Salmon Bear
Clear Brand

All Fishermen Should Watch For
Those Stamped with "1901"
On Left Side.

Anyone finding a salmon with the figure 1901 stamped amidships on its port side coming up the Columbia this season will do more to upset the theories of an imposing array of scientific men than any fisherman has ever done before.

The reason is this: Superintendent Brown, who is in charge of the state hatchery on the Snake river, last November stamped 299 male salmon as described above, and carefully turned them out after the spawning process had been completed placing them below the racks so that they would have every opportunity of returning safely to the sea. Now it is the unanimous and firm belief of all fishery experts that salmon after spawning never reaches the sea again, and in consequence, should one of these 299 marked fish be taken here, all the theory will be busted at flat as a paper balloon.

Warden Van Dusen is anxious that the information be widely distributed, so that if any fisherman finds a salmon with 1901 on its side he will notify the warden's office.

SCHOOL TIME ENDING.

This Week to See Many Pupils Released for Vacation.

Most of the country schools in the county being summer schools are now in full swing, but those at Seaside, Hammond, and Westport will close early this week.

School Superintendent Lyman has already forwarded blanks, supplies, and copies of the new school law to the clerks of the different districts, and everything is in readiness for the annual school meetings, which are to be held throughout Oregon on June 15. The principal business to come before the meetings will be the election of directors and clerks. A special school tax may also be levied, but notification of intention to do this must be inserted in the notice of meeting, which has to be posted 10 days in advance.

The law provides that in school districts of the first class (those having 1000 or more children of school age) one director shall be chosen for a term of five years. In all other districts one director is chosen for a term of three years and a clerk for one year.

VETERAN PASSES AWAY.

B. B. Franklin, Who Fought in The Mexican War, Passes Away.

Death yesterday claimed a veteran of the Mexican war in the person of B. B. Franklin, who died partly from the general debility of old age and partly from the results of the accident he met with last Fourth of July, when he was run over by a wagon and his hip was broken.

Mr. Franklin was over 80 years of age and for the past quarter of a century had resided in Astoria, being known to almost everyone in the city. For a time he conducted undertaking business here. Mr. Franklin had no children, but is survived by a wife.

The funeral will take place tomorrow afternoon at 1 o'clock from Pohl's. The interment will be in Greenwood cemetery.

TICKLED-CHINESE EARS.

There are phonographic records and phonographic records. One that was in use in the store of the Doek Lung company yesterday afternoon was a comparatively novel one, and a crowd gathered to listen to the strains of the strident Chinese song that ripped through the air. The surrounding Chinamen seemed delighted with the performance for the record was doubtless made by some star of the Chinese operatic stage.

KEEPS UP AVERAGE.

The cold storage plants are having the pick of the run just at present, some splendid fish coming in every day. The canneries are not receiving many more than last week, although a little improvement is noticed. The unusually warm weather that is now prevalent is expected to bring on the run in full strength by Monday or Tuesday.

STARTS NEW LOGGING CAMP.

A new logging camp is to be started on the Lewis and Clark river by F. M. Warren. The site chosen is just north of the Machad place on the river, and it is expected that considerable work will be done there. Robert Hill will have charge of the camp.

Mary D'Amico, a girl of 16, died yesterday of consumption. She is survived by her mother, a brother, and a married sister. The funeral will be held tomorrow morning from the home of the interment being in Greenwood cemetery.

SECURE FINE SHAD.

The shad, which was taken in the Eureka seine, was over two feet long, eight inches deep, and weighed 19 3/4 pounds. Its ultimate fate was to furnish a meal for Secretary George.

BOCK IS CORNERED.

Governor Grants Request for Extradition of Alleged Perjurors.

That the work of District Attorney Allen in the Bock case has borne good fruit is shown by the following dispatch received by The Astorian last night:

Sacramento, June 6.—Governor Pardee today issued warrants of arrest upon the requisition of the governor of Oregon for Charles Lane, alias Bock; Josiah Smith, and his son Adelbert Smith, all charged with having committed perjury in Astoria for the purpose of obtaining damages for injuries alleged to have been sustained by Lane. The prisoners are in jail in Oakland.

The case has already been told at length in The Astorian. Bock will start today on his journey to face the accusations that have been made against him, and if he is proved guilty there is a heavy sentence awaiting him.

SALMON MARKET IMPROVING.

The salmon markets, particularly those in the east, are slowly improving. New York advices state that the demand for red Alaska and sockeyes is better and stocks are going more rapidly into consumption. June, July, and August are good months in the market and further improvement is looked for at any time. The cheaper grades, however, are barely steady, with supplies heavy. Should the packing of chums and pinks be decreased during the coming season, there will be a close clean up by the end of the year, and, with the higher cost of packing, the market for the better grades will naturally be on an improved basis.

UNIQUE THEATER KINDERGARTEN.

Anybody passing the Unique theater yesterday would have thought it was a kindergarten instead of a theater, the opinion being based upon the hundreds of children who surrounded door waiting for the opening. A good program was given to the little ones and at times it seemed they would laugh them selves to death. The same performance will be given this afternoon, and the coon act itself is worth the price of admission. Don't miss the big show tomorrow. Many and varied features will be given and they will all be good. Paul La Croix the "jump jigger," Uncle Josh's Visit to Chinatown, and the man from Ireland will be a few of them.

Ferguson. The capital stock is \$150,000 in \$100 shares, and the principal place of business is to be in Astoria.

NEW ROLLER ARRIVES.

Astoria streets are now bound to be on their best behaviour, for a crushing argument in the form of the new five-ton Austin roller arrived last night by the A. & C. R. Ry., and is now at the freight sheds. The building of macadam streets on Fifth, Seventh, Eighth, Fifteenth, and Jerome will now proceed after a delay of some weeks on account of the non-arrival of the roller.
