WHERE LAXITY LEADS.

The trial of Horace Dunbar, proprietor of the Rainier-Grand hotel in Seattle, on the charge of operating an electrically controlled roulette wheel in his hotel serves to call attention to the inevitable results of allowing the law to be disregarded in some instances and in others enforcing it.

While the regular gambling houses in Seattle were paying regular fines into the city treasury, Dunbar was not. It was an open secret that he was "running a game" in his hotel, which was the leading one in the city, and that traveling men and others would be easily inveigled into playing where they might fairly infer from the surroundings that there would be a square deal.

Gambling has now been made a felony in the state of Washington, and public opinion at present is such that those persisting in gambling will receive a felon's deserts. How long such a condition of affairs will last depends upon the people themselves. Too many citizens, who are too lazy and careless to bestir themselves in the suppression of the abuses they deplore, throw the blame upon the police for permitting gambling and other vices to flourish unchecked.

ON THE RIGHT TRACK.

The fact that Astoria is at last to have a park will be welcome news to those that are interested in the city in which they live. Aside from the actual benefits of such a place of recreation, its establishment is a sign of civic pride and acts as an incentive to further manifestations of the same nature.

Chronic Sores Eating Ulcers, A Constant Drain Upon the System.

Nothing is a source of so much trouble as an old sore or ulcer, particularly when located upon the lower extremities where the circulation is weak and sluggish. A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissue beneath and the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges.

SSS purifier and tonic combined and a safe and permanent cure for chronic sores and ulcers. If you have a slow-healing sore of any kind, external or internal, write us about it, and our physicians will advise you without charge. Book on "The Blood and Its Diseases" free.

the real estate men within the city limits. A park is to a city much what a rose is to a woman. It is not a necessary part of the dress, but it adds immensely to the general effect.

The following paragraph from the New York Tribune sounds as if serious rioting had broken out in that city: "The blockade of Friday evening, with its attendant panic and semi-riot, happily passed off without any serious results. One policeman was knocked down and trampled upon, and the same fate befell a good many other persons. Hundreds, probably, had their clothes torn and bundles or other property lost or stolen in the wild rush, and not a few suffered bruises, sprains and other physical injuries. It is really wonderful that many were not maimed or killed outright."

Of all the mistakes that have been made in misdirecting parcels, none has ever been more extraordinary than the recent instance reported from Tacoma. The receiver in a laundry there was unwrapping a bundle the other day, and discovered to his horror that it contained the body of a dead baby. There was an address on the outside of the package, and when the police called thereat they found the family about to bury a bundle of dirty linen. The child had been still-born, and the parents had arranged to bury it when the parcels got mixed up.

The Push club excursion, which is to be given on July 4, will doubtless be patronized extensively for its own sake. It has also a claim upon the people by virtue of the excellent object to which the proceeds will be devoted, the clearing off of the deficit in the club's fund for the payment of the cost of the Smith's point spur track.

A commission man has been telling the New York Commercial that the loss of eggs from breakage is very small. Apparently the eggs are not kept quite long enough to explode. Representative Griggs, of Georgia, says that democracy needs a live issue. Why can't it "view with regret" the great floods that have occurred under a republican administration.

The expenses of Yale athletes now amount to \$80,000 a year. And they don't enjoy themselves any more than the Astoria hose team. Society girls at Newport are introducing the habit of wearing their hair down their backs. That kind will probably cost more.

LAST WAS BEST.

I knew a girl once whose name was Mary. She went off to a boarding school and changed it to Mayme. Then she shortened it to May, and finally wrote it Mae. The poor girl got married about a year ago, now she is called Ma--Hillsboro News.

A STARTLING TEST.

To save a life Dr. T. G. Ferritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months."

WOMAN'S SYMPATHY.

Mrs. Close, wife of John Close, night engineer at Lindenberger's cold storage house, foot of Eighth street, residing at 230 Commercial street, says: "About a year ago we moved here from Portland and as I had a great deal to look after I overdid myself, and the result was I brought on kidney trouble. My back began to ache and as time rolled by it kept getting worse instead of better. It finally grew so bad that I could scarcely stoop or straighten after stooping. When I did any work requiring bending I could hardly get up and I had headaches, dizzy spells and at times everything before me looked blurred. I was just about to start to the store for a plaster to put on my back when I read about Doan's Kidney Pills and as they were so highly recommended for kidney trouble I made up my mind to try them and procured a box at C. Roger's drug store on Commercial street. They went right to the root of the disease and helped me from the start and before I had finished the box I was cured. Everything is changed with me now and I have no symptoms of kidney trouble whatever."
