BATTLESHIP IS INJURED

Massachusetts Piles on Ledge of Rocks While Leaving Harbor With Sister Ships

THICK FOG HID THE COURSE

Headed Back With Great Difficulty—Goes to Brooklyn for Repairs

Bar Harbor, Aug. 12.—While leaving the harbor during a thick fog today in company with other vessels of the North Atlantic Squadron, the battleship Massachusetts sustained considerable damage by striking on a ledge off the western end of Egg rock. The big vessel slipped over the rocks into deep water, but the two forward bulkheads soon filled, and it was subsequently found by divers who examined her hull, that several plates forward had been cracked.

The Massachusetts was headed back into harbor with difficulty accompanied by the Indiana and the submarine Scorpion. It is said she will be ordered to Brooklyn to be drydocked.

At the time the accident happened the squadron was bound for Long Island sound, where it will be reviewed next Monday by President Roosevelt Secretary Moody and Admiral Dewey.

It is believed the accident to the Massachusetts was due to a miscalculation of her position. When she struck she was going at the rate of about 9 1/2 knots an hour.

STAMPS PROVE TOUGH DIET

PET GOAT TO BE KILLED IN ORDER TO SAVE SALOONIST HEAVY FINE.

Louisville, August 12.—A special from Memphis, says

The stomach of a goat is to be analyzed by expert chemists in an effort to account for the disappearance of a number of United States revenue stamps, involving several hundred dollars. This morning a wholesale whisky fr msold five barrels of whisky to a saloon keeper. The whisky was delivered and left on the pavement in front of the store. The proprietor's pet goat ate the revenue stamps on the heads of the barrels and soon after a government inspector inspected the whisky and found the necessary stamping missing. He thereupon confiscated the whisky. The proprietor explained that the goat ate the stamps. The inspector declined to accept this explanation. After a conference it was agreed to kill the goat and examine its stomach to locate the missing revenue stamps, in order to protect the saloonist from a heavy fine.

CUSTOMS TAX VANDERBILT

New York, August 12.—Reginald C. Vanderbilt, who has just returned from an European trip with his bride, paid \$800 in duty to the collector of the Port of Boston. This is the largest collection ever made by a tourist at that port. It is said the examiners checked up Mr. Vanderbilt's declaration item by item, requiring two hours to go through 40 trunks which the couple brought in.

INSTRUCTED FOR ROOSEVELT

Wilkesbarre, Pa., August 12.—The two national delegates who were elected yesterday at the republican county convention here were the first in the country to be instructed for Roosevelt. They were directed to use all means to procure his nomination.

VILLAGE BOARD IN TROUBLE

CHARGED WITH TRYING TO DEFEAT ADMINISTRATION OF PUBLIC JUSTICE.

Chicago, August 12.—Henry J. Mohr, president of the village board of Harlem Justice of the Peace Eugene Malhot and G. W. Youkers, an alleged representative of the village board have been arrested on warrants which charge "conspiracy to defeat the administration of public justice." The warrants result partly from the action of the board in suspending Chief of Police Lange under charge of drunkenness after he had begun an active campaign against the officers of the Harlem race track and the bookmakers doing business at the Harlem track. Chief Lange

arrested several bookmakers Friday and had prepared to raid the track again on the following day when he was suspended from office.

More warrants will be asked for today, it is said, the intention being to arrest all members of the village board but one.

The warrants were issued by the state's attorney on accusations by Chief Lange that money was used to persuade members of the board to oust him from office.

SUBWAY IS MADE PERFECT

PARIS CATASTROPHE CANNOT BE REPEATED IN NEW YORK CITY

New York, August 12.—Persons connected with the plans, construction and prospective operation of the Rapid Transit Subway, now nearing completion in this city, declare that such a catastrophe which has just occurred on the Paris underground railway will be impossible here. The subway here is much nearer the surface, ventilation is perfect, the tunnel is larger, exits and ventilation shafts much more numerous, the cars will be fire proof and the latest contrivances for the safe use of electricity will be used. Should a fire start in any train from a short circuit, the power in that section will be turned off automatically, while stand pipes with hose are located at short intervals ready for any emergency.

The subway officials have been kept busy answering nervous questioners since the Paris accident and they are positive no such thing will be possible in the New York tunnel.

HILL'S ASSESSMENT RAISED.

St. Paul, August 12.—James J. Hill's personal property assessment was raised from \$135,000 to \$200,000 by the board of equalization. Mayor Smith was the only one who did not dare act hastily in raising the assessment.

"He put in great shops and brought over 500 workmen into this city, and I don't think we should discourage him by piling on taxes," said the mayor. The protest was of no avail and Mr. Hill was cited in.

INDIFFERENT TO WALL STREET

PEOPLE IN WEST TOO BUSY TO PAY ATTENTION TO FLURRY AND FAILURES

Chicago, August 12.—A dispatch to the Record-Herald from Mohawk Lake, N. Y., says:

Governor Odell who has just returned from a tour of the west, says the people outside of Wall street are too busy with big crops and other business to pay attention to the recent flurry and failures.

"There is no sign of panic anywhere except in the east," he says. "In the west there is plenty of money and plenty of common sense. Business is good, crops are abundant and money cheap everywhere I have been. The excitement and demoralization of the east are regarded with indifference in the great busy, productive west," he continued.

"Of course I found labor strikes in the west as in the east, but they are strikes for higher wages and shorter hours, not strikes against lower wages, which are signs of bad times. This is a very important fact to remember just now."

New York, August 12.—Charles G. Emery, a wealthy tobacco dealer of this city, has purchased Grand View Park, an island in the St. Lawrence river, 20 acres in extent which will be turned into a free sanitarium for poor children. Salem, Mass., August 12.—Captain Charles B. Montgomery, for 20 years connected with the Cuban and Central American revolutionary expeditions, has arrived here from Central America. Montgomery says that in Tegucigalpa he saw several men who had fled from the United States, all living in luxury and carrying on the business of the town.

FREIGHT CAR IS HELD UP

Three Robbers Attack Laborers With Guns and Are Pelleted With Rocks

TWO DEAD ONE WOUNDED

Men Bound for Dakota Wheat Fields—Officers Capture Two of the Hold Up Artists

Butte, Mont., Aug. 12.—A Miner special from Glendive says:

An attempted hold up occurred on an extra freight train bound east out of here early this morning as a result of which two men are dead and another seriously wounded. A party of six laborers were bound for the wheat fields of the Dakotas had entered a box car of a freight train at Glendive early this morning. While eating they noticed they were being noticed by three suspicious looking characters and suspecting trouble, they took a supply of rocks into the car.

When about four miles from Glendive three men entered the end door of the car, having handkerchiefs over their faces. They began shooting as soon as they entered the car. The laborers, instead of giving up, commenced pelting them with rocks and the fight became general. The laborers finally jumped out of the side door and gave an alarm. Officers have captured two of the robbers.

SCANDALOUS BANK'S FUNDS.

Duluth, Minn., Aug. 12.—E. E. Johnson, president of the Commercial Banking Company, was arrested here this evening charged with the embezzlement of \$45,000 of the bank's money. Johnson admits his guilt. He declared he had squandered the money in speculation. President Charles F. Leland said tonight:

"I am a ruined man and the efforts of years have been wiped away. I trusted young Johnson as I would one of my own boys."

FACTIONS IN OHIO.

Cincinnati, Aug. 12.—Forty delegates who held a second convention this afternoon after the democratic convention of Hamilton county had adjourned have called a public meeting. One object of the meeting is to protest against the leadership of Lewis G. Bernard. Dissenting delegates at their convention this afternoon appointed a committee to report on a plan for bringing contests before the state convention.

Among the seats in the state convention to be contested is that of Melville E. Ingalls, prominently mentioned for senatorial endorsement. A faction, headed by Bernard, represents those favorable to Zimmerman for governor and the other represents those favorable to Mayor Johnson.

LOCOMOTIVE IN BARN YARD

ENGINE RUNS AWAY, BREAKS INTO CHICKEN HOUSE AND NEARLY KILLS WOMAN.

New York, August 12.—A runaway locomotive on the Erie has caused no end of excitement near Caldwell, N. J., on a branch line. The engine was a big six-wheeler. Its driver and fireman had dismounted to assist a brakeman. Suddenly it steamed away. The road ahead was down grade and the ponderous machine gathered speed rapidly. Passing Caldwell it was running 40 miles an hour.

Another incline added to the speed and after passing Pompton, the engine was going 75 miles an hour. On a sharp curve the rails gave way and the locomotive tore across a field. A chicken house was wrecked and many domestic fowls about the place were killed. Pieces of iron flew in all directions and the farmer's wife, at work in her garden, narrowly escaped death.

BRAZIL AND BOLIVIA.

New York, August 12.—All difficulties existing between Brazil and Bolivia have been overcome, cables the Rio Janeiro correspondent of the Herald. The base of the amicable arrangement is as follows: "Bolivia will acknowledge Brazil's sovereignty over a great part of Acre territory while Brazil will pay an indemnity for military expenditures made by Bolivia and will build a harbor on the river Madeira and a railway from Mamor to Maderia.

DENIES HIS CANDIDACY.

Denver, Colo., Aug. 12.—General Nelson A. Miles and party arrived in this city shortly before noon today and were given an impromptu reception at the union station by several thousand people including former soldiers. General Miles was given a reception this afternoon by the Loyal Legion.

In an interview the general denied that he was a candidate for the office of commander-in-chief of the G. A. R. He said he hoped to have the honor of nominating General John C. Black for this position and if this was not accorded him, he would second General Black's nomination.

WAS RICH AND IS PENNILESS

PALATIAL MANSION ONCE OWNED BY EX-MAYOR TO BE SOLD BY SHERIFF

New York, August 12.—An execution has been issued by the sheriff for the sale of the \$250,000 mansion at Trenton, N. J., which ex-Mayor Frank A. Magowan built in the height of his power. The place was bought in at the time of his failure by some of his creditors, who have been unable to rent it. The suit is brought on an unsatisfied mortgage for \$250,000 held by an insurance company. Magowan five years ago was the city's largest manufacturer and was believed to be worth \$1,000,000. After a long chapter of domestic trouble he is said to have gone away penniless.

STORE FOR NEGROES

New York, August 12.—At a meeting of Newark, N. J., colored men, it has been decided to establish a department store for negroes. A fund was opened at \$10 for each subscriber who agreed to bring in five others. In this manner \$5000 will be raised.

DISTRIBUTES LITERATURE

A committee of which Herman Wise is the chairman will begin soon after the regatta to boost the scheme of advertising this section so well introduced by Mr. Wise during his recent eastern trip. The offer made by the Commercial Club for contributions in the shape of write-ups of Astoria and vicinity for which a prize in the shape of a sum of money is to be given has caused the distribution of much literature treating of this county. Those eligible to compete must be residents of other states, so in order to familiarize themselves with the subject many are writing to the commercial bodies for literature describing local conditions.

EFFECTS OF HURRICANE

Jamaica Overwhelmed By Fearful Storms That Have Raged for the Past Two Days

LIVES LOST—CROPS RUINED

Coast Is Strewn With Debris of Wrecked Vessels—Fruit Trade Paralyzed

Kingston, Jamaica, Aug. 12.—The effects of a hurricane which has been raging for the past two days were greater than at first believed. Port Antonio on the north coast, was completely overwhelmed. Only six houses were left standing there. Five steamers were driven ashore. Port Maria also on the north coast, suffered similarly.

The coast is strewn with the wreckage of local-sailing vessels, thirty fatalities having already been reported, principally among seamen. On the entire eastern end of the island, villages have been wiped out. Thousands of peasantry were rendered destitute and are wandering about seeking food and shelter. The fruit trade will be paralyzed for the next 12 months.

The western end also suffered considerably. At Kingston several coasting vessels were sunk in the harbor. The southeastern portion has been practically denuded of crops, and many men were carried out to sea and drowned. The present estimate now is that the death list will reach 50. The property loss is estimated at \$10,000,000.
