Labor Day To Be Celebrated

Labor Council Decides To Have A Noteworthy Observance In September This Year.

Labor day this year will be celebrated in Astoria as it has never before been celebrated. At a meeting of the labor council last night in the hall on Bond street it was decided that a fitting observance of the day would be approved by the council, and a committee of five was appointed to make the requisite arrangements. The five members of the committee are Pete May, J. Mahoney, Chris Lehnenweber, C. M. Christensen, and J. T. Richardson.

Prominent speakers from all over the state will be invited to address the unions and the general public, and the day will be marked by exercises that will bring Oregon's observance of it abreast and ahead of other states. Hitherto there has not been much attention paid to the fitting celebration of Labor day in Astoria, but this year a change will be noticeable, and organized labor day will mark its own particular day with observances of a noteworthy kind.

The San Francisco Oyster house was reported to the council as fair by the cooks and waiters' union.

MANZANITA IN PORT.

The lighthouse tender Manzanita returned yesterday evening from a month's absence in Alaskan waters. The trip was altogether an agreeable one, excepting that some nasty weather was encountered during the return. The tender visited both Jlimau and Skagway, both places presenting rather a deserted appearance, owing to the regular spring exodus of the floating population into mining districts of the interior. Douglas Island is a particularly thickly populated center, the mines there engaging the attention of energetic speculators and active prospectors. The officers and crew of the Manzanita remained in good health during their absence from this port, and nothing occurred during the trip to interrupt the general harmony if the voyage.

EPWORTH LEAGUE SOCIAL.

The social given last evening at the home of Dr. T. L. Bell by the Epworth League proved a most enjoyable affair. The large crowd in attendance voting the entertainment to have been the best ever. A number of games were engaged in on the lawn, the pleasant evening making it very comfortable out of doors. A short program was rendered, an devery number was a good one. They were: Miss Clara Barker, reading; Miss Fay Ball, piano solo; instrumental duet, piano, Misses Fay and Leola Hall. Light refreshments were served by the young ladies.

TO RACE FOR GLORY.

All that desire to see an exciting and keenly contested race should not fail to meet at the base ball grounds tomorrow afternoon at 2 o'clock, when Joe Zambolich and Fred Brown Sr. will run for the fat men's championship of the world. The hundred yards is expected to be covered in even time, that is about 50 seconds or so.

Joe is the popular mixer at Foster's Exchange, and it will take about a dozen of his own drinks to revive him after the race. There is some lively betting on the event. Andrew, the Sunnyside man, having bet \$50 on Brown, who is booked to roll in ahead of Joe if Andy's belief amounts to anything.

MATTINEE EVERY DAY AT 2:30.

The Unique theater, located next to Peterson & Brown's has made a great impression on the public, judging from the crowds which visit the place nightly. The show is without doubt the best ever seen in Astoria. The management has done away with all the delays between acts. Something is on the stage from the time the curtain raises until the show is over. A matinee is given every afternoon commencing at 2:30. A special matinee will be given for the children next Saturday afternoon. Admission 10 cents.

The funeral of the late John Smith, the Lewis and Clark rancher, was held yesterday. Rev. Oscar Ostrom officiated. A great many of the Lewis and Clark residents were in attendance. Interment was at the Lewis and Clark cemetery.

The members of the hose team intend developing good speed and were out on Commercial street last night doing a turn. The usual crowd collected to watch the performance. The young men will doubtless do good team work after they get together a few times, and the onlookers last evening bespeak praise for their efforts.

A great deal of interest was manifested in the trap shooting of some of the boys yesterday afternoon on the Elmore dock. Owing to the strong wind that was blowing it was hard to make high scores, but all the same some excellent shooting was made. On Sunday afternoon the "400" club will hold its weekly shoot, and it is expected that a large number will attend.

BOCK STARTS TOMORROW.

Swift Work of Harrison Allen Has tens His Return.

Round the world in 80 days would present small difficulty to Harrison Allen judging from his recent trip to Salem. Mr. Allen left Astoria by the morning train Thursday and was back by the noon train yesterday, after transacting his business in the capital and setting the revised requisition papers for Bock and his companions on their way to San Francisco.

Mr. Allen left here on the morning of Thursday and covered the 300 miles there and back in about 24 hours. Governor Chamberlain, his secretary, and the secretary of state met him at Salem and the requisition papers were forwarded to California on the overland train the same evening. By this arrangement if everything moves on time Sheriff Linville will be able to start for home tomorrow evening, bringing back the most notorious swindlers that have hitherto graced the annals of Astoria.

The penalty for perjury in a case such as that in which Bock figures is not less than three years in the penitentiary nor more than 10. From all indications if Bock is found guilty he will have to stand a good stiff sentence. The case is one of the most unique in the annals of municipal litigation.

LAST OUTSIDE SALEM.

The execution of Smith, the negro wife murderer, in Portland yesterday marks the close of the old system whereby executions took place in the various counties. In future all hangings will be carried out in the state penitentiary. At the present time there is one condemned murderer, Pleasant Arm strong, of Baker county, awaiting the execution of his sentence, and it is doubtful how the law will be interpreted in his case as he was sentenced before the new act came into effect.

In the case of Smith a strong effort was made to save his neck. District Attorney Allen was in Salem on Thursday night in connection with the Bock case, and he heard the argument made by the attorneys for Smith before the governor. The plea for reconsideration of the sentence was based upon the illness of one of the jurymen, the allegation being made that the verdict was returned partly to relieve the juror from further duty.

FISHERY NOTES.

That the importance of the smaller fish of the Pacific coast is being realized is shown by the fact that canneries are being built for sardines and other species. The Carlisle Packing company on Lamm Island, Washington, is now shipping large quantities of herring at profitable rates.

The failure of the great house of Porter Bros. of Chicago has forced into bankruptcy the North American Fisheries company, which had its headquarters in Fairhaven.

The United Fish and Packing company of Fairhaven will pack a large quantity of salmon in porcelain jars this season.

A big cannery at Anacortes, Wash., will make a specialty of canning sardines.

FUNERAL OF MRS. PARKER.

The funeral of Mrs. C. L. Parker was largely attended yesterday. Services at the residence of W. F. McGregor were conducted by Rev. W. Seymour Short, after which a special train conveyed the funeral party to Ocean View cemetery. There were many beautiful floral tributes, and the sorrow was general at the loss of such a woman as Mrs. Parker.

A SUBSTITUTE FOR RUBBER.

After experimenting for several years a substitute for rubber has been perfected. It is produced, principally, from asphalt, and can be used in the manufacture of rubber goods, linoleum, etc. A substitute of this kind will probably answer as well as the genuine article, but in medicine it has been proven, time and again, that all substitutes are dangerous. Therefore beware of them when purchasing Hostetter's Stomach Bitters, the celebrated family medicine for stomach, liver and kidney ills, by noticing that our private stamp over the neck of the bottle is unbroken. The Bitters positively cures nausea, headache, dizziness, dyspepsia, indigestion, constipation, nervousness and general weakness. Be sure to give it a trial. For sale by all druggists and general dealers.
