VOLUME LVI.

ASTORIA, OREGON, SUNDAY, SEPTEMBER 20, 1903.

NUMBER 302.

HERE are three styles that will hit the fancy of those who know anything at all about **STYLISH TOGGERY**. The Top Coat is in the very limit of "properness" (if you will allow us to coin a new word), and the other two will stand the same expression. In the language of the connoisseur, they are **ALL RIGHT**. The Top Coat may be worn by the short, tall or medium man, but the other styles are made specially to set off the charms of men who are goodly sized and who know how to carry "a well clothed." A short man in an English walking frock would not be very edifying, although he is quite welcome to call here and try it on. As usual with all garments made by Crousse & Brandegee, Utica, New York, these coats are provided with the **CONCAVE SHOULDER** and **CLOSE-FITTING COLLAR**, which have much to do with the smart, well-built appearance of this famous brand.

HEAVY FIGHTING REPORTED

Revolutionaries Defeat Turks at Brijuni—More Villages Are Burned by Soldiers.

Sofia, Sept. 19.—The revolutionaries are now concentrating all their operations in Eastern Macedonia, the latest dispatches from which report that a general rising was fixed to begin today. The insurgents claim to have accumulated vast stores of provisions, ammunition and dynamite and to be prepared to enter upon a serious campaign.

Melnik, a province of Seres, is besieged by bands of insurgents. Melnik is a very important strategic point in the mountainous commanding the road between Demir-Hissar and Isakog. The result of the attack is not yet known, but a telegram from Ketcharovo says additional troops are enroute to Melnik.

Severe fighting is reported to have taken place at Okhrida. A band of revolutionaries operating near Brijuni surrounded a force of Turkish troops and a fight ensued which lasted throughout the entire day. The Turks were routed. A CHINESE PROCLAMATION.

San Francisco, Sept. 19.—Some time ago the store of a prominent merchant in Chinatown was robbed. Two of the robbers were caught and have been convicted of the crime, others were identified but escaped. The Six Companies offered a reward for their capture and one has just been caught in Portland, and brought back here. No women of the Chinese Six Companies with the following proclamation signed and sealed by each and all of them individually:

"No matter of what color he is, who he is, or what he is, we forbid any party or parties, openly or secretly, to aid or employ attorneys to defend the defendant or in any way to assist in clearing him. We regard the parties who defend the defendant as robbers themselves and we will endeavor to prosecute and punish the party or parties who aid the defendant for the same offense. Be it known to you all."

TRIED TO ROB A TRAIN.

Chehalis, Wn., Sept. 19.—An attempt to hold up a south-bound train on the Northern Pacific main line near Napavine early this morning was reported here today. The robber attempted to board the train through the vestibule and was prevented by the brakeman shutting the door and closing the trap as the train was starting. The glass door of the vestibule was smashed and the brakeman and would-be robber exchanged several shots, to the consternation of the passengers.

Chicago, Sept. 19.—A collision between an Illinois Central train and a switch engine at Randolph street late today resulted in the injury of 12 women. The victims were shoppers who had just boarded the train for home. Several sustained painful injuries, but none is believed to be fatally hurt.

New York, Sept. 19.—The question of an American team to represent the United States at the tournament near Paris next year will be taken up by the executive committee of the American Polo Association at an early date. sisting a deputy sheriff who was attempting to serve a writ of ejectment. Father Desmarais was transferred from the Baker City parish to The Dalles some time ago, but refused to go. He maintained possession of the parish house until it became necessary to institute proceedings to oust him. His demerited sister was later arrested and is held on a charge of insanity.

Sault Ste. Marie Overrun With Horde of Idle Workmen.

Sault Ste. Marie, Mich., Sept. 19.—The shutdown of the Consolidated Lake Superior Company, throwing 3500 men out of employment, has caused a panic in the Canadian Soo, which is in worse condition than ever before in its history.

The action of the police department in swearing in a large number of deputies has served to stir up the anxiety of the people.

A special train left last night up the Algoma Central railroad to bring in 1500 men employed in the woods not one of whom will have penny with which to buy food or lodging. The company will pay the men in checks, which will be good for nothing until money has been raised and deposited.

The people are making desperate efforts to arrange for feeding and housing the men until they can be taken out of town.

FRIGHTENED TO DEATH.

New York, Sept. 19.—Patrick Collins, 62 years of age, a driver in the employ of the city, has been frightened to death by the sudden glare of an automobile that nearly ran into his team in Jerome avenue, at 180th street.

A policeman saw Collins driving along. As he approached a sharp turn in the avenue a big white automobile with a brilliant headlight suddenly loomed up. Collins was seen to drop the reins, straighten his head for a second, and then topple from the wagon. The driver of the automobile reversed his machine in time to avoid a collision. Hospital physicians who were summoned said the old man's weak heart killed him and that he probably was dead before he struck the ground.

Speeches were made by Senators Foraker and Hanna, Myron T. Herrick, candidate for governor, Warren G. Harding, candidate for lieutenant-governor, and others. It is estimated there were 29,000 in and about the park when Albert Douglas, recent candidate for gubernatorial nomination, delivered an address of welcome and introduced Governor Nash as chairman.

The governor congratulated the republicans on their auspicious demonstration and introduced Colonel Herrick as the next speaker.

Senator Foraker was next introduced and enlightened the audience by many impromptu allusions to incidents of the day, as well as discussing pending questions. Senator Foraker also severely took the democratic party to task.

POWER HOUSE BURNED.

New York, Sept. 19.—Trolley lines around New Rochelle, on the Long Island Sound shore, were completely tied up today by the burning of the Union Railway Company's power house. The loss will be about \$100,000. Many persons living in New Rochelle and nearby places were on their way home from attending a first night theatrical performance, when the power was cut off and some of them had to walk several miles to get to their homes. The fire drove the engineers from the engines without giving them time to shut off steam and the great engines and dynamos ran steadily while the burning building fell around them. The police did not dare allow the people to come near the fire for fear of the explosion of the boilers, and they experienced great difficulty in keeping the crowd back.
