

Different Types of men need different types of Dress.

You know how it is with yourself. Some look best in a double-breasted coat, and others show-off better in a single. One man may look real swell in a coat that fits him snugly in the back, and another fellow with the same coat would be gaped as a dude. It all depends upon the way you are built. Crouse & Brandegee, the well-known Manufacturing Tailors of Utica, New York, build their garments to suit just those little peculiarities. Therefore it is: "You may come around here in the blissful anticipation of not only getting a SUIT your SIZE, but a SIZE that will SUIT."

STRIFE MAY BE AVERTED

Negotiations Now in Progress for Peaceable Adjustment of Balkan Trouble.

BETTER FEELING PREVAILS

Next Forty-eight Hours Will Decide Whether or Not Hostilities Are to Be Forced.

London, Sept. 22.—The Balkan situation today presents a somewhat puzzling aspect. Turkey is showing signs of yielding to Bulgarian demands, and it is evident from daily meetings of the council and ministers at Yildikiosk that some sort of negotiations are in progress with the object of avoiding war.

The correspondent of the Daily Telegraph says that devastations by fire and sword continue, and that the Bulgarian government has received from trustworthy sources gruesome tales of massacres, tortures, indignities and burnings, in many instances the victims being slowly roasted alive.

WAR MAY BE AVERTED. Sofia, Sept. 22.—With 48 hours the question of peace or war will probably be settled, according to authoritative representations here. Premier Petroff had announced this morning with Ailfcur Bey at which the whole situation in Macedonia was discussed. As a result of the conference much better feeling prevailed and confident hopes are expressed that a satisfactory adjustment will be reached.

THE GERMAN VIEW. London, Sept. 22.—The Sofia correspondent of the Times affirms that a singular communication has been made to the Bulgarian government by Count Lamdorff, the Russian foreign minister, who observed that it was the opinion of the German chancellor that Turkey has a right to send troops to Bulgaria in order to preserve order. The Austro-Hungarian foreign minister expressed the opinion that the slaughter of 2000 Macedonians does not warrant the complete extermination of the Bulgarian race.

JUST CALLED ON PRESIDENT

Harmless Swede Waylaid by Secret Service Officers.

Oyster Bay, Sept. 22.—A suspicious character giving the name of Samuel Sweynon was held up by secret service men at Sagamore Hill this afternoon while making an effort to see the president. He was turned back to the village, shadowed, stopped in Oyster Bay, searched and later placed on a train for New York. He was unarmed and appeared to be a harmless crank, possibly a religious fanatic. He told the officers he was a Swede and had come from New York to see the president, having read about the president's summer home in the newspapers. A short time previously the president, accompanied by his wife, had gone from the house to the woods near by to chop wood, that being a favorite exercise of the president.

After the man was turned by the officer he looked curiously about the grounds and then started on his return to Oyster Bay, where he was taken from a wagon by two secret service officers and examined. The officers were convinced he was entirely harmless, and that he was neither an anarchist nor a socialist. He readily acceded to the suggestion of the officers that he leave the village.

A LOVESICK GIRL SUICIDES

Throws Herself in Front of Train At Cleveland, Ohio.

Cleveland, O., Sept. 22.—Despondent and disheartened over conditions some of which may never be known, Miss Olive Rayl, of Glenville, threw herself and was crushed to death.

That her act was deliberate is the opinion of the police after a day spent by the entire detective force in attempting to unravel the uncertainties surrounding the case.

Miss Rayl came to this city from Wellsville, O., some time ago and entered a training school for nurses. The only cause for self-destruction is disappointment in a love affair, which is said to be the cause of her leaving home.

FELL EIGHT STORIES.

New York, Sept. 22.—Falling from the eighth floor of a building in the course of erection at No. 20 West Eighteenth street, a distance of 80 feet, and turning three somersaults in his descent, Joseph Heiser, an iron worker, has escaped with a slight laceration of two fingers.

A score of workmen rushed to the cellar expecting to find his mangled remains. Instead they found him calmly examining his cut fingers. To convince them that he was not injured, he danced a jig. Then he went back to work at the top of the building.

INTERCHANGEABLE MILES.

Chicago, Sept. 22.—It has been decided at a meeting of passenger traffic officials that the new 2,000 interchangeable mileage books will go into effect Nov. 1. The new book will be raised as trials and no question will be asked as to whether the person presenting it is the purchaser or not.

DYNAMITED MONEY CAR

West-bound Burlington Train Held Up Near St. Joseph by Masked Men.

BOOTY IS SAID TO BE HEAVY

Reported That From \$5000 to \$10,000 Was Secured, but Railroad Officials Deny It.

Kansas City, Mo., Sept. 22.—A special to the Times from St. Joseph, Mo., says:

"Four masked men tonight held up a Burlington & Missouri River train five miles north of this city. According to the meager reports received the hold-up occurred at midnight. The instant the train was stopped two of the robbers climbed into the engine and, with drawn weapons, compelled the engineer and fireman to obey orders. One of the men unoccupied the engine and express car from the balance of the train. The party then climbed into the cab and the engine and car were run up the track.

"An explosion followed. As soon as the safe was dynamited the men rushed to the wrecked car. The railroad officials assert that they did not get a cent as a result, but other reports say the booty was between \$5000 and \$10,000. The train was loaded with passengers for the west and the holdup created a panic.

"As soon as the conductor saw the robbers he ran down the track and secured a hand car, on which he came to St. Joseph and notified officers. Police-men and deputy sheriffs to the number of 50 were taken at once to the scene, armed with riot guns, but the robbers were gone. The bill is being searched, but without success up to daylight."

BOOKER T. IS CRITICISED

Negro Leader Taken to Task for His Methods.

New York, Sept. 22.—Booker T. Washington and his methods have been criticized by the local Presbytery in its weekly meeting, says a dispatch from Philadelphia. The question was brought up through the report of the Freedman's committee of which the Rev. J. Calvin Meade is chairman.

The report gave credit to Washington's influence for the increase of interest in the board. It deplored "the animal trait in the negro, which is so prominent," and continued: "It is to be questioned whether we should not balance the brutal assault on womanhood with the subtle power of seduction which the white man of social standing is an adept."

It urges the churches to rise above prejudices and devote all energies toward dealing with the negro problem, and deplored any mob violence.

Immediately after the reading, Dr. J. A. Warden, superintendent of Sabbath schools, and missionary work, said:

"I seriously question the methods of Booker T. Washington in educating the negro."

"He is giving exaggerated importance to industrial education and subordinating the education of the spiritual and religious influences. Booker T. Washington was in a pulpit in this city recently and throughout his sermon spoke on horsehoeing and carpentering not once mentioning Christ. I believe that the Presbytery should choose their own leaders for the higher education of the negro."

"I question whether the popularity of Booker T. Washington helps the Freedmen, but it does help Washington and the Tuskegee Institute."

NEARLY CAPTURED.

New York, Sept. 22.—The fishing tug Silver Spray, which had an exciting brush August 12 with the Canadian patrol boat Petrel, has again narrowly escaped capture, says a Herald dispatch from Erie, Pa.

According to Captain Schau he was out looking for lost nets and might have been in Canadian waters. The Silver Spray's lookout was surprised at seeing the Petrel loom up in the fog and veer in toward shore. Captain Schau immediately ordered his engineer to give the tug a full head of steam and after a brief chase the Silver Spray escaped.

AMERICAN CHORUS GIRLS FOR LONDON

New York, Sept. 22.—The annual announcement is made that plans have been completed in this city by Frank Curzon, the London theatrical manager for the establishment in London of a permanent American stock company. Light musical pieces will be given. It is likely that the Shaftsbury theater will be chosen as the home of the company. A chorus of American girls and players for minor parts will be assigned and principals will be sent over for the changes in the bill, actors being chosen for their parts here.

RELATIONS WITH KING

Cardinal Gibbons Says Pope Will Not Permit Them to Change Policy in Any Way.

NEW CARDINAL FOR AMERICA

Another Will Named, But Story Is to Be Created Is Denied.

New York, Sept. 22.—Concerning the probable relations between the new pope and the Italian government Cardinal Gibbons said:

"The pope, as patriarch of Venice, was on very friendly terms with the king, but what a man does when he is a more private in the ranks, so to speak and when he is elected to power and responsibility, are wholly two different things.

"Plus X is not patriarch of Venice, and, while he may retain his friendly feelings for the king, these feelings will cause no sudden change of the papal policy.

Concerning the possibility of another American cardinal, Cardinal Gibbons answered:

"There will be another cardinal. But there is absolutely no truth in the cable statement that the pope purposes to create the patriarchate of the occident."

A VERY PECULIAR MURDER

Poison Injected Hypodermically in Order to Rob Body.

New York, Sept. 22.—A case of murder by the injection of poison by means of a hypodermic syringe is reported, says a London dispatch to the Herald. The Moscow correspondent of the Daily Mail, who writes that an unpleasant smell proceeded from a wicker basket which arrived at luggage at the Brest railway station in Moscow, and for which no claimant appeared, caused an examination to be made, when the body of a well dressed man was found.

An examination showed that death had resulted through the injection of poison under the skin by means of a syringe. Inquiries were instituted which proved that the murdered man was a well-to-do land owner named Martin Tomashek. The perpetrators of the crime have been discovered.

The chain of evidence is so complete that they have admitted their guilt. The circumstances under which the deed was committed are of a highly sensational character.

Tomashek had no occupation and resided at a hotel. He was passionately fond of card playing and visited a club every night, where he played for heavy stakes and was as a rule very fortunate. On the day of the murder his cousin called at the hotel and asked him to come to his mother's house to play cards with two other friends of the family. Then at a given signal he was seized, his mouth covered so that he could not cry for assistance and the poison was injected under the skin of the forehead.

The three men then watched the effects of the poison for about half an hour, at the same time taking his money from his pockets, which they divided among themselves. After their victim died they placed the body in a basket and one of the men tied a piece of cord tightly around the throat to make sure, as he says, that there could be no further trouble with the murdered man.

The perpetrators of the crime were confident that their social positions would prevent any suspicion falling on them. It was only after the strong chain of evidence had been completed that they confessed.

BALFOUR HAVING TROUBLE

Reconstruction of Cabinet is no Easy Matter for Him.

London, Sept. 22.—Premier Balfour is apparently meeting with considerable difficulty in the task of reconstructing his cabinet. It is stated that Wyndham has been offered the choice of several portfolios, but has decided to remain chief secretary for Ireland.

It is also reported that General Hunter is to be transferred to India, the body in a basket and one of the men tied a piece of cord tightly around the throat to make sure, as he says, that there could be no further trouble with the murdered man.

CURTIS JETT FOUND GUILTY

Must Suffer Death Penalty for Murder of Marshal.

Cynthiana, Ky., Sept. 22.—After a trial lasting eight days the jury in the case of Curtis Jett, charged with the murder of Town Marshal Cockrill, at Jackson, Ky., last year, this evening rendered a verdict of guilty and fixed the punishment at death. The verdict of death, coming two hours after the jury was out, was a surprise to everyone. The reading of the verdict did not affect Jett, but his brother was much distressed.
