THE publication in a Portland paper under an Astoria date line of a dispatch stating that the attempt of the municipal officials to "protect a home industry" to-wit: gambling, had failed ignobly because "one of the itinerant gamblers declined to pay his license for two games" suggests the classified ads printed below. The dispatch says: The chief of police closed them (the games.) The gamblers THREATEN-ED to have all the other houses closed and to cause the arrest of the city officials for malfeasance in office, but the matter was SQUARED UP."

REWARD will be paid by the municipal officials for return of complete centrol of the gambling situation in Astoria, which was lost in a recent discussion with itinerant gamesters who most important factor in the selection kidnaped the original control when of the site. While the railroad comcalled upon to pay \$150 in advance for pany might not be able to transport the privilege of operating in the city. Return to City Attorney or Chief of Police and receive reward, which will be paid in the currency of their deep tickets to visitors who would be attract personal gratitude and everlasting

WANTED-An amendment to the city charter that will give the municipality absolute control of the gambling situation. The present charter is all right but won't do, because it leaks and is not fortified against the bluffs-of itinerant gamesters who snap their fingers at new rules laid down by the officials and say they won't-and invariably don't. Apply to the people.

WANTED-The City of Astoria needs the mun, and all gentlemen with \$25 and a deck of cards short or long no object, are invited to tarry in Astoria on their hunt for easy money. Inquire

Something for Mothers to Think About.

Lives of Suffering and Sorrow Averted

**And Happiness and Prosperity** Assured by

Cuticura Soap, Ointment and Pills When All Else Fails.

Every child born into the world with

an inherited or early developed tendency to distressing, disfiguring humours of the skin, scalp and blood, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfiguration is to be lifelong and mar its future happiness and prosperity. Hence it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest and most effective treatment available, viz., The Cuticura Treatment. Warm baths with Cuticura Soap to

cleanse the skin and scalp of crusts and scales, gentle applications of Cuticura Ointment, to allay itching, irritation and inflammation, and soothe and heal, and mild doses of Cuticura Resolvent Pills, to cool the blood in the severer cases, are all that can be desired for the alleviation of the suffering of skin tortured infants and children, and the com-

fort of worn-out parents.

Millions of women use Cuticura Soap,
assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleaning the scalp of crusts, scales and dandrull, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chefings, in the form of washes for annoying irritations and inflammations, and for sanative, antiseptic purposes

national guard encampment this year will be assigned to Gearhart park. The ssembling of the state and national troops in camp means that in the neightorhood of 5000 people will be attracted to the place of encampment. This monns business for the business men, hotels and boarding houses not only of Sanside but also of Astoria, as many of the visitors will visit in this city before returning to their homes.

Inducements to secure the selection of the site at Gearhart park for the encamparent should be offered in the way of low railroad rates, this being the troops at a profit by making the state and federal governments a special rate they would be protected by the sale of ed to the camp, a rough estimate place ing the number at thousands.

It is well known that the choice of the troops for the site of the encampment is Gearhart park, and it is als understood that the only obstacle standing in the way of the selection of that place is the fallure of the A. & C. R. R., to make a special rate Negotiations are still pending, however and there is still a possibility of Gearhart park being selected. It is now up to the railroad company,

ASTORIANS have reason to feel will reign over the regatta. Miss Frances Thomas has resided in the community a good many years, considering her age, and by her bright personality and winsome manner has endeared and acquaintances, all of whom retoice in her election. She is well qualified to make her reign an auspicious event, and being mindful of the resconsibility that rests upon her regal shoulders, will undoubtedly acquit herself with becoming grace and dignity.

AT least the ladies who were interested in the election of a regatta queen will now have a better understanding of the "wheels within wheels" that controi the fortunes of a successful candi-
