MEDICAL LAKE OINTMENT

Seal Up the Avenues of Ill

by the employment of remedies which are truly nature's own—MEDICAL LAKE specifies, are Nature's Own Remedies direct from the hand of the Great Creator. Compared to these, man-made nostrums usually fail.

The waters of Medical Lake have absorbed their virtues through subterranean springs from the best in nature. The Indians recognized these virtues and deeded them magic. We know better, and reason that in nature's laboratory the components of Medical Lake waters, each a distinct standard of great merit, have been subtly compounded to form a remedy unequalled in man's pharmacopoeia. There is no malady of the blood which will not permanently succumb to its ministrations.

It is small wonder then that MEDICAL LAKE OINTMENT (or cream) possesses healing power which seems marvelous. This preparation is an Ideal Skin Food and beautifier and is the quickest and most agreeable remedy for Sunburn, Eczema, Burns, Bruises, Chapped Hands and Face, and all Roughness and Irritation of the Skin—is the most beneficial in its effects of all emollients and is an article which cannot safely be dispensed with in any household. Medical Lake Ointment if applied (especially immediately after washing) will allay all soreness and assure a soft, velvety surface to the skin. 25c. a box at druggists.

Gentlemen—I had been ill for two or three years, and my phicians seemed to be unable to give me any relief. I continued to grow worse until I was almost helpless, being unable to walk or even raise my arms above my head, and was reduced to 80 pounds in weight. At this time I decided to visit Medical Lake. Arriving at that place my friends thought I would not possibly live for more than a week or two, but thanks to the curative properties in the water, I immediately began to get stronger, and after a few months' stay here, taking daily baths, I was restored to a weight of 160 pounds after a long illness.
