VOLUME LVI.

ASTORIA, OREGON, WEDNESDAY, SEPTEMBER 16, 1903.

NUMBER 208.

HERE are three styles that will hit the fancy of those who know anything at all about **STYLISH TOGGERY**. The Top Coat is the very limit of "properness" (if you will allow us to coin a new word), and the other two will stand the same expression. In the language of the connoisseur, they are ALL RIGHT. The Top Coat may be worn by the short, tall or medium man, but the other styles are made specially to set off the charms of men who are goodly sized and who know how to carry "well clothes." A short man in an English walking frock would not be very edifying, although he is quite welcome to call here and try it on. As usual with all garments made by Crouse & Brantagee, Utica, New York, these coats are provided with the **CONCAVE SHOULDER** and **CLOSE-FITTING COLLAR**, which have much to do with the smart, well-built appearance of this famous brand.

POLICY OF RUSSIANS

Hope to Gobble Up Bulgaria by Assuming an Attitude of Indifference.

PRISONERS AWFUL TORTURE

Subjected to Frightful Agonies by Turks—Sutia Waiting for Response from Powers.

London, Sept. 15.—The St. Petersburg correspondent of the Daily Telegraph claims to have the highest authority for saying that Russia's Balkan policy is to isolate Bulgaria by refusing to stop the Macedonian massacres and inducing the powers to remain inactive. Then, when Turkey has defeated Bulgaria, Russia will insist on stepping in and occupying Bulgaria under the pretext of protecting her. Thus, Bulgaria would become Russia's vassal.

The correspondent of the Daily Mail at Monastir says that the underground cells in the prisons there are used for political prisoners. They are so low that the prisoners cannot even sit, they must lie down.

Water is poured into the cells at night by the soldiers, who probe the prisoners with their bayonets to prevent them from sleeping.

Food is withheld for three days together, and the air passages are stopped and other tortures inflicted in order to force the prisoners into confessions of complicity with the revolutionists. Many have died under this treatment.

BULGARIA IS WAITING.
Sofia, Sept. 15.—No important step is likely to be taken at the present critical juncture, pending the return to the capital of Prince Ferdinand and a reply with the powers or some intimation from them in response to Bulgaria's note.

In official quarters it is stated that the only step actually decided upon is the summoning to colors of the first three divisions, which will be chiefly employed in strengthening the troops along the frontier. It is expected a week will suffice to enable the ministry to judge the extent to which the final appeal to the powers is likely to prove successful.

REPORTS CONFIRMED.
Vienna, Sept. 15.—A Constantinople dispatch received here asserts that Col. Massey, commissioned by the British embassy to inspect the action of the Turkish troops in the Adrianople district, has returned to Constantinople, having been forbidden to continue his journey. It is stated that, as far as his observations went, they confirmed the reports of extermination of the Macedonian population by the Turks.

WILL AID MACEDONIANS.
Chicago, Sept. 15.—The protestant ministers of Chicago, meeting at the Young Men's Christian Association building, have agreed to aid the Macedonian relief fund, and approved the work of the Macedonian committee. The delegation from the clergy was composed of representatives of the Methodist Episcopal, Baptist, Presbyterian and Congregational churches. The clergymen will describe the Macedonian situation in the churches, but will contribute nothing to the fund for the Macedonian army. Meanwhile natives of Macedonia are enlisting in the regiment being organized by the Boris Stanislas Tsvetieff. The recruits number 70. G. M. Telika, husband of the missionary held in captivity with Ellen Stone, has offered his services. The Macedonian committee has issued an appeal for financial aid.

CONGRESS IS BIG SUCCESS

Record Breaking Attendance at Session Now Being Held at Ogden, Utah.

ALL SECTIONS REPRESENTED

Opening Day Was Devoted to Welcoming Speeches and Responses—"Colonization" Tomorrow.

Ogden, Sept. 15.—Twenty-six states and territories were represented at the irrigation congress in the Ogden tabernacle today, this being the largest number ever represented. As showing how the movement has taken on a national scope, delegates were present even from New York, Pennsylvania, Virginia and Vermont, while from the West representatives came by the hundred. The seating capacity of the tabernacle is totally inadequate.

International aspect was lent to the proceedings by the presence of representatives from France and Mexico, while the government at Washington was represented by Secretary of Agriculture Wilson. At both sessions the building was packed. The day was devoted to welcoming speeches and responses, introducing resolutions and in getting down to a working basis.

Resolutions outlining a distinct plan of forest preservation are expected to be adopted before the session closes. Tomorrow the subject "Colonization" will be taken up and discussed by men prominent in the work.

A brisk fight for next year's convention is already under way. Up to this afternoon El Paso was regarded as the leading candidate, but the Idaho delegation, the largest at the convention, has unanimously decided to support Boise.

RIOTS FOLLOW ELECTIONS.
Athens, Sept. 15.—A demonstration in connection with the municipal elections here was followed last night by hand-to-hand street fights. Fourteen persons were killed or wounded.

POPULATION IS INCREASING
Many Industries at Warrenton Bring on Good Times.
That a substantial boom is on at Warrenton is apparent to all who have visited the town during the past few weeks. At present every dwelling house is occupied and newcomers are resorting to tents, one being already pitched while others are in contemplation. These temporary shelters will be abandoned as soon as some sort of houses can be erected. The marked influx of residents is caused by the building of the new mill, the constant operation of the old plant and the employment of a creditable force of men at the A. & C. R. R. Nearby logging camps are also in full blast which operates to the good of Warrenton, being tributary to its interests.

When enough material is cut for the mill structure now in course of erection the old mill will be shut down, but such action will be only to make a thorough overhauling of the plant so that it can render more efficient service in co-operating with the large new mill. The two mills will have a joint output of 30,000 feet daily. The erection of a box factory is contemplated as soon as the two mills begin to operate.

WEST SIDE COUPLE WED.
Miss Amelia Larson, formerly of Hammond but for some months a resident of Portland, will be united in marriage today to Mr. A. Sifert. The wedding will be held in Portland. Mr. Sifert is a well-known resident of the West Side, having resided both at Warrenton and at Hammond. He is now engaged as engineer at the jetty works. The couple will live at Hamod.

CARMACK ON RACE PROBLEM
Why He Proposes Repealing Fifteenth Amendment.
Chicago, Sept. 15.—A dispatch to the Tribune from Memphis, Tenn., says: United States Senator Carmack ex-

plained last night that his purpose in proposing to introduce a bill at the next session of congress for the repeal of the fifteenth amendment, thus disfranchising the negro, is simply to open up a discussion, which will contribute to a solution of the race problem. To Senator Carmack's mind the surest plan of solving the negro question as it affects the white race, both socially and politically, lies in the negro's elimination from politics. Should the fifteenth amendment be repealed, the question of treating with the negro would be left to the states.

Another view entertained by Senator Carmack is for the separation of the races. But how to proceed, or how long it will take, he does not attempt to say. He believes, however, that the races would be better conditioned if separated. He thinks the black race is a failure, that it owes what little it has achieved to its association with the white race.

As to the enfranchisement of the negro immediately after the war between the states, the senator regards that as the mistake for which the repeal of the fifteenth amendment would be only partial reparation.

JUDGE KELLY PASSES AWAY

Former United States Senator for Oregon Dead at Washington City.

CROSSED THE PLAINS IN '49

Served Long Term on Supreme Bench of this State—Was Largely Interested in Astoria.

Washington, Sept. 15.—James Kerr Kelly, formerly United States senator from Oregon, died at his residence here today, aged 84 years. He was a native of Pennsylvania.

Judge Kelly was a '49er, having gone to California on the discovery of gold. In 1851 Judge Kelly removed to Oregon. In 1860 he was elected to the United States senate where he served one term and on his retirement was appointed chief justice of the supreme court of Oregon, which position he held until 1882. Since 1888 he had resided in Washington.

WELL KNOWN IN ASTORIA.
Judge Kelly was well known in Astoria, where he had extensive property interests. He was largely interested in Tongue Point property and owned much of the desirable mill sites there. He last visited this city several years ago.

SUSPECTS EXONERATED.
Seattle, Sept. 15.—(Special)—Patrick J. Murphy, convicted of highway robbery, told the court that John Kelly, convicted last Thursday for the same offense, is an innocent man and that James Kelly, on trial yesterday for the same charge, is also innocent. The three men were arrested for robbing John Anderson, a logger, of \$20 on the night of June 1. John Kelly and Murphy were convicted and the case against James Kelly was on trial yesterday. Murphy was on the witness stand when he made the assertion that he was guilty himself, but that the two Kellys were innocent. He declared that Harry Thomas, now in Vancouver, B. C., and Jim Henderson, now in Whatcom, were the two men with him the night Anderson was held up and robbed. The jury now has the case of James Kelly under advisement.

REHEARSAL HOUR CHANGED.
The hour for today's rehearsal for "King of the Hand of Nod" has been changed until 2:30 o'clock. All those to take part and urged to be in attendance.

THE ORDER OF CARNATION

Second Annual Meeting Held in New York City.

New York, Sept. 15.—The second annual meeting of the Order of the Carnation has been held in this city. The organization was formed on the first anniversary of the death of President McKinley and was named in honor of the president's favorite flower. It aims to encourage young men to take active part in political affairs in the interest of clean and efficient government.

It was decided to extend the order to a national organization and to tender the presidency to ex-Lieutenant-Governor Timothy L. Woodruff, of New York. It was also unanimously resolved to offer the honorary office of Chaplain to Archbishop Ireland of St. Paul.

The other officers elected were: Chancellor, Edward R. Fitch, of New York; vice-president for New York, Colonel Reuben L. Fox; vice-president for Massachusetts, F. F. Skinner; secretary, William S. Redd, of New York; assistant secretary and registrar, A. V. Gallogly, New York; treasurer, H. H. Hatchell; historian, R. L. Burns, New York; and chairman of finance committee, L. Rosenberg, New York.

FATAL ENDING OF CARD GAME.
Sheridan, Wyo., Sept. 15.—Henry Schroeder, a saloonkeeper at Dayton, a town west of here, was shot and killed and his bartender, Edward Sims, seriously injured by Jack Hanley as a result of a dispute concerning money lost at cards. At the point of a gun Hanley compelled the employee of a livery stable to saddle a horse for him and he rode away. A posse of citizens overtook Hanley, who refused to surrender. Hanley was captured after his horse had been shot from under him and his leg broken by bullets fired by the posse. He was brought to this city and placed in jail. Great indignation prevails at Dayton, but it is not believed any attempt will be made to lynch Hanley.

COULD NOT ENDURE DISGRACE.
San Francisco, Sept. 15.—Tom King Yung, a high official in court circles at Pekin, military attache of the Chinese legation at Washington and secretary to Jung Bow He, the acting-consul-general at San Francisco, has committed suicide by asphyxiation at the Chinese consulate. Yung was arrested on a charge of misdemeanor on Friday morning last and this disgrace led him to take his life. He left a letter for the acting consul-general containing a statement to this effect. The deceased came here about four months ago from China with the Chinese minister.

GOT BULLET INTENDED FOR BAD BOYS.
New York, Sept. 15.—While passing Sunset Park, South Brooklyn, on her way to school with her young sisters, Laura West, nine years old, has been fatally wounded by a bullet through the lungs, alleged to have been fired by Philip Ryan, a watchman, who was chasing some mischievous boys from the park. The child's father, John S. West, is a clerk in the office of the adjutant-general, department of the east.

SENATOR SCOTT IMPROVED.
Denver Sept. 15.—(Special)—Senator Nathan B. Scott, of West Virginia, who is ill at the Brown Palace hotel in this city, is reported as slightly improved. Dr. F. S. Clemens, of Canton, O., who attended the senator on the train when he was taken sick, is still with him, and says that if the senator continues on the mend he will be able to resume his journey to Colorado Springs in a few days.

UNIVERSAL WILL CHANGE HANDS.
The Universal Sash and Door Company's factory at Smith Point has been leased to a new company, with an option for its purchase. Among those interested in the new firm are Bernard Dougherty, of San Jose; J. W. Cook, of Portland, and A. Gangloff, an Eastern man.
