Dredge Ladd Is Disabled

Towed From Herrington Point With Propeller Hanging Useless.

The government dredge W. S. Ladd was brought down yesterday evening from the vicinity of Herrington point in tow of the steamer Melville, and is now lying alongside the A. & C. R. R. dock in a helpless condition. Shortly before noon yesterday, and just as the last unloading was taking place, the propeller of the Ladd suddenly slipped from its position and is now hanging uselessly at the foot of the shoe. The only thing to be done under the circumstances was to tow it to port, so Captain Sanderson came down at once by launch and engaged the Melville, Captain Jordan, to help out in the emergency. The sturdy little steamer reached the A. & C. R. R. dock at about 8:30 with its unwieldy looking tow. This is the first opportunity the Melville has had to show off as a tug and the showing made was a good one. When the Ladd reached the city, the report became general that the propeller dropped to the bottom of the river, but upon investigation this was proved to be erroneous, being, in effect, denied by both an officer of the disabled dredge and officers of the Melville. It cannot be told how long the Ladd will remain in port. It is believed she will have to be beached and to effectively repair her injuries may require some time.

COUNTY COURT IN SESSION.

Little Business First Day of Regular July Term.
The July term of the county commissioners court convened with Judge Trenchard and Commissioners Clark and Young and Clerk Clinton present. Very little business was done in the morning and in the afternoon nothing. Among the communications was one from the state treasurer giving a statement of the amount owed the state by the county. This is \$7781 and constitutes one half of the 1902 state tax. The bureau of information of Portland which is securing exhibits from counties throughout the state to be placed in the union depot, is still after one from Clatsop, and with this object in view a communication was presented the court by J. H. Fleischer, who is in charge of the bureau. The communication was read and ordered filed. The plat of Troutdale addition was ordered vacated. This was done through compliance to a petition by C. R. Thomson. The report of the viewers of the new bridge across the Necanicum at Seaside was read and ordered filed. The work was done by Contractor Lebeck and done satisfactorily, according to the viewers. The court adjourned until this morning.

NEW OFFICERS INSTALLED

The officers of the Labor Council elected at the last meeting were installed at a regular session held last evening. There was a large attendance and much routine business was transacted. The Labor day committee reported progress in its work, a feature of the program to be a series of floats in the proposed parade. H. Noble was elected secretary to succeed D. T. Gerdes, resigned.

NEW CANNERY AT ANACORTES.

Alaska Packers Association Erect a Great Institution.

The Alaska Packers' association is just finishing a salmon cannery in Anacortes that is a most perfect institution. It is on the site of the cannery purchased about 18 months ago from the Anacortes Packing company, of which R. V. Winch and G. E. Bowers were the principal owners. The original cannery did not come up to the requirements of the Alaska Packers, although it had packed more than a hundred thousand cases in a season, and it was torn down to make room for the magnificent plant that has been erected within the past 15 months.

The buildings of the present plant have floor space amounting to many acres; they are equipped with the latest type of machinery, and of themselves make a veritable white city. The main wharf is 240x380 feet, and on it rest some of the buildings. The main cannery building is 150x280 feet, in the rear of which is a galvanized iron structure 50x110 feet, which includes the boiler room, machine shop and blacksmith shop. The warehouse is 100x350 feet, with two wings each 50x100, and can factory, 135x200, and two stories. Some of the less important buildings are a net house 90x200; two-story mess house, 40x100; four-story China house, 45x120; fishermen's bunk house, 25x100; Japanese house, 40x30; Indian house 30x130, and cannery employees' bunk house.

MONEY RECEIVED.

A letter just received by Cashier J. E. Higgins from Frank Gilliam, of Heppner, states that the last remittance of \$77 from Astoria for the benefit of the flood sufferers had been received and expressed warm thanks for and assurances of appreciation of the gift.

ALL GOING TO SEASIDE.

Everybody has apparently decided to join the excursion to Seaside on the Fourth. Most of the stores and shops will be closed all day, or open only a short time in the morning. The fare is low enough to be attractive to all. Ample preparations are being made to accommodate a large crowd.

ILWACO GODDESS.

Miss Rebecca Markham was elected goddess of liberty for the Ilwaco celebration on the Fourth of July by a majority over all competitors of 223 votes, with Miss Rosa Devenaux second and Miss Saart third.

An unusually extensive program has been arranged for the day in that city, \$500 in prizes is offered for the competitive events. Hon. J. H. Schively of Olympia will deliver the oration.

RECORD BREAKING RECEIPTS.

The total receipts of the police department for the quarter ending June 30 amount to \$4093.50, sundry licenses coming to \$1235.50 and the balance, \$2858.00, being the final summing up of fines and forfeitures. For June alone fines and forfeitures reached the unusual sum of \$1017, which is larger by \$450 than any previous June in the history of the department. The returns of sundry licenses are also large, but can not be put down as record breakers.

HAD APPLIED FOR LICENSE.

The case against August Paumela, charged with fishing without a license was settled in the court of the justice of the peace yesterday by the defendant agreeing to get out a license and paying for the costs of the trial. Paumela was arrested Tuesday evening by Deputy Fish Warden Webster. He explained yesterday that he had no intention of violating the law; that he had made application for a license, but owing to some oversight it had not been granted him. The man gave every indication of being sincere, so no fine was imposed.

LOGGERS TO HAVE HOLIDAY.

All the men in the employ of Logger Benson will have a holiday on the Fourth, an order having been issued to close down the camps. These include both Deep river and Oak point, at both of which places large forces of men are regularly employed. Most of the men will spend the day in Portland while others will go to Seaside and nearby points. Mr. Benson will have a large camp in operation at Clatskanie at an early date. At present a line of railroad is being put in, and other preparations necessary are well under way. The new camp will be operated on the large scale that characterizes all Mr. Benson's logging enterprises.

WEDDING BELLS YESTERDAY

Miss Marie Adele Sovey and Mr. S. Grant Trullinger were quietly married yesterday afternoon at the home of the bride's parents on Commercial street. The service was in accordance with the ritual of the Catholic church. Rev. Father Waters of St. Mary's officiating. Miss Madge Sovey was bridesmaid to her sister, and Jack Allen was best man. The rooms were appropriately decorated and the ceremony generally was one of the prettiest yet held in the city. The guests were the near relatives of the contracting parties and a few select friends. Ex-Governor Gear and Mrs. Gear were among those present. In the evening Mr. and Mrs. Trullinger left on the evening train for a wedding tour, which will be principally on Puget sound.

Astoria Has Another Chance.

A carload of fine, high grade pianos is placed on exhibition in Astoria by Eilers Piano House in the large store room of the Masonic building corner Ninth and Commercial streets.

THE LIST.

The list includes America's greatest and oldest piano, the world renowned Chickering; the artistic Weber and the identical instruments selected and used by the Maurice Grau Opera company, recently in New York city; the up to date Kimball pianos and organ; the wonderful toned Vose; the popular Hobart M. Cable—note the full name, for there is a cheap piano on the market bearing the name "Cable"; and America's latest piano, the Haddorf; also many medium-priced pianos but high grade in tone.
