TURKS AWFUL MASSACRES

Slaughter Every Man Woman and Child in Village--Nude Bodies Exposed

SITUATION GETTING SERIOUS

Heads Exhibited On Poles--Inhuman Monsters Obtain Control of Country

Sofia, Aug. 24.—Reports from Messias, authenticated by Russian and Austrian consuls, give horrifying details of massacres and atrocities. At the village of Armasnko Turks destroyed 150 houses out of 157 and massacred every man, woman and child. Women were subjected to the most terrible atrocities by soldiers. Dead are lying in the streets, stripped of every garment, the Turks taking every vestment off the body of the priests. At Salonica the Turkish population is revolting, should disturbances occur, to exterminate all Bulgarians in that city. Consequently a number of Bulgarian residents are leaving there. The immediate outlook is exceedingly serious. It appears that the Turks have obtained an upper hand in the village of monastir and the insurgents are planning to remove the center of their activity close to the Bulgarian frontier. From Adrianople comes news of a Turkish defeat and the extension of the revolutionary outbreak. From monastir comes news of Turkish victories accompanied by barbarous excesses. At Krushovo the mutilated corpses of 90 women and children were found in one building. Pieces of bodies had been thrown in the street, 15 of the principal merchants of the town were killed and their heads exhibited on poles. London, Aug. 24.—According to the Daily Mail the Turkish war minister has contracted with Krupp and Mauser for 200 field guns, 200,000 rifles and 100,000,000 cartridges at a cost of \$12,500,000.

They intend, among other things, to establish an option market.

RIVALRY OF PULPIT

RISE OF PRESS AND MAGAZINE FORM OF READING ALARMS PASTOR OF CALVARY CHURCH, NEW YORK

New York, August 24.—Rev. Dr. McArthur in his sermon at Calvary church said: "Today the pulpit has more powerful rivalry than ever before. The newspaper press, the cheap magazines and the free libraries fill, in part, the place the free libraries fill, in part, the place the newspaper today is the university extension course of the rank and file of the people. It has a mighty educational power untold. The ancient orators in Greece and Rome often gave the news to their waiting audiences. Still it is true that the press can never take the place of the living voice. It will be admitted that in churches with a greatly elaborated ritual, the pulpit is comparatively impotent. The true ministry is not a reformer of ecclesiastical rites. He is a preacher of great spiritual truths."

PASSENGERS IN PANIC

PECULIAR ACCIDENT TO MOTOR CAR CALLS OUT DOCTORS AND AMBULANCES

New York, August 24.—A peculiar accident has caused a panic on a crowded elevator motor train bound from Jamaica to Brooklyn. More than a thousand men and women fought to escape from the train which was a sheet of fire for several minutes. The trouble was caused by a metal step on one of the cars coming in contact with the third rail. This short circuited the entire train and sparks fairly rained from every piece of metal in the cars. The passengers who were returning from a day on Long Island were mad with fright in an instant. They rushed toward the doors, which the guards in one man and fought to get out. One man was pushed through a glass door and badly cut. Women fainted by the dozen but the fire continued to pour upon the luckless passengers until the train reached a station and the step which caused the trouble had been removed. Ambulances were called and the surgeons attended dozens of persons including many women who had fainted and were carried to the platform.

SHAMROCK IS REMEASURED

RESULT IS THAT NO CHANGE IS MADE IN THE TIME ALLOWANCE ALREADY MADE

New York, Aug. 24.—Shamrock III was remeasured in the dry dock in the Erie Basin today. The net result was that there was no change in the time allowance. The challenger was just three one hundredths of a foot shorter than before the change and that was not sufficient to make any change. Sir Thomas said tonight: "Remeasurement was simply a matter of form. It was the simplest thing in the world to add an anchor and chain and take out the same amount of ballast."

Referring to the report of his being despondent and unhappy over Saturday's race he said: "Well, I'm neither. My boat will make a good showing yet."

In tomorrow's race the Shamrock will carry a new mainsail. It was bent on the day after the challenger had returned to her anchorage. The Reliance's crew watched with interest the Shamrock's men work on their new sail. The Reliance will go out tomorrow with a new jib but otherwise in the same trim as the first day. great balls folsom

OREGON HORSES SHIPPED

This week there was shipped from Echo 35 to 40 carloads of horses, or about 1900 head. They were being shipped by W. A. Bab and Tom Sheridan, of Echo, W. F. Mallock, of Pendleton, and R. E. Starks, of Medicine Hat, Alberta provinces, Canada. It had been expected to ship earlier, but C. J. Mills, live stock agent of the O. R. & N. company, notified them that all the necessary cars could not be had for a day or two. The accumulating of this number of horses has taken several weeks. They will all be shipped together as far as Spokane where they will be divided. Mr. Mallock taking several hundred to Alaska, the others proceeding north to the neighborhood of Medicine Hat in Alberta provinces.

As far as is at present known Mr. Bab and Mr. Sheridan, both of whom have sold out their ranches and hay in this country, will make their homes permanently in that country where they will engage almost exclusively in the raising of horses for the northern market. Mr. Starks is already established in that business in that locality. It is intended to drive the horses going in to Canada on the last end of the trip.

FIRE VICTIMS ARE MANY

Budapest, Aug. 24.—Fires today consumed a four story building, the two lower stories of which were occupied by a fancy goods firm employing 200 people. The two upper stories were used as flats. Fire enveloped the building so quickly on that portion of the building occupied by the works that only the people nearest to the doors escaped. It is impossible to ascertain the number of victims, but it is reported that 124 perished.

There is perhaps no other play containing as many thrilling situations as "The Christian," which comes to Fisher's opera house next Saturday evening. For instance it is almost regrettable that John Stom, "The Christian," makes an entrance at the moment Brother Paul has his hands encircling the throat of Lord Robert Ure. That nobleman (?) escapes as completely from his rascalities and the penalty which he so richly deserves, that a little rough usage at the hands of the man he has dishonored, through his sister's shame, would not be amiss. These feelings of animosity are not according to the teachings of John Stom, Christian, but they are the promptings of human nature—an inborn desire to retaliate. How Lord Robert escaped from the just wrath is explained in a novel manner. "The Christian" is filled with just such bits of wonderful dramatic action, and is the play once seen will live in the memory forever. Seats on sale Friday morning.

LONG STANDING WAR ENDS

REBEL LEADERS WHO HAVE LONG OPPOSED THE NETHERLANDS PREPARE TO SURRENDER TO DUTCH

New York, August 24.—Private news from Achin says the Brussels correspondent of the Times, cabling by way of London, is to the effect that Panglima Polem and Rajah Kammala, who have been for many years two chief rebel leaders will formally submit to the Dutch in the course of the next few days. The colonial troops of the Netherlands have been at war with the Achins almost continuously since the year 1872. The cause of the war was the refusal of the sultan to recognize the suzerainty of The Netherlands, over which long ago negotiation took place. The sultan sent an embassy to the United States diplomatic agent at Singapore to appeal for the military aid of this country and at the same time he dispatched commissioners to treat with the Dutch government. Encouraged by the hope of aid from Great Britain and the United States the sultan rejected the terms offered by The Netherlands.

The war thus far has cost the Dutch over \$200,000,000 and the lives of several thousand soldiers. One expedition after another has been sent to Sumatra, but as soon as the revolt has been apparently crushed it has broken out again. The Dutch have tried every means to end the war which has crippled the finances of the Dutch Indies.

NOMINATION IS IN DOUBT

Contest Between Johnson and Zimmerman for Governor Not Settled

BOTH FACTIONS CONFIDENT

Delegates Receive Instructions and All Proceed to Stand Shoulder to Shoulder

Columbus, Ohio, Aug. 24.—The contest between Mayor Tom Johnson, of Cleveland, and John L. Zimmerman, of Springfield, for the democratic gubernatorial nomination, although within 24 hours of the decision, the action is as much disputed as ever. At the headquarters of each candidate the most confident claims are given out. It is still conceded that the one securing a majority of the committee on credentials tomorrow will, on the following day, be nominated for governor, as there are 145 seats out of the 690 contested and neither candidate can win without having all of his candidates seated. There was a break in the Johnson lines late tonight on the choice for senator. Delegates from northwestern Ohio all instructed for Johnson, called on George M. Saltzgeber, temporary chairman of the convention, and pledged him their support for senator.

JOHN FOLEY, REFORMER, DEAD

ROUTED THE TWEED RING AND PERFORMED OTHER WORK OF TELLING REFORM

New York, August 24.—John Foley, New York's pioneer reformer, who brought the famous injunction suit which ended in the rout of the Tweed ring, is dead after a lingering illness at his home in Lexington avenue. His health was shattered twenty years ago by his persistent fight for good government. Foley, who was a pen manufacturer, had interesting career, beginning with his election as a supervisor in 1869 he started a single handed fight against Boss Tweed, and did not let up until that famous ring was swept away. After his fight against the ring he became recognized as a formidable foe to municipal corruption. He became a sufferer from nervous troubles, but he fought all his battles to a successful issue, until ill health finally took him out of the political arena. He was born in Ireland in 1824 and came to this city while a boy.
