Russia's Rule In Manchuria Threatens United States With A Most Serious Set Back In The Interests Of Cotton Shipments.

China Points Out The Impossibility Of Including In The Commercial Treaties The Opening To Trade Of Towns Owing To The Opposition Shown By Government Of The Czar.

Pekin, May 18.—China, in reply to further representations of the United States and Japanese ministers has again pointed out the impossibility of including in the commercial treaties the opening to trade of Manchuria towns on account of Russian opposition. The American minister proposes that China open Mukden harbor and a small part at the mouth of the Yalu river. W. W. Baldwin of New York, a representative of the southern cotton mills in Manchuria, reports that the American cotton trade was increasing enormously until recently, when the Russians began to exert pressure upon the Chinese, amounting to coercion for second orders for Russian firms amounting to 300,000 bales of goods which otherwise would have gone to America. Mr. Baldwin says the foreign firms complain bitterly of the difficulty of conducting business under the Russian methods, and he believes that unless Russian absorption of Manchuria is checked the United States will be deprived of a most promising market for cotton within a few years.

TULLOCH CHARGES REFERRED.

Proper Bureau Will Conduct Investigation of Allegations.

Washington May 18.—Postmaster General Payne today sent letters to the controller of the currency, the auditor of the postoffice department and other officials calling their attention to the statement made by Tulloch in his communication of last Saturday. The letters ask for an explanation of further information that might throw light on the subject. The formal charges of Mr. Tulloch, Mr. Payne said, have been dissected and that matter relating to particular branches of the services, referred to the bureaus having jurisdiction for the report. Mr. Payne said tonight that he regarded the charge against the auditor and controller as the most serious of all the allegations. Mr. Payne pointed out a difference which existed between charges of irregularity and of actual violation of the law.

HE MUST SHOW THEM.

Postal Clerk Directed to Explain Why He Should Not Be Dismissed.

Washington May 18.—Second Assistant Postmaster General Shellenberger today directed that Sverid Shibusby, a railway postal clerk at Kansas City, should show cause why he should not be dismissed for promoting suits against the government for traveling expenses of the postal employees. The purpose is to prevent the spread of the movement, having in view the prosecution of the claim which the department regards as preposterous.

CARS RUN ANYWAY.

Nonunion Men Not Annoyed In Conduct of Business.

Bridgeport, Conn. May 18.—With very few exceptions the running of the trolley cars on the lines of the Connecticut Railway and Lighting company, manned by nonunion motormen and conductors, was not interfered with today. There were 15 men and boys locked up during the day on a charge of intimidation.

JEFFRIES-CORBETT FIGHT.

Big Fighters Sign Articles to Meet August 14.

San Francisco May 18.—James Jeffries and James Corbett met here today and signed articles for a match to take place in this city on or about August 14. The pugilists accepted the offer of the Yosemite club, which will allow the principals to divide between them 70 per cent of the gross receipts. The referee is to be determined two weeks before the day of the fight.

THE NEW FIELD PRACTICE.

In accordance with a recent order issued by General Funston, department of the Columbia, a different style of field practice than that now in vogue will be introduced at the post under him. The practice will consist of hurdle-jumping, foot races and other athletic diversions intended to increase the soldier's capacity for hard service. This method of practice will be begun at Fort Canby and other posts in the vicinity at an early date and will be made a permanent thing.

EAGLES MEMORIAL

Big Crowd Out To Hear Address Of Governor Chamberlain.

Fully 200 Eagles and half as many ladies assembled at Pythian castle on Sunday to take part in the first memorial services to be held in this city by the aerle. After the singing of the opening ode, Dr. H. J. Henderson delivered an interesting and instructive address, and Herman Wise rendered "Why Should the Spirit of Mortal Be Proud?" An orchestra of 16 pieces rendered excellent music.

The feature of the service was the address of Governor Chamberlain, who arrived in the city on the noon train. The governor's address was purely extemporaneous, but characteristic and enjoyable. His reference to lodge work was particularly impressive. During the course of his address he expressed the sentiment that it should be the aim of members not to oust those who did not come up to the desired standard, but rather to elevate them so that their membership would be desirable. The governor spoke for about 30 minutes and his remarks were attentively listened to.

Chained Down

Is the condition in which many men of good selling capacity find themselves. They have reached the limit in their present business. Any man in this position who feels that he can sell a good security to conservative investors and can give bank references is invited to write stating his age, his business and his reason for desiring to branch out into another line of work.

President Breaks All Records In Coach Travel For The Yosemite Park.

THE RESULT IS A CONFLICT

The Russian Ambassador Tries To Explain Away The Massacre Of Innocents.

Berenda, Cal., May 18.—President Roosevelt broke all road records for the Yosemite park travel today when his coach came from Yosemite to Raymond, where his train waited for him, in 10 hours of actual travel. The distance is 69 miles. The president passed last night in camp at Bridal Veil falls. He slept soundly and when he awoke this morning declares he had never felt better in his life. His looks bore out his words. The members of his party who had passed Saturday afternoon and Sunday at Yosemite joined the president at the falls. Here he bade good-bye to his guides, Laidig and Leonard, and mounted to his seat on the coach beside the driver.

When Awahnee was reached the party alighted and light refreshments were served. The run from Awahnee to Raymond was the dustiest of the trip. When Berenda was reached the president found a large crowd gathered to greet him. A special train from Fresno brought members of the chamber of commerce and their friends, and they warmly greeted the president as he appeared on the rear platform of the car. He made a brief address, thanking the people for coming to see him.

IN THE POLICE COURT.

An elderly woman giving the name of Mrs. Gee and claiming to be a laundress was up before Police Judge Anderson yesterday on a charge of drunkenness. The woman recently came from Portland. Judge Anderson dismissed the charge against her on her promise that she would hereafter refrain from the use of intoxicants. Dick Riggle who was arrested on a similar charge, forfeited his bail. Fines and forfeitures for the day aggregated \$105.

BUSINESS MEN'S UNION.

Such Organization Finds Favor With President Gompers.

Washington, May 18.—President S. Gompers of the American Federation of Labor is an advocate of the organization of employers as well as of the employees. Speaking on this topic to a Post reporter today Mr. Gompers said: "Employers will find it to their advantage to be organized and not only this but to deal with organized labor. The movement to form unions among business men will tend rather to prevent a conflict than to promote one."

ERNE WINS ON FOUL.

Buffalo May 18.—Erne, the former lightweight champion, won from Warren Zarbick tonight in the tenth round. Erne was awarded the fight on a foul.

THE JEW IS TO BLAME

Give A Hebrew A Couple of Dollars And The Russian Is A Dead One.

SLEPT WELL—FEELS GOOD

Found Large Crowd At End Of His Trip—Made A Very Feeling Speech.

Washington, May 18.—Count Cassini, the Russian ambassador, in a conversation today with a representative of the Associated Press relative to the Jewish trouble in Russia, said: "There is in Russia, as in Germany and Austria a feeling against certain of the Jews. The reason for this unfriendly attitude is found in the fact that the Jews will not work in the field or engage in agriculture. They prefer to be money lenders. Give a Jew couple of dollars and he becomes a banker and a money broker. In this capacity he takes advantage of the Russian peasant whom he has in his power and ultimately destroys. It is when the patience of the peasant is exhausted that conflicts between the peasants and the Jews occur."

"The situation in Russia so far as the Jews are concerned is this: It is the peasant against the money lenders and not the Russians against the Jews. There is no feeling in Russia against the Jews because of religion."

Continuing the ambassador said: "The Russian readily assimilates with the people of all other races, and if he cannot assimilate with the Jew it is apparent that the fault must lie with the Jew and not with the Russian."

HIGH OFFICIAL KILLED.

Lieutenant-Governor of Louisiana Killed Shot.

Thibodaux, La., May 18.—A shooting affray, which resulted in the death of ex-Lieutenant-Governor Henry Clay Knoblock, took place early this morning on the main street. The shooting was done by James Garault, a barber. Several witnesses of the tragedy refuse to talk further than to say that Garault shot in self defense. Garault surrendered to the authorities immediately. It is believed he will be allowed a bond.

Knoblock served as lieutenant-governor under Samuel D. McEnery, now United States senator. He had been practicing law at Thibodaux.
