# The Morning Astorian.

1903

VOLUME LVII.

ASTORIA, OREGON, FRIDAY, OCTOBER 9, 1903.

NUMBER 7.

This is a short story on overcoat detail. We'll pass over all about the propriety of the styles, and the fit, and the superiority, and the variety of sizes, and the material, and so on, and come right down, or rather up, to a little **Shoulder Wisdom**. All garments made by Crouse & Brandegee, Manufacturing Tailors, Utica, New York, are made with **Concave Shoulders** and close-fitting collar. The result of this is very apparent. These overcoats show it at a glance. When you get before the mirror you will notice it even more. It doesn't look padded. Some shoulders look as though made by the upholsterer, but there is none of that in ours. It looks clean-cut, well-built and gives the shoulders an added breadth, but without attractive. The secret lies

in the making. The same, too, with the entire garment. The care that's put in the shoulders is put in "all over," and thus the genuine goodness.

Copyright, 1903, Crouse &amp; Brandegee, Utica, New York.

## WAR SEEMS PROBABLE IN ORIENT

Japanese and Russian Fleets Are in the Harbor of Ma-San-Pho, Prepared for Hostilities.

Russian Troops Have Been Rushed to Korea in Anticipation of Trouble.

JAPANESE MEAN TO FIGHT

Rumor Has It That They Are Prepared for War and That the Issue Will Now Be Forced.

Paris, Oct. 8.--Official information received here shows that a formidable Russian fleet, comprising 30 warships, of all classes, has left Port Arthur and has arrived at Ma-San-Pho, south of Korea, where the Japanese fleet had already arrived. The Russian ships have anchored within the Ma-San-Pho harbor along side the Japanese ships.

Several brigades of Russian troops have been moved forward to the Korean coast and are now encamped on the border.

Diplomatic negotiations are still proceeding at Tokio. These do not relate to the evacuation of Manchuria by the Russian troops, but to the future of Korea.

The Patrie today, in a special dispatch from Darmstadt, published an interview with Alexander Savinski, the secretary of foreign affairs, with minister Lamsdorf, who, it is claimed, spoke on the authority of his chief of Russian-Japanese relations, M. Savinski is quoted as saying:

"Our agents at Tokio have informed us that Japan desires war and is prepared for it. We have enough troops in Siberia to resist all the Japanese force."

Regarding Turkey and Bulgaria, M. Savinski said that the accord between Russia and Austria was stronger than ever, and that he did not believe war between these two countries would occur.

### TREATY IS SIGNED.

Washington, Oct. 8.--The state department was informed today that the American-Chinese commercial treaty had been signed at Shanghai, and that the Japanese-Chinese treaty will be signed this afternoon. It makes certain that two ports in Manchuria will be opened to the United States, no matter what may be the outcome as to the negotiations for the evacuation of that territory by Russia.

### TROLLEY CAR STRUCK WAGON

Ten Persons Injured in Accident in Kansas City.

Kansas City, Oct. 8.--A west-bound Chelsea Park trolley car struck a wagon containing 14 persons at 10:30 last night at the corner of Thirteenth street and Stewart avenue, in Kansas City, Kan. The front wheels of the wagon were torn in splinters and all of the occupants of the wagon were thrown to the pavement. The injured are:

Mrs. Edna Barker, Welborn, Kas.; may die.

Mrs. Otto Brenner, Welborn, Kas.; cut and bruised, rendered unconscious.

Otto Brenner, Welborn; cut and bruised; rendered unconscious.

Knox Barker, Welborn; cut, rendered unconscious.

Mrs. Bertie Wilson, bruised, rendered unconscious.

John Wilson, 15 years old, Kansas City, Kas.; bruises.

Lottie Wilson, 12 years old, Kansas City, Kas.; bruised, rendered unconscious.

Lottie Wilson, 10 years old, Kansas City, Kas.; bruised.

George Gray, 20 years old, Welborn; cut in right leg.

Douglas Gray, seven years old, Welborn; bruised and cut, rendered unconscious.

The occupants of the wagon had been to the city to witness the Priests of Pallas parade and were returning home when the accident occurred.

News of the accident reached this city long after midnight.

### ANCIENT MAPS UNEARTHED.

Berlin, Oct. 8.--Herr Ruge, of Leipzig, has discovered in the library of the ancient university of Helmstadt, Brunswick, a number of valuable old maps, including one of Denmark and South Scandinavia by Cornelius Anthoni, Fernando Seco's map of Portugal dating from 1560; Antonius Wleis Russia dated 1550; Christophorus Tyrannus' Germany, dated 1547, and Agidius Bulion's map of Savoy, dated from 1556.

### THEFT WAS BIG ONE.

Manila, Oct. 8.--It is now learned that George Herman and C. J. Johnson, the constabulary officers stationed at Misamis, Mindanao, now fugitives

from justice, not only took \$5000 in cash from the safe, but also turned most of the supplies into cash before their dramatic exit on the vessel they appropriated. They took the steamer Victoria, of 25 tons register, and got sufficient coal from the steamer Irene by threatening the captain at the point of a revolver to carry them to Balangao, a town on the north end of the island. Here they secured wood and water before putting to sea again. They should have reached Sandagan, Borneo, today. A cable was sent to the governor of Borneo advising him of their departure and he at once dispatched the coast guard steamer Hanger to look out for them.

### CONSULS ARE IMPLICATED.

Manila, Oct. 8.--The name of Consul McQuade stationed at Canton is also mentioned as a beneficiary under the contract unearthed by Collector of Customs Shuster, in connection with the scheme to bring in Chinese coolies under the guise of merchants to the Philippine Islands, entering through this port. The collector has also accumulated other evidence to connect other consuls with the alleged frauds. The conspirators have, it is said, already issued many forged certificates assigning a former residence in the Philippines under which Chinese have been admitted here. Carl Johnston, who is also mentioned as a beneficiary under the contract, is a brother of Burlingame Johnston, the former consul at Amoy, where he himself was located as acting consul.

### LANGLEY EXPLAINS FAILURE

Says Accident Prevented Success with Aerodrome.

Washington, Oct. 8.--Speaking of yesterday's experiment at Widewater with his aerodrome, Professor Langley said today he was not an eye-witness of the experiment, but, from the statement of Manley, who was in charge, he is satisfied the failure was not the fault of the machinery, but of the clutch which anchored the aerodrome to the float. Professor Langley continued:

"The machinery was working perfectly and giving every reason to anticipate a successful flight, when this accident, due wholly to the launching ways, drew the aerodrome abruptly downward at the moment of release and cast it into the water near the boat-house. The statement that the machine failed for lack of power to fly was wholly a mistaken one."

### END OF TROUBLE IN SIGHT

Turkey and Bulgaria Are Going to Disband Troops.

Sofia, Oct. 8.--The feeling prevailing today is generally more hopeful than for some months past. It is based on reports which, while unconfirmed, appear to be well founded. Those reports are to the effect that the government is preparing to discharge the recruits summoned for three weeks' drill, and the Turkish and Bulgarian governments have reached an understanding on the question of demobilization where by Bulgaria will release 20,000 men and Turkey 40,000. If this agreement is carried out, Bulgaria will disband all the reservists recently summoned.

### GIRL WINS ROPING CONTEST

Lucille Mulhall Captures Prize at South McAlistier.

Chicago, Oct. 8.--A dispatch to the Tribune from South McAlistier, I. T., says:

Lucille Mulhall, 18 years old, and a friend of President Roosevelt, has won the \$1000 steer roping contest here, defeating the best known cowboys in the southwest.

The conditions were that three steers were to be roped and tied in the fastest time and the contest was open to all. Miss Mulhall threw her first steer and tied it up in 43 seconds. The second required one minute and 11 seconds, while the third was roped, thrown and tied in the remarkably fast time of 40 seconds.

### PLANNED TO ESCAPE.

San Quentin Prison, Cal., Oct. 8.--The plot of one of the most daring prisoners confined at San Quentin to cut his way out of the incorrigible cells and escape, has come to light. The floors of the cells are covered with three quarter-inch boiler iron and the convict had almost completed cutting through it. This would have given him entrance to a store room below, where he could have procured a rope and hook to aid him in his attempt to scale the walls. Harry Hammel, serving a sentence of 35 years for burglary, is the name of the prisoner concerned.

### BIG SILK SALE.

New York, Oct. 8.--Probably the largest silk auction sale ever held here has just been completed in this city. Buyers were present from nearly every large city in the country. About 13,000 pieces of goods were sold for a total of \$300,000. The sale was for the account of a large manufacturer who desired to reduce stock. It had been expected to continue several days but there was such a rush of buyers that the auctioneers disposed of the lot at one session. All colors sold well but the blacks led in favor.

## CLOSE OF BOUNDARY ARGUMENT

Final Session of Tribunal Marked by Masterly Appeal of J. M. Dickinson, Our Counsel.

Pointed Out the Lasting Benefits to Be Derived From Amicable Settlement.

WAR NO LONGER LAST COURT

Says Unanimous Agreement Will Be Victory for Arbitration of All International Differences.

London, Oct. 8.--Arguments in the Alaska boundary arbitration were finished this afternoon and the commission adjourned until Monday. Jacob M. Dickinson, of American counsel, made the closing speech, which was a notable one.

"The tribunal," declared Mr. Dickinson, "is unique, and the treaty will entirely miscarry unless at least one member shall decide against the contention of his own people. The faith thus manifested by the governments of Great Britain and America that judgment and justice will be exalted above plans where sympathies have away challenges the attention of mankind and distinguishes this tribunal above all others."

"If a settlement is reached, it will be a triumphant epoch in the history of the struggle of humanitarian principles for the substitution of something better than war as the sole court for determining international differences. If his tribunal should render a judgment practically unanimous, it would be the strongest assurance yet given to humanity that the christian nations are tending to the only practical realization of the poet's dream of a parliament of nations and a confederation of the world."

Lord Alverston said he had heard many leaders of the American bar speak in arbitration and other cases, but Mr. Dickinson's argument equaled anything he had ever heard, and he had not suffered by the fairness and impartiality with which he presented his arguments.

### INDUSTRIAL CONVENTION OPENS.

Sheridan, Wyo., Oct. 8.--The third annual gathering of the Wyoming Industrial convention, together with an exposition of the state's resources, has opened here with a very large attendance, many coming from Nebraska,

South Dakota and Montana, as well as from all parts of Wyoming. An unique feature of the occasion is the presence in the city of some 1200 Crow Indians, who have come in from the agency 50 miles north of Sheridan. They are accompanied by the whole paraphernalia of the tribe, including squaws, pappooses, ponies, dogs, tents, and teepees, and have established an Indian city on the heights overlooking Sheridan. The celebration opened with a parade in which United States troops state guards, Indians and cowboys took part. The convention was opened by Governor Chatterton, the president.

### WANTS HELP FOR MACEDONIA.

New York, Oct. 8.--Dr. J. M. Shoenmuller of the Macedonian benevolent committee of Sofia, has arrived here on a mission to secure aid for Macedonia. He is a graduate of the department of philosophy of the University of Pennsylvania and also a graduate of the University of Chicago. Recently he returned to his native country.

"We have waited for 25 years," he said, "since the treaty of Berlin for the inauguration of the reforms of the home rule that were promised by it. Instead we have been made the slaves of the Turk--disfranchised in every court, our women taken ruthlessly from our homes, our goods and our lives placed absolutely at the mercy of those who are merciful only when they kill."

"It may seem strange to say we are not trying to form a government in Macedonia. But such is the fact: our warfare is conducted simply with a view to force Bulgaria to fight Turkey. Her people are doing it, with food, recruits, arms and funds, but our government has stood like the rest of the powers and looked on."

### IS SHORT IN HIS ACCOUNTS

Pennsylvania Man Said to Be \$100,000 in Arrears.

Lancaster, Pa., Oct. 8.--William B. Given, president of the Lancaster County Railway Light Company, today handed in his resignation as president, and serious discrepancies, amounting, it is alleged, to \$100,000 or more, have been discovered in his accounts. Given has been regarded as a man of large wealth and has been noted as an operator on the stock market.

### WIFE BEATER SHOT.

New York, Oct. 8.--Suffering from many injuries, received in an attempt to defend the wife of William O'Keefe from attack by her husband, Policeman Edsall, of the Bronx, shot and seriously wounded O'Keefe. The latter had recently been released from the city prison and returned home where he attacked his wife with a club. She carried her baby in her arms and in order to protect it received the blows without flinching. Neighbors summoned Policeman Edsall and the brutal husband turned the attack in his direction. He fought it off until beaten nearly unconscious and then shot O'Keefe. The woman was so badly hurt that she had to be treated at the hospital.

## HARSHMAN CONFESSES TO SHERIFF

Divulges to Multnomah County Official the Plans of the Men Who Recently Held Up Atlantic Express.

Says the Leader of the Gang is a Relative of Famous Outlaw, Jesse James.

GIVES NAMES OF HIS PAIS

Says They Intended Scattering After the Robbery and Dis-closes Whereabouts of Bandits.

Portland, Oct. 8.--Gay Harshman, alias Jim Connors, the bandit who was wounded in an attempt to hold up the Oregon Railway & Navigation Company train two weeks ago, has disclosed to the sheriff the names of the gang of train robbers and where they are likely to be found.

According to Harshman, the leader of the band was "Jim" James, a distant relative of the notorious outlaw, Jesse James. Other members were George Underwood, "Billy" Morgan and his nephew, Charles Morgan. Harshman says it was planned after the robbery that James and Underwood were to make for the Mexican boundary, the Morgans were to go to Samish flats on Bellingham bay, and Harshman himself was to go to eastern Oregon. Harshman also stated that he thought the other members of the gang had carried out their portion of the program and that they are now in the vicinity named.

### BRIDGE DYNAMITED.

Chicago, Oct. 8.--A dispatch to the Herald from Helena, Mont., says: Northern Pacific railroad officials have just received word that a bridge on the line near here has been blown up. It is believed that it is the work of the blackmailers who for two months have been demanding \$25,000 from the road, carrying out their threats by wrecking trains and destroying property with dynamite.

### ANXIOUS TO AVERT WAR.

Berlin, Oct. 8.--According to a dispatch from Sofia to the Lokal Anzeiger, a letter has been received from Boris Sarafoff communicating his decision to discontinue the Macedonian uprising in order not to interfere with the pacifying efforts of the powers.

## Did You Notice These Bargains?
