## PRESIDENT WILL ATTEND

Syracuse to Entertain Eminent Guest From Oyster Bay Monday

## STATE FAIR AND LABOR DAY

Purposed to Have Roosevelt Deliver Address, Open Fair and Review Monster Parades

Oyster Bay, Sept. 5.—Arrangements have been perfected for President Roosevelt's trip to Syracuse where he goes to open the New York state fair, to deliver an important Labor day address and to review two great parades. President Roosevelt and party will leave Oyster Bay tomorrow night on a special train. Syracuse will be reached Monday morning. At Syracuse the president will review the Labor day parades. He will then proceed to the state fair grounds where, after the opening exhibition, he will deliver an address. After luncheon the president will return to Syracuse where he will review the letter carriers' parade. In the evening the president will attend a dinner given in his honor.

## BRITISH SUBJECT'S ILL LUCK

Refused Landing at New York By Immigration Officials

New York, Sept. 5.—San Honang, a British subject, who is said to be one of the wealthiest residents of the island of Demarara, is held aboard the steamship Grenada, of the Trinidad line, and denied a landing in this country by the immigration inspectors, on the ground that it would be a violation of the Chinese exclusion act. Honang, who owns one of the largest cocoa plantations on the island, decided a few weeks ago that he would take a trip to the United States and Europe. Letters of introduction to prominent and wealthy persons all over the world were forwarded by his correspondents and he set out on his voyage. Honang never has been to China. He was born in Demarara of Chinese parents. They were both British subjects, so that the Chinese exclusion act did not figure in his plans.

When the ship reached her dock at Long Island City, the immigration inspectors held up the traveler, who finally called upon friends in New York for aid. The inspectors would not release him, however, and the papers, together with Honang's passport, were forwarded to the authorities at Washington. The vessel soon will be ready for her return passage and it is a question whether the planter will be landed on Ellis Island pending the decision from Washington or whether the captain of the Grenada, who is responsible for his passenger under the terms of the exclusion act, will have to take him back to Demarara.

## INDIANS WANT THEIR LANDS

San Bernardino, Cal., Sept. 5.—Representatives of the San Felipe ranch Indians were in town today, seeking legal advice in an endeavor to hold the lands they have occupied for 120 years, but now have been ordered to vacate. It is a parallel case with the Warner's ranch Indians, who were moved to Pala a few weeks ago, with the difference that no place has yet been designated for the San Felipe red man. The San Felipe ranch contains 12,000 acres in San Diego county and it is used for stock grazing. The Indians have long been endeavoring to induce the government to move the Indians, but the matter is only now being taken up. The Indians here today say the order to move has actually been given.

## COLONEL DIES OF CANCER

New York, Sept. 5.—Colonel Jose Urioste Perez, who took a prominent part in the war in Cuba, is dead from cancer in a New York hospital, after an illness of five weeks. While visiting the island of St. Thomas several weeks ago he complained of a soreness in his throat and was brought to this city to be treated. An operation was performed, but failed to save him.

## LOST WITH ALL ON BOARD

Chicago, Sept. 5.—A dispatch to the Record-Herald from New Orleans says: News has reached here of the loss of the American schooner George W. Kelly of the Bluefield Steamship Company's line, during the recent hurricane in the Caribbean sea, bound from Bluefield for New Orleans with a cargo of fruit. She carried a crew of 15 men and one passenger, all of whom perished.

## BOY TAKES MILLINERY PRIZE

Chicago, Sept. 5.—Earl A. Hodge, a 19 year old boy, has won the prize for the best dress hat at the milliner's convention which has just ended here. He has been in Chicago a year as a hat designer. It was through the interest of a woman milliner who recently "discovered" his work that the boy milliner was persuaded to enter at the convention. Mr. Hodge sent to the convention a shirred toque of velvet in two tones of the new prune shade. The lines were long and Frenchy, and at the left front of the hat two purple military pompons rose jauntily.

## CAR AND HOSE CART COLLIDE

Dozen Persons Injured in Brooklyn, But None Seriously

## DOZEN PERSONS INJURED IN BROOKLYN, BUT NONE SERIOUSLY

New York, Sept. 5.—At least a dozen persons, nine of them firemen, were seriously injured in a collision between a hose cart and a trolley car in Brooklyn early today. An alarm sounded from Plymouth and Bridge streets. The department, in order to reach the scene, had to cross the tracks leading to Brooklyn bridge. An open car bearing thirty passengers, two-thirds of whom were women, was approaching rapidly. The fire engine crossed ahead of the car, but the hose cart close behind was struck and overturned.

Charles Yetter, the driver, William Woolsey and Richard Eck were hurled from the cart with such force that they lay unconscious. Lieutenant Groves, who was in command, Herbert Smartin, William O'Connell, George Coleman and another fireman were caught under the cart. The passengers in the car were thrown from their seats and nearly all hurt. The women shrieked and jumped or fell to the street. A big crowd gathered and the injured firemen were carried back to their quarters. The fireman disappeared during the excitement.

## TROOPS REACH GOLD CAMP

Prepared For Any Contingency That May Come Up

Denver, Sept. 5.—The special train bearing the first contingent of the National Guard ordered to Cripple Creek yesterday by Governor Peabody in connection with the strike of the miners of that district arrived at Gillette at 2 o'clock this morning. It was announced that the troops would not attempt to enter the camp until daylight. Since the start from Denver Adjutant-General Sherman Bell has perfected plans for the mobilization of the entire state militia, numbering 1600, should he wish to do so. The arsenal will be established and within 24 hours 600,000 rounds of ammunition will be collected in the gold camp. When asked whether he anticipated any serious trouble, General Bell said: "I do not know what we will meet with, but I shall be prepared for anything that may turn up."

Rumors that an attempt would be made to interfere with the progress of the troops toward Cripple Creek caused General Bell to change the route of travel from the Short Line road to the Colorado Midland. So secret were the arrangements that but few even of his own personal staff knew of the general's intentions until they were aboard the train leaving Colorado Springs. Prior to the departure of the main body of the troops from Colorado Springs, a special bearing armed militiamen was sent out. Detachments from this company were dropped off at the bridges along the route and left to guard them until the several sections following were safely over. So far the journey of the troops has been without special incident.

## TRANSPORT LOGAN SAILS

San Francisco, Sept. 5.—The United States Army Transport Logan sailed for Manila direct at noon today with troops and freight. The Fourteenth cavalry has been assigned to the troopship and the soldiers with their officers were the only military passengers to go out on the Logan. The cabin passengers include the families of army officers and a number of insular employes. The Logan's cargo amounts to 3000 tons of commissary and quartermaster supplies.

## THREATENED WITH ASSASSINATION

Denver, Sept. 5.—The Republican today says: "Governor Peabody was yesterday threatened with assassination. On arriving at his office he received an anonymous letter threatening to kill him if he dared to call out the troops of the state, in order to restore law and order in the Cripple Creek district. The letter was abusive in the extreme alleging that troops were not needed."

## INDICTED FOR BRIBERY

Denver, Sept. 5.—The Republican today says that an indictment has been returned by the grand jury against Thomas J. Maloney for offering a bribe to City and County Clerk Julius Aichele in connection with the contract for the transcription of the records for the Arapahoe county. Mr. Maloney is a prominent politician.

## MADE GOOD SCORE

Ottawa, Ont., Sept. 5.—Sergeant Mortimer, Tenth Royal Grenadiers, Toronto, has won the governor-general's prize, the blue ribbon, of the Dominion Annual Rifle Association, with a score of 197 out of a possible 210.

## GIVES HAY THREE DAYS

Persistent Lunatic Arrested For Writing Letters to Secretary of State

## HAS CLAIM AGAINST GERMANY

Photographer Informs Diplomat That Matter Must Be Attended To At Once

New York, Sept. 5.—Francis N. Beque was committed to Bellevue hospital today to be examined as to his sanity. Beque had been arrested for writing a letter to Secretary Hay concerning a claim of \$11,000 in which he threatened that if Hay did not attend to his claim he would attend to Hay. Beque was a photographer in Hamburg, Germany, and was compelled to leave the country and abandon his business or serve in the army. Hence the claim which he demanded Hay must attend to.

Washington, Sept. 5.—The following authorized statement was given to the Associated Press tonight:

Beque's threats were not aimed especially at the secretary of state, and it was not thought probable that he would make the journey to Washington to carry them out, but being so much nearer Oyster Bay, it was feared that his disorder of mind might lead him there.

It was learned Beque had written Secretary Hay no less than 100 letters in reference to his claim against Germany. His last communication which caused the department to arrest him notified Hay that he would allow just three days to pay heed to his demands. Secretary Hay has received similar letters from at least 20 persons and has heretofore paid no attention to them, but in view of the recent episode at Oyster Bay a determination has been reached to place all such communications received hereafter in the hands of the police.

## HAS REFUSED TO EXTRADITE

Nevada's Governor Will Not Give Up Escaped Convicts

Sacramento, Sept. 5.—The announcement that Governor Sparks, of Nevada, that he will not extradite Miller and Woods, the escaped Folsom convicts captured recently at Reno, until the reward offered by the state of California is paid has taken the executive department of California very much by surprise. The reason assigned by Governor Sparks for the action is that he does not wish the arresting officers to be put to the trouble and expense of having to sue for the money, and he is determined, he says, that unless a check comes for the amount due the men will not be surrendered. Governor Pardee, of California, on his part, declares to say what he will do in the matter until he is officially notified that the governor of Nevada refuses to honor his requisition for the prisoners. Until then the authorities of this state are not inclined to credit the governor of Nevada with any desire or intention of refusing to honor the demands of California.

## CALIFORNIA WINE OUTPUT

San Francisco, Sept. 5.—The California vintage of 1903 has commenced. From now until the advent of the heavy rains it will be in progress. The climatic conditions this year have rather tended to retard the picking of the grapes. Owing to cool weather, the grapes have been slow in ripening, but with the continuance of the warm weather of the last week or so the grapes will mature rapidly and produce the requisite amount of saccharine matter. It is agreed however, that generally the crop will be of generous proportions, but even the best informed wine men hesitate to place an exact estimate on the size of the crop. Last season was an exceptional one in this respect, 35,000 tons of grapes having been crushed from which 25,000,000 gallons of dry wine and 15,000,000 gallons of sweet wine were obtained, a total of 40,000,000 gallons, exclusive of the brandy production. It is not thought that this vintage will equal in quantity but it is believed it will not be far in the rear, though owing to the condition of the market the manufacture of sweet wines will be less.

## COSTLY AUTO BURNED

New York, Sept. 5.—One of the most valuable automobiles in the world, a racing machine imported from France and consigned to David Bishop of Lee, Mass., has been destroyed by fire resulting from the explosion of the gasoline tank on a car float at the New York, New Haven & Hartford railroad pier, East river. The machine was valued at \$20,000.

## WILL FAST FORTY DAYS

New York, Sept. 5.—For purely scientific purposes Stephen G. Playsted, of Brooklyn, is attempting to fast for 40

## WILL DASH FOR POLE

Robert E. Peary, Northern Explorer, Prepare for Off Repeated Jaunt

## PRESIDENT GRANTS LEAVE

Start to Be Made July First—Only Thing Lacking For Map of World

Washington, Sept. 5.—Commander Robert E. Peary, the well known Arctic explorer, will make another dash for the north pole. A leave of absence for three years has been granted him with the permission of the president. Commander Peary hopes to start in July next. He will take permanent base at Cape Sabine, thence to Grant Land, where he hopes to establish winter quarters. The following February he will start north. The commander expects to accomplish the distance to the pole and return in 100 days if the winter is more than average severe it will then require two years. Acting Secretary of the Navy, Darling, in a letter granting the leave of absence says: "The discovery of the pole is all that is left to complete the map of the world. That map should be completed by our countrymen. If it is claimed the enterprise is fraught with danger and privation, the answer is that geographical discovery in all ages have been purchased at the price of heroic danger and noble sacrifices."

## JUST HOW YOU SHALL DANCE

Three-Step Waltz and Schottische Will Be Fashionable

New York, Sept. 5.—If society follows the decision of the dancing masters, fashionable dances of the coming season will be the old fashioned three-step waltz and the five-step Schottische. So determined the American Society of Professors of Dancing, whose convention has just finished its work and adjourned. It was decided to recommend the use of nine new dances for class work.

Secretary Cooper said he did not believe that the two-step could be forced from the dance program, but the intention is to keep it in its proper place and not have it usurp the waltz time and favor.

## MAKES NEW RECORD

New York, Sept. 5.—John J. Flanagan, of the Greater New York Athletic Association, has raised the world's record, held by himself, for throwing the 56 pound weight. The new mark is 36 feet 11 inches, 11-2 inches over the old one.

## BOY'S AWFUL DEATH

Salt Lake, Sept. 5.—While watching the employes at work in a local slaughter house yesterday, Ulysses Stokes, a 10 year old boy, accidentally fell into a vat of boiling water and was so badly scalded that he died a few hours afterward.
