said recognized the assassin.

### MURDERESS GETS 25 YEARS.

Jessie Morrison's Crime Styled by Justice as Butchery.

Topeka, Kan., May 9.—The supreme court today affirmed the decision of the lower court in the case of the State vs. Jessie Morrison. Jessie Morrison was declared guilty of murdering Mrs. Olin Castle three years ago at the Castle home in Eldorado. The decision means 25 years imprisonment. The opinion, which was written by Justice John C. Pollock, says:

"Upon the theory of the tragedy as maintained by the state, the murder was a butchery of such savage and vicious nature as is rarely equaled, never excelled, in the criminal history of a civilized world. Search for a parallel so shocking must be instituted among the traditions of the aborigines. It was indeed a brutal deed, utterly lacking in mitigating or extenuating circumstances, alike appalling to the mind and shocking to the sensibilities."

Princeton, N. J., May 9.—Yale defeated Princeton in a dual track meet today by a score of 75 to 29.

### MERCHANTS' PROTECTIVE UNION

While there is as yet no organization among the local merchants, it is quite probable that there will be one at no distant day. In most cities of the state an organization exists for the purpose of providing protection against a class of people who never pay their bills if they can avoid doing so, and state organizations will soon be formed in both Oregon and Washington. Such a move is regarded as entirely justifiable and dictated by good business principles. It will probably insure to the benefit of those who pay cash, as if the dead-beats can be eliminated from the merchant's accounts, he can afford to sell goods at a smaller profit.

### CZOLGOSZ IS RELEASED.

Los Angeles, May 9.—John Czolgosz, brother of the assassin of President McKinley, was released by the police today. The police are convinced that he is a peaceable law-abiding young man.

## WILL CALL CONGRESS

Special Session May Be Summoned in November By the President.

### SO SAYS SERGEANT-AT-ARMS

Soon After Election Day National Lawmakers Will Meet—Cuba the Subject.

Denver, May 9.—The News today prints an interview with Daniel M. Randall, sergeant-at-arms of the United States senate, to the effect that an extra session of congress would be called about November 9. Mr. Randall and family are spending several weeks in Colorado for their son's health. Mrs. Randall said:

"President Roosevelt sent word to me through Secretary Loeb last week at St. Louis that I could prepare to receive the senators immediately, as soon as possible after election day. To Secretary Bennett of the senate President Roosevelt made the direct statement that congress would be summoned just as soon as the fall elections were out of the way."

"What will the call provide shall be taken up?" was asked.

"The reciprocity with Cuba."

"Will the Philippine tariff reduction measure be resurrected for consideration?"

"I think it will as soon as the Cuban business is disposed of."

### ROOSEVELT VIEWS PACIFIC.

President Mounis Belfry and Chinese the Wooden Bells.

Ventura, Cal., May 9.—President Roosevelt and party were met at the depot here by a reception committee in carriages. He was escorted to the old mission which he visited, climbing the tower to the belfry, where he sounded the wooden bells that have chimed forth in this community for over a century. Here he caught the first glimpse of the Pacific ocean. The party departed at 10 o'clock for Santa Barbara.

### HAND OUT THOSE COONS.

Mob Clomors for Negroes Who Shot White Men.

Fremont, O., May 9.—A serious conflict, the outcome of labor troubles in this city, occurred here late tonight. Otto Mischke, 29 years old was shot and killed, and Albert Gummell was fatally wounded, the shooting being done by a gang of nonunion colored men, three of whom are now in jail. A mob soon surrounded the jail and are clamoring for the prisoners.
