CUBA TO COPY FROM AMERICA.

The Cuban government has decided to adopt our system of government in its foreign department, and to that end are obtaining all the available data possible.

Imitation is the best evidence of the value of our system of government, and in medicine the same is also true. Consider Hostetter's Bitters for a moment.

During the past 50 years it has established an unequalled record of cures of stomach ills, and because of its wonderful success it is being widely imitated.

In some cases the bogus article is being used to refill the genuine Hostetter bottles. Beware of all such imitations. The genuine is sold only in bottles securely sealed with a private stamp over the neck.

It positively cures dizziness, headache, nausea, indigestion, dyspepsia, and malaria. Don't fail to try it.
