## Public Is At Last Aroused

### Renewed Interest In Regatta Queen Contest—Program of Race Features.

Beginning Monday votes for regatta queen will be counted daily. The public is at last being aroused to action and the contest from now on will be lively. Mrs. Ridebaugh and Miss Thomas are yet in the lead with their positions reversed. While there has been a slight increase in the vote of some of the other candidates since the last published result, the most noticeable difference has been with the two leaders. They now stand, Mrs. W. W. Ridebaugh, 2,659; Miss Frances Thomas, 1,884.

The committee has definitely arranged with the Pacific Athletic Association of San Francisco to send two barge crews, two single outrigger kiffs, one shell and swimmers. The association has also made overtures in regard to an exhibition of water polo, signifying their willingness to send the best men available to exhibit, but a decision on the part of the committee has not been reached.

The members believe that every barker and fakir that puts in an appearance during the festival should be made to pay for the privilege of conducting such business, and the committee is working along that line.

R. A. Lamberson, of the Portland rowing club, will represent the Astoria regatta committee at the Vancouver regatta. He is empowered by the committee to negotiate with clubs to send crews. The Vancouver people are particularly desirous to engage in canoe races and contests are being arranged.

The principal sailing races have practically been fixed as follows: One race for Portland yachts, one race for Shoal-water bay yachts and one free for all, boat for boat, no time allowance. For this race in addition to the cash prize there will probably be a cup put up by Butterfield Bros., of Portland. Another appropriate prize to be bestowed on the winner of one of the racing events is to be a handsome American flag, donated by the Willamette Tent & Awning Company.

### SPRANG AT THE ASSASSIN

New York, July 18.—While Enrico Ganata, who, the police say, killed his wife by stabbing her with a chisel, was being examined in the coroner's office in the Bronx, Ernero Caste, the dead woman's brother, came in to apply for a burial permit. When he saw Ganata he sprang at him and tried to kill him. It took four men to restrain Caste.

A Bohemian woman living at Haida made up her mind to marry again if she could get her departed husband's consent with the aid of a spiritual medium. The "husband" advised her not to marry but to come to him, where upon she went home, put arsenic in her coffee and died.

Here is a remedy by which the worst fit of coughing can be checked in the church or theater: Pour about a half teaspoonful of good pure cologne into your handkerchief and hold this before the open mouth. Inhale a deep breath or two of the perfume impregnated air, and the coughing attack will be agreeably and neatly nipped in the bud.

Woman and ribbons flutter in their own atmosphere.

A reaction from the extreme blouse front has set in.

Women who grow old most quickly are those whose interests are the narrowest. Those who stay young longest are those whose minds and spirits are fed by action and by changing impressions. Those who are youngest at thirty are the most intelligent. Climate helps in the temperate zone, but that is shown in the face of the blighted American woman, who, at twenty-five, looks older than her free and enlightened compatriot at forty.

### Weather Forecast

Western Oregon and western Washington—Sunday, cloudy; probable showers.

John McClure left for Seaside last night and will return tomorrow.

District Attorney Allen leaves for Hillsboro today to be present at the regular term of court.

Mrs. S. Danziger arrived in the city yesterday from San Francisco to visit her sister, Mrs. C. M. Cellar.

George K. Rogers, the organizer of the Woodmen of the World, left for Portland yesterday to attend the carnival. He will return to Astoria about Thursday.

Mr. and Mrs. William J. Owens, of Seattle, accompanied by their sons Alexander and Wallace, arrived in the city yesterday for a short visit with Mrs. Owens' parents, Mr. and Mrs. H. Spelmier.

First Lieutenant Ben Dorsey, U. S. artillery, was in the city yesterday accompanied by his wife and family. Lieut. Dorsey was formerly a resident of Astoria, and received his early schooling here. He has served in the Philippine war, acquitting himself with credit, and is now in direct line for promotion. They left for Seaside.

The artists who will assist Miss Jessie Jewett at her concert next Tuesday evening are Mrs. Otto Holborn, of this city, and Messrs E. Spitzner and Ferdinand Konrad, of Portland. Mr. Spitzner is a violinist of a high order while as cellist Mr. Konrad is without a peer on the Pacific coast. The special work of the gentlemen at the concert will be to accompany Miss Jewett, but Mr. Konrad will also play a solo that is being looked forward to with pleasure by those who appreciate something worth while. Miss Jewett will return to New York the latter part of this month to resume her studies in the school for opera where she has already made such excellent progress. In the fall she will enter the field of operatic performers, having already made an engagement with one of the leading companies in the country as understudy. That she will meet with pronounced success in her chosen field of work is agreed by those who have been so fortunate as to hear her sing. Tuesday evening will be the only opportunity given for Astorians to become acquainted with Miss Jewett's voice during her stay in the city.

## Cannery Ready For Business

### New McGowan Plant at Ilwaco Begins Operations With Good Sized Crew

Tomorrow morning the new McGowan cannery at Ilwaco will begin operations everything being in readiness for business. The machinery has been tested and registered satisfactory, and had the owners cared to do so, they were in position to start up last week.

Pipes have been laid from a spring on the Holman hill to carry fresh water for two large tanks for the storing of water for the boiler. In order to get everything in proper running order a few cases of fish were canned yesterday. This is only preliminary to the active opening and none will be canned today. No less than 25 and perhaps 30 people will be required to run the cannery in full blast.

While heretofore it has been the plan to employ Chinamen to do the work in fish canneries it is the intention of the McGowans to eliminate the Mongolian as much as possible here and employ all white help.

The launch Queen reported that in its trip across the river at a late hour last night considerable trouble was experienced. One of the officers stated that 20 nets were encountered. While this is, presumably, an exaggeration, it is nevertheless true that gill netters are not free from danger by passing vessels. The trouble lies, as claimed by launch and steambot men, in the absence of lights to mark the presence of nets. Last night while nearing the Oregon side the Queen encountered a lone fisherman and before they separated he was minus a net, the launch cutting it into pieces. His name could not be learned, but he was alone in his boat, not even having his boat puller with him.

**VALUABLE LACE MISSING**

New York, July 18.—A package containing six yards of lace said to be valued at \$6,000 has been missing since April 6, when it was shipped by express from here to Washington. The lace is a part of a set valued at \$30,000 belonging to the wife of Gen. A. E. Bates of Washington, D. C. Mrs. Bates is at present in Europe with her daughter.

Mrs. Bates came to New York early in the spring. She brought the lace to have it cleaned and repaired. As the cleaner completed the work on the separate pieces, she sent them to Mrs. Bates by express, there being three separate bundles. The second contained the lace that is missing. The last package contained the piece of greatest value in the shape of a large shawl. It reached Washington safely. No trace of the second package has been found, however. The cleaners say that although the lace was worth, commercially, \$6,000, it was really of greater value, because it made up a part of a set and also because it was an heirloom. It was worn by Mrs. Bates' mother at the time King Edward, as Prince of Wales, was entertained at the white house. She says there is no other piece like it in the world.

**FURNISHED ROOMS WANTED.**

Those having furnished rooms to rent during the regatta will please fill out the blank below and mail or hand it to the committee:

There is worse pure stuff than the usual mixtures used to adulterate spices; no great harm, except to adulterers. "Pepper" is shells and dust (3c lb) with one per cent of red pepper to hot it. "Cloves" are stems (2 or 3c lb). Wormy nutmegs are "worth" 5 or 6c lb by the ton.

## CUBA TO COPY FROM AMERICA.

The Cuban government has decided to adopt our system of government in its foreign department, and to that end are obtaining all the available data possible. Imitation is the best evidence of the value of our system of government, and in medicine the same is also true. Consider Hostetter's Bitters for a moment. During the past 50 years it has established an unequalled record of cures of stomach ills, and because of its wonderful success it is being widely imitated. In some cases the bogus article is being used to refill the genuine Hostetter bottles. Beware of all such imitations. The genuine is sold only in bottles securely sealed with a private stamp over the neck. It positively cures dizziness, headache, nausea, indigestion, dyspepsia, and malaria. Don't fail to try it.
