THE ASTORIAN PUBLISHING CO. NEW PRINTING DEVICE. What appears to mark a most important advance in the printing art is the introduction and use of the "monotype" machine, so called, as distinguished from the linotype now in such general use in newspaper offices.

On the assumption that there are no offsetting disadvantages in this process this one feature of the monotype sought to prove a great economizer. The chance of making one or more fewer errors in a line during the comparatively simple process of correcting one original error in it is thus reduced to a minimum—practically obviated altogether.

The Seattle Times says Sammy Perkins is a candidate for the United States senate to succeed Foster. If this is a joke it is ungrateful; if a serious statement it is too funny for further consideration—Everett Record.

Speaker Hare of Washington has written a letter roasting Governor McBride. McBride, like the tortoise of the fable, says little, but may be heard from at the end of the race.

Salem is nothing if not up-to-date. The city is now in the throes of the "You'll have to hurry" craze. Our capital should beware of the pace that kills.

If Portland's 1903 fair attracts half the attendance that her baseball troubles are doing it will have all the publicity necessary to crowd its famous hotels.

The only classes of people that know everything are the college graduates and the editors of weekly papers.

Two women claim as husband Lieutenant William Cue of Chicago. It's always risky to jump at a cue. "The lace blouse is it," says an exchange. And the summer girl is strictly in it.

ONE WORD IN TIME. Is Better Than Two Afterwards—A Chance To Profit By An Astoria Man's Experience.

It is a strange thing how people will put away an opportunity until too late; it's only the little things that go to make up our every day existence; the trouble is we don't pay sufficient attention to them. Backache is a little thing. Sometimes it comes after a hard day's work, or a slight cold. It will pass off, you say; it's only the bad results of overtaking my back. It isn't the fault of your back, but your kidneys. The exertion or straining has interfered with their delicate mechanism. You call it back ache but it is really kidney ache. If the kidneys are not relieved chronic disorders set in and that is where the "little thing" should not be passed over. An Astoria man has learned to appreciate what delay means.

W. R. McIntosh, whose place of residence is at 593 Harrison Ave., says: "For years I suffered very much from lameness and soreness across the small of my back. To turn in bed gave me painful twinges and when I was not working but simply standing around there was a constant aching over my hips. The kidney secretions gave me no end of trouble. I often thought I had gravel so painful were the secretions in passing. I read about Doan's Kidney Pills and got a box at Charles Rogers' drug store of Commercial St. On taking them I soon noticed an improvement in my condition and the pain across my back was soon wonderfully relieved. Though I did not take Doan's Kidney Pills as regular as I should have done they did me a great deal of good."

MISS IDA M. SNYDER, Treasurer of the Brooklyn East End Art Club. MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a pitiable contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness. Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position marks her as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes: "If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctor's prescriptions do not perform the many cures they are given credit for. "In consulting with my druggist he advised McElee's Wine of Cardui and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me." You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. The Wine of Cardui is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day. A million suffering women have found relief in Wine of Cardui.
