WHERE YOU CAN ALWAYS BE SATISFIED.

IF THE POWERS DO NOT INTERVENE WAR WILL LIKELY BE DECLARED

Ultimatum Contained in Note Addressed By Bulgarian Government to Larger Countries.

Mobilization of Whole Turkish Army Is Taken to Mean That Massacre Of Christians Will Continue—Revolutionary Leaders Have Adopted Guerilla Tactics, Which Is Hoped Will Protect Women and Children.

Sofia, Sept. 14.—The Bulgarian government, through its foreign representatives, has addressed a note to the powers declaring that the Porte is systematically devastating Macedonia and massacring the Christian population. Further, it says that Turkey has mobilized her whole army, which cannot possibly be for the purpose of suppressing the revolution. Therefore, the Bulgarian government appeals to the humane sentiment of Europe to prevent a continuance of the massacres and devastation and to stop the mobilization of the Turkish army. The memorandum concludes with the plain statement that unless the powers intervene Bulgaria will be forced to take such measures as she may deem necessary.

DOUBTLESS MEANS WAR.

London, Sept. 14.—The note sent by Bulgaria to the powers, declaring that unless the latter intervene in Macedonia, Bulgaria will be forced to extreme measures, is held to be the prelude to the mobilization of the Bulgarian army, and there is probably some connection between this eventuality and the decision of the revolutionists to revert to guerilla tactics.

MISSIONARIES IN DANGER.

Salonica, Sept. 14.—Orders have been

received to watch carefully over the security of the American missionaries here, because it is said the Bulgarians, with a view to invoke the energetic intervention of the United States, are meditating an attack on them.

ADOPT NEW TACTICS.

Sofia, Sept. 14.—Warned by previous disastrous experiences, the revolutionary leaders have decided to adopt only guerilla tactics in Eastern Macedonia. The policy of occupying towns and villages has proved a mistake, as it has usually resulted in Turkey re-occupying the villages, destroying everything and killing the inhabitants.

It is hoped the new tactics will result in women and children being spared unnecessary dangers.

The insurgents now have nearly 2000 men armed with rifles in Eastern Macedonia, and thousands of peasants are ready to join when a general rising has been proclaimed.

AMBASSADOR THRASHED.

Vienna, Sept. 14.—Djevid Abdullah Bey, physician to the Turkish embassy here, today thrashed the Turkish Ambassador Nedim Bey, whom he accused of sending unfavorable reports concerning him to the Porte, thereby preventing Djevid from securing a better position. Djevid has been dismissed.

MUCH ADO ABOUT NOTHING

President Explains Why He Declined Invitation.

Oyster Bay, Sept. 14.—President Roosevelt today approved of the issuance of a formal statement of facts concerning the Seawanhaka Corinthian Yacht Club dinner, the President's declination of an invitation to which was said to be owing to the fact that Sir Thomas Lipton was to be present. President Roosevelt states that the sole reason for declining the invitation was that he had declined other invitations, and that he gives offense to those whose invitations had been declined, he also had declined this.

LIPTON NOT INVITED.

Buffalo, Sept. 14.—Sir Thomas Lipton, while passing through Buffalo, was interviewed regarding the invitation to Seawanhaka dinner. He stated that he had received no invitation to the dinner, and he could not accept in case he did, as he would be in Chicago on the day the event takes place.

ROYAL GATHERING

New York, Sept. 14.—This year's gathering of the royal family here is of an unusual solemn character, as 1903 is the jubilee year of the Danish royal family, says a Times dispatch from Copenhagen.

The king will have reigned over 40 years on November 15. It is 50 years since he was recognized as heir to the throne. The crown prince, who lately attained his 60th birthday, has been crown prince during 40 years.

King Christian's second son, King George, of Greece, celebrates the 40th year of his reign this year, and Queen Alexandra celebrated the 40th anniversary of her wedding day this year. The Duchess of Cumberland, who will be 50 years old September 23, celebrates her silver wedding in December. King Christian looks as young as ever and rides daily.

NEW OBSERVATORY

Truckee, Cal., Sept. 14.—(Special)—A letter received here from George E. Hale, of Chicago, secretary of the commission on observatories, states that a Carnegie observatory will be built on top of Mount Whitney, the highest point in the United States, to study the sun. The building will be 103X30feet, of granite and natural wood.

DAMAGE WILL NOT BE GRAAT.

Butte, Mont., Sept. 14.—(Special)—Reports today from outlying farming districts give conflicting details as to the damage done by Sunday's snowstorm. Estimates of the damage are placed as high as \$75,000 in Beaver county, but if conditions are favorable much of the oats beaten down can be harvested.

ANNUAL SESSION OF NATIONAL CONGRESS WILL BE IMPORTANT

Great Results From Irrigation to Be Exhibited at the Meeting at Ogden.

Ogden, Utah, Sept. 14.—When Senator W. A. Clark, of Montana, as president of the National Irrigation Congress calls to order the first session of the annual meeting of that body in the Tabernacle tomorrow, there will probably be gathered together the largest number of representatives to an irrigation congress that have met since the inception of the movement in 1891. Every train today brought in delegates by the hundreds. It is expected that nearly 1500 representatives of the great West will be present and take part in the four days' discussion of irrigation. Speakers on the various subjects will include, besides the Secretary of Agriculture Wilson, United States Senators Clark and Gibson, of Montana, Dubois, of Idaho, Warren, of Wyoming and Burton, of Kansas. Senators Kearns and Smoot, of Utah, are expected to speak informally.

From all quarters are coming large exhibits of grain and fruit, grown in soil that a few years ago was considered utterly useless, to compete for rich prizes and valuable cups. Even from across the great American desert, drawn in six "prairie schooners," is coming an exhibit of fruit and grain grown in the midst of alkali wastes.

An important question that will come up is the question of affiliation with the trans-Mississippi congress and it is expected that before the congress adjourns some definite action will be taken.

WANTS HER HOUSE.

Annapolis, Md., Sept. 14.—Mrs. Kate C. Kealy has circumvented a plan of the government authorities to secure peaceful possession of the house she occupies in the new grounds of the naval academy. Mrs. Kealy always left home at a certain hour for church and plans were made to close the gates of the ground so that she would be unable to re-enter, but she scented the danger and remained at home.

The government does not desire to lay violent hands on a woman, yet stronger action will now have to be taken. For days her water supply has been cut off and it seems that she is ready to die in her castle to maintain her rights as she conceives them to be. She means to remain in possession until the government pays her for the house. In 1892 her husband died without a will. The estate was divided and a house on the lot where the present house stands was assigned to Mrs. Kealy as a part of her dower.

After the estate was divided it was found that there were so many debts that some of the property had to be sold to pay them. Mrs. Kealy's home was one of the houses that was sold. John T. Mulhall bought it but was never able to secure possession.

When the property was condemned by the government for the use of the academy, Mulhall was paid the amount awarded but Mrs. Kealy refused to recognize the legality of the purchase.

PROBABLY MURDERED

Wilkesbarre, Pa., Sept. 14.—Mrs. Austin Flynn, of the city, called from England August 12 with a fortune of several thousand dollars left her by a relative. She landed in New York on August 26 and since then her family here has heard nothing from her. It is believed that she confided to some one on the ship that she had a large sum of money and that she was robbed and murdered after she landed. A fruitless search has been made for her in New York and the matter has been placed in the hands of the police.

VETERAN BALL PLAYER RETIRES

Springfield, Mass., Sept. 14.—Roger Connor, who holds the record for the longest hit ever made on the polo grounds, made when he was first baseman of the old New York "giants," has announced his retirement from the game and the sale of the Springfield, Connecticut league baseball team, of which he has been the owner and manager. He has played ball 25 consecutive seasons.

"OLD FOLKS' DAY"

New York, Sept. 14.—"Old Folks' day" has been observed for the fourteenth consecutive year in the Presbyterian church at Vineland, N. J. The gathering was a most remarkable one. There were present half a hundred people over 50, 24 octogenarians and three monogenarians. Two aged divines, Rev. Dr. R. B. Moore, of the Huron Presbyterian of Ohio, and Rev. J. A. Black, of the Aberdeen Presbyterian of South Dakota, took part in the service.

KILLED BY GAS.

New York, Sept. 14.—Killed by gas, Mrs. Louise Buxton, the young wife of a barrel manufacturer of Worcester, Mass., has been found in bed at No. 22 West Eleventh street. The windows and doors were locked and she was alone in the house. Dread of surgical operation she was about to undergo is believed to have led to her death. Mrs. Buxton was the daughter of Thomas G. Lombard of Chicago, formerly a resident of Georgia.

BRITISH CABINET CRISIS THOUGHT TO HAVE BEEN AVERTED BY BALFOUR

Reports of the Events Transpiring at Yesterday's Meeting Are Conflicting and but Little Is Known.

Believed, However, That the Premier Has Succeeded in Effecting a Compromise Which Will Keep the Present Ministry in Office, Although Slight Reorganization of the Personnel Will Probably Take Place.

London, Sept. 14.—(Wednesday)—The ministers kept secret so effectively the discussions of yesterday cabinet council that speculation as to the results is almost nugatory, and the government press organs this morning offer most conflicting accounts of what took place at the meeting.

The Daily Telegraph, probably the best informed, asserts that a cabinet crisis was postponed until this evening, and that discussion of the fiscal question will be continued at a resumed meeting today, but, whatever may be the upshot, Premier Balfour will neither resign, dissolve parliament nor summon an autumn session.

The Standard, on the other hand, as-

serts with equal positiveness, that the fiscal inquiry was finished, and that an adjourned meeting will deal with the foreign policy. It understands that any innovation in the fiscal policy has been shelved until appeal can be made to the country.

Amid these conflicting reports agreement is found in the most authoritative quarters on one point, namely, that Premier Balfour has succeeded in inducing his colleagues to agree to some sort of a compromise which will keep the present ministry in office, though it will probably be slightly reorganized; for details of the compromise it will probably be necessary to wait for Balfour's promised speech on October 1.

POLICEMAN KILLED.

Seattle, Sept. 14.—(Special)—Patrolman Albert Schaneman, of the local police force, was shot and killed at midnight by William S. Thomas, one of the three men who held up the Villard bar Saturday night. Thomas and a companion had been recognized by Schaneman on his beat as answering the description of the highwaymen and he called on them to halt. They took to flight and Thomas, dodging into a dark alleyway, escaped sight of the policeman. As Schaneman passed, pursuing the other man, Thomas fired, the bullet going in the side of the policeman's head. Other officers, attracted by the shots, hastened up, and Thomas was brought down with a bullet in his back by detective Philbrick. The other man escaped. Schaneman never regained consciousness and died a few moments after being taken to police headquarters. Thomas does not appear seriously hurt. Schaneman has been on the force since 1897 and was a popular and fearless officer. He leaves a wife and one child.

BLACKMAILER ARRESTED

New York, Sept. 14.—Four Italians have been held in bonds of \$2000 each charged with blackmailing Nicola Cappiello, a wealthy Brooklyn contractor, out of \$1000.

For several weeks Cappiello's family has been in dread of sudden death because of letters signed by "the contractor" or signed "Black Hand," threatening the destruction of the residence by dynamite. Large sums were demanded for immunity and finally Cappiello paid over \$1000. More threats soon followed and the demands of the conspirators were redoubled. The members of the household feared to venture out of doors and in despair they appealed to the police.

The gang was exposed by a man who, several years ago, eloped with the rich man's adopted daughter and now hopes to secure the forgiveness of his father-in-law.

According to the police, many rich Italians of Brooklyn have been mulcted out of large sums in a similar manner.

SENATOR SCOTT ILL

Denver, Sept. 14.—(Special)—Senator Nathan B. Scott, of West Virginia, is ill at the Brown Palace hotel in this city. He is suffering from injuries received from a wreck near Chicago last Friday and also from malarial fever and is in a serious condition. He was borne to the hotel from the train on a stretcher. During the trip he fainted from pain. Dr. F. S. Clement, of Canton, Illinois, who happened to be on the same train with the senator, attended him and is with him at the hotel.

WALKING DELEGATE IN TROUBLE.

New York, Sept. 14.—The grand jury today returned an indictment charging extortion against Sam Parks, a walking delegate, making the fifth indictment found against him. On one indictment Parks has been found guilty.
