FIGHTING IN EAST ST. LOUIS.

Gang of Men Found Cutting Levee to Let Water Out of Stock Yard.

St. Louis, June 13.—Word was received in East St. Louis that a gang of men were at work cutting a levee near the John S. Bratton stock yard, in the extreme eastern portion of the city. A mob speedily rushed to the scene and arrests followed which resulted in a company of naval reserves being rushed to the spot. Over 100 shots were fired and after quiet had been restored it was found that Clifford Hanley, a naval reserve member, had been killed. The trouble is said to have resulted from a gang of men trying to cut the levee to let the water out of the Bratton stock farm. Bratton was taken into custody and was hurried away as threats were made to lynch him. He is wealthy, and is known throughout the country as a turf man and breeder of fine horses. It is not known that the levee cutting was upon his orders.

RETURNED FROM FOSSIL BEDS.

Few of the Ancient Remains Removed From Idaho.

University of California, June 13.—Prof. John C. Merriam of the University of California, has returned from the recently discovered beds in Idaho, from which he and his assistants dug ancient remains that will materially help science in clearing up some of the mysteries concerning the appearance and habits of prehistoric animals. The exact results of the expedition are yet to be known, however, as the fossils are still infused in their matrices of rock and need to be chiseled out and classified by the scientists.

**FLAG DAY CELEBRATION.**

An effort is being made to establish June 14 of each year as Flag day, because it was on this date that the thirteen stars and stripes were adopted as the National emblem. Another important day in the history of the country was the one on which the famous family medicine, Hostetter's Stomach Bitters was first introduced to the public, fifty years ago. Today it is recognized as our National remedy for stomach, liver and kidney complaints, because it has always had proven reliable, often effecting a cure when other remedies have failed. If your stomach is out of order and you suffer from loss of appetite, belching, heartburn, insomnia, dyspepsia, indigestion or constipation, you will find a few doses of the Bitters will set the stomach right and cure these disorders. Try it and see.

**WILL BE DISSOLVED.**

It is So Reported of the Northern Securities Company.

New York, June 13.—It is stated by the New York American that the Northern Securities company will be voluntarily dissolved, and that the stocks of the Northern Pacific and Great Northern Railroad companies will be distributed among the shareholders. In this manner the properties mentioned will be returned to their former owners.

That preparations are being made for the dissolution of the Securities company is declared by the American to have been learned on the highest authority, but officials of the company refuse either to affirm or deny the statement. It is said, however, that the appeal now pending in the United States supreme court will be carried to its conclusion so as to establish the legal status of such companies by the court of last resort.

The Northern Securities company was incorporated in 1901 with a capital of \$400,000,000. Its formation was the outcome of a struggle for control of the Northern Pacific, which precipitated the stock market panic of May 9, 1901.
