Different Types

of men need different types of Dress.

You know how it is with yourself. Some look best in a double-breasted coat, and others show-off better in a single. One man may look real swell in a coat that fits him snugly in the back, and another fellow with the same coat would be gaped as a dude. It all depends upon the way you are built. Crouse & Brandegee, the well-known Manufacturing Tailors of Utica, New York, build their garments to suit just those little peculiarities. Therefore it is: "You may come around here in the blissful anticipation of not only getting a SUIT your SIZE, but a SIZE that will SUIT."

CHARGES AGAINST OFFICIAL

Disbarment Proceedings to Be Instituted Against Attorney-General Crawford of Oregon.

Accused of Having Falsely Testified in Suit Brought by His Partner.

SAYS HE CAN DEFEND HIMSELF

Judge William P. Willis Brings the Charges, Which Are to Be Filed With Bar Association.

Portland, Sept. 26.—A. M. Crawford, attorney-general of the state of Oregon, will be formally charged before the State Bar Association with the crime of perjury, and that body will be asked to have him disbarred.

William P. Willis, one of the oldest legal practitioners in the state, prefers the charges, which are to be filed immediately with the grievance committee of the bar association. It alleges that Mr. Crawford, in a case in which he was the defendant, perjured himself while testifying in his own behalf. The charges to be filed with the bar association are supported by the affidavit of Judge Willis, and by a mass of documentary evidence, including an official transcript of the testimony which embodies the alleged perjured statements.

If the charges are sustained they are expected to result in the disbarment of the attorney-general.

Shortly after Mr. Crawford was nominated for attorney-general in 1902, rumors became current that he had been guilty of giving perjured testimony, but the story did not receive general credence, being regarded merely as a campaign attack. But the accusation has assumed positive form and is made with so much circumstance and with such an array of evidence that it can scarcely be ignored. Judge Willis says that he is prepared to appear at any time before the grievance committee of the bar association to support his charges.

The grievance committee of the bar association is composed of Judge H. H. Northrup, chairman, A. C. Emmons, secretary, A. King Wilson and Warren Thomas. Under the constitution and by-laws of the bar association it is their duty to investigate all charges reflecting upon the integrity or professional conduct of attorneys practicing in this state. If they find the charges are sustained by satisfactory evidence and if the offense charged is sufficiently grave, disbarment proceedings follow.

For more than 50 years Judge Willis has been a resident of Roseburg, Or., and during a large part of that time he has been actively engaged in the practice of law. Some years ago A. M. Crawford went to Roseburg and was admitted to Judge Willis' office. When he came he was a stranger, without clients, or business acquaintance, and he acted for a time as the assistant for the elder attorney. Finally, as Crawford acquired some business of his own, they frequently conducted cases together, sharing in the fees. These amicable relations continued for several years, but finally ended in a disagreement over the fee in a case which they had conducted jointly, and Judge Willis finally sued Crawford, asserting that he had received a larger sum in fees which he had failed to divide or account for. It was in this litigation that Crawford gave the testimony which Willis now says was perjured.

GENERAL OLGA AT LAST SURRENDERS.

Manila, Sept. 26.—6:20 p. m.—General Olga, leader of the band of insurgents which has been creating considerable trouble in the province of Albay, Luzon, has surrendered to the American troops with 25 officers and men of his command. He has surrendered a few of his guns, but has promised to turn over all arms belonging to his band without delay. Governor A. U. Beta, the provincial executive officer of Albay, says that this practically ends all armed resistance in that portion of the island the rest of the forces of the reconcentrados having been already dispersed. The hemp industry, of which Albay is the main center, has been seriously affected by the insurrection of which Olga has been the chief support.

MULTNOMAH MEET CLOSES.

Portland, Sept. 26.—The Multnomah fair association closed a successful meet of five days this afternoon at Irving park with a matinee of special races attended by about 7000 people.

BANKERS ANNUAL CONVENTION

New York, Sept. 26.—Secretary Branch of the American Bankers Association has announced the official program for the 29th annual convention which will be held in San Francisco October 21 to 23, inclusive. The feature of the convention will be the report of the special committee appointed last year to prepare a plan of currency adjustment. This committee will report on the first day of the session, and it is expected that the report will furnish a basis for thorough discussion of the currency question. The special committee consists of Charles S. Fairchild, formerly secretary of the treasury; H. C. Fahnestock, of New York; Homer S. King, of San Francisco; Myron T. Herrick, of Cleveland, and J. J. Mitchell, of Chicago.

JUDGE HAMILTON DEAD IN PRISCO.

San Francisco, Sept. 26.—Noble Hamilton, one of the most noted of the pioneer jurists of California, has just died here at the age of 87 years. He was born at Lawrenceburg, Ind., and had an eventful career. After serving through the Mexican war, he came to California in 1853 and since then has been a prominent figure at the bar. He was made superior judge of the third county in 1881 and served on the bench for 14 years. He was a prominent Mason.

Plot to Murder Turkish Ruler

Reported That London Anarchists Will Put Their Commendable Threat Into Execution.

London, Sept. 26.—A rumor is current in the inner circles of foreign anarchists in London that a plot has been formed to assassinate the sultan of Turkey, which is expected to culminate tomorrow.

No reliance can be placed upon this report, however, as the anarchists here are merely inspired by advices from the continent, which, it is believed, are more likely than not purely visionary.

PORTE IS INSINCERE.

Sofia, Sept. 26.—The personnel of the sultan's new Macedonian commission is alleged here to be an indication of the insincerity of the port's intentions. The Bulgarian representative, Nicola Tcheff, is 80 years, and has been for many years an official of the Turkish government. With the exception of Hilmi Pasha, inspector-general, who is president of the commission, none of the others has any prominence or influence.

The fact that the Bulgarian population of Macedonia is given only one representative is held to show that the porte has accepted Sofia's demands.

W. W. RIDENALGH NOT GUILTY.

Tillamook, Sept. 26.—The jury in the case of the State of Oregon vs. W. W. Ridenalgh charged with fishing without license, today returned a verdict of not guilty. It was made to appear to the jury that, though Ridenalgh had opened his cannery without taking out license, he had not at any time refused to take license. The case was one that attracted considerable local interest.

URGES HIM TO ACCEPT AN OFFICE

Balfour Tenders Colonial Secretaryship to Lord Milner, Who Has Not Yet Accepted.

Will Return to London From Germany to Consult About Appointment.

VITAL TO THE NEW CABINET

Premier Will Delay Its Reconstruction as Long as There Is Any Chance of Milner's Acceptance.

London, Sept. 26.—The report was current here this afternoon that Lord Milner had accepted the colonial secretaryship, owing to pressure brought upon him. Lord Milner has not accepted the colonial secretaryship. It is learned, however, that he contemplates leaving Carlsbad, Germany, for England for the purpose of conferring with Premier Balfour, and that he is likely to arrive early next week.

Lord Milner told friends only a few days ago that he would remain on the continent for a long rest, hence his arrival in London will doubtless give rise to many reports of his acceptance of the colonial secretaryship; but it will probably be several days before Lord Milner himself can definitely decide whether or not he can see his way clear to overcome the difficulties which prompted him to refuse the offer.

It is learned that Mr. Balfour regards Milner as vital to the success of the cabinet, and he is willing to postpone the reconstruction of the ministry indefinitely so long as there is a chance of getting Milner to accept the vacant post. If after personal appeals, Milner persists in his refusal, the Earl of Shelborne will probably take over charge of the colonial office, though all of the remaining members of the cabinet frankly say the Earl of Shelborne's removal from the admiralty would be a serious disadvantage to the government.

RED FIRE PROGRAM A FIZZLE.

Chicago, Sept. 26.—The centennial celebration of the founding of this city was formally opened tonight, when a ton or two of red fire was burned on the street corners in an attempt to give a realistic limitation of the great Chicago fire.

Tonight's conflagration was not exactly the success hoped for, because of the terrible storm which prevailed throughout the time set for the burning. Rain fell in torrents, the wind blew a gale and nearly everybody save the man whose business it was to feed the red fire sought shelter indoors. Between the wind, which blew his powder away, and the rain that soaked the balance of it in 30 seconds, the red fire man had difficulties of his own. Notwithstanding all this the result was fairly satisfactory.

BIG SALE OF OREGON LANDS.

Houghton, Mich., Sept. 26.—Colonel William Coach sold today to L. J. Cody, of Duluth, Minn., and W. T. Addis, of Kansas City, a tract of standing timber on the Coquille river, in Oregon estimated to contain 350,000,000 feet. The deal is one of the largest ever made in Oregon pine lands, the purchase consideration being \$350,000.

FORGER BURKE CAPTURED.

Portland Sept. 26.—(Special)—W. J. Burke, the alleged forger, who escaped from the Hillsboro county jail, was captured on Fourth plain, near Vancouver, Wash., after being shot twice by the sheriff. Burke was in his brother's house when the sheriff entered and covered him with a revolver. He started to leave the room when the sheriff shot him.

GENERAL CORBIN AT FORT LAWTON.

Seattle, Sept. 26.—Major-General Henry C. Corbin of the regular army visited Fort Lawton near this city today in the course of his tour of inspection of construction work in Western army posts. He arrived at 1 p. m. in a special car over the Northern Pacific and proceeded direct to Washington without stop.

BODY OF ENGINEER HANSEN FOUND.

Alameda, Cal., Sept. 26.—(Special)—The body of Hans Hansen, the missing Chief Engineer of the Steamer Eva, has been found floating in the bay. No marks of violence are noticeable on the body. It is thought that Hansen fell from Lone Wharf, Oakland, while returning to his steamer which was lying there a week ago, at the time he disappeared.
