**THE LATE JOHN LURZEN.**

Mrs. M. T. Gillette, on behalf of the Order of Pendo, wired to San Diego yesterday directing that the remains of the late John Lurzen be interred there. The benefits to be derived from the order amount in all to \$250, of which amount \$75 will be donated to defray the funeral expenses. Nothing has yet been heard from the half-brother Karl, but it is known that in 1891 he resided in Germany. In that year William Bock was visiting relatives in the old country and was acquainted with the family. Mr. Bock explained that the name is correctly spelled Lührsen and is pronounced Lührsen. Deceased evidently adopted Lurzen to facilitate pronunciation. An administrator will be appointed here and any effects of value will be forwarded from San Diego.

such things, and, believe me, no course in life offers greater inducements to the future generation. The United States is to be the great industrial nation, and it is a proud position. It is the trained mechanic, chemist and engineer who will be the true leaders in the future. And what better locality for such a school than here in Homestead, surrounded by the greatest industrial works in the world. Let us hope that this will eventually be as great a school as the works which will bear the name of Homestead: a work which you, the workmen of Homestead, helped to create, for much of the mechanical development of Homestead was due to the suggestions offered by its workmen."

Mr. Schwab continued in a vein of personal reminiscences and concluded with presenting the keys and deeds of the school to the president of the school board in behalf of Mrs. Schwab and himself.

**SAILED WITHOUT A RUDDER.**

One of Britain's battleships just recently accomplished the remarkable feat of sailing over 2000 miles without a rudder, and which reflects the greatest credit on her officers. The record of cures back of Hostetter's Stomach Bitters certainly reflects great credit on the ability of this medicine to cure stomach liver and kidney disorders, even after other remedies have failed. During its 50 years experience it has never been known to fail in cases of dizziness, loss of appetite, insomnia, headache, indigestion, dyspepsia, liver and kidney troubles, or malaria, fever and ague. In view of such a convincing record we feel justified in urging you to try it at once. We know you will be satisfied with the result. The genuine must have our private stamp over the neck of the bottle.

**OUR HAT DEPARTMENT.**
