ARE YOU LOSING WEIGHT

 If so then your system is out of balance, and there is a flaw somewhere in your constitution, and a possibility that you are losing health, too. The falling off in weight may be slight, but it makes a wonderful change in one's looks and feelings, and unless the building up process is begun in time, vitality and strength are soon gone and health quickly follows. If you are losing weight there is a cause for it. Your blood is deteriorating and becoming too poor to properly nourish the body, and it must be purified and enriched before lost weight is regained. It requires something more than an ordinary tonic to build up a feeble constitution, for unless the poisons and germs that are lurking in the blood are destroyed, they will further impoverish the blood and weaken the system, and you continue to lose weight.
 In S. S. S. will be found purifying and tonic properties combined. It not only builds up weak constitutions, but searches out and destroys germs and poisons of every description and cleanses the system of all impurities, thus laying the foundation for a healthy, steady increase in weight and future good health.
 Food may be bountiful and the appetite good, but still the system weakens and we remain poor in flesh unless what we eat is properly digested and turned into rich, pure blood. S. S. S. re-inforces the Stomach and aids the digestion and assimilation of food, and there is a rapid up-building of health and strength. S. S. S. acts promptly and beneficially upon the nervous system, strengthens and tones it up, and relieves the strain by producing sound, refreshing sleep. You can find no tonic so invigorating as S. S. S., and being composed exclusively of roots and herbs its use is attended with no bad effects. Old people will find that it braces them up, improves the circulation of the blood, and stimulates all the bodily organs, and persons of delicate constitutions can take S. S. S. with safety, as it does not derange the Stomach like the strong mineral remedies, but acts gently and without any shock to the system. Those whose feelings tell them they are not strong or well, and who are growing thinner and falling below their usual weight, should take a course of S. S. S. and build up again. S. S. S. is recognized everywhere as the leading blood purifier and the safest and best of all tonics. We cheerfully furnish medical advice, without charge, to all who will write us.
