**A BOY'S WILD RIDE FOR LIFE.**

With family around expecting him to die with a sun-stroke for life's miles to get Dr. King's New Discovery for consumption, coughs, and colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at Chas. Roger's drug store.

**WHERE SUN SETS TWICE A DAY.**

Perhaps few people know there is one place in the world where the sun sets twice daily. This place is said to be at Leek, in Staffordshire, England. The Chicago Tribune, which tells the story, says: "The reason of this is that a jagged mountain is situated to the west of the town, and in the evening the sun sets behind it and darkness comes on. Then is the first sunset, the gas lamps are lit and apparently night has set in. But it has not, for in the space of an hour or so, the sun reappears again through the opening at the side of the mountain and daylight again appears. Artificial lights are extinguished and daylight again prevails until the sun descends below the opening and the second sunset follows and night comes to stay."

**FEARFUL ODDS AGAINST HIM.**

Bedridden, alone, and destitute. Such in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies: "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by Chas. Rogers, druggist.

**CRUSHES OUT THE LIFE**

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper colored spots break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is *nature's remedy*, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently. Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.
