ALASKAN ROAD TO BE BUILT

Successful Arrangements Made
for Important Rail Line.

Washington, Oct. 15.—J. E. Ballaine, chairman of the finance committee of the Alaskan Central railroad, who has been before the departments for the last week on work connected with the construction of the road, has been successful in his efforts.

The projected road will extend from Seward, on the southern coast of Alaska, north to the Tanana river, 420 miles, and will open, when completed, all of central Alaska to daily communication throughout the year.

DYING WOMAN IDENTIFIES MURDERER.

New York, Oct. 15.—A scene unique in criminal procedure has occurred in a dingy room of an East Side tenement, where an aged woman, in her dying moments, identified before Magistrate Hartlow and a full complement of court officials, Patrick Shea as the murderer of William McMahon.

The crime occurred last May and was a typical Cherry Hill affair. Shea escaped and after a long chase was captured in Philadelphia.

Mrs. Catherine Brown, an old woman who had known Shea from childhood, was the only witness and she could not go to court, so the court went to her. Propped up by pillows, she told the magistrate that she saw Shea, who stood manacled beside the bed, walk up behind McMahon and deliberately shoot him down. Cross-examination failed to change her statements and she finished by roundly denouncing Shea.

"Your dead mother," she exclaimed, shaking her hand at him, "was a decent woman. Be off; I never want to see you again."

WOMAN BECOMES NATURALIZED.

St. Louis, Oct. 15.—A contemplated sojourn of one year with relatives in Germany was suddenly brought to an end by Mrs. Albertina Glyckher because the question of citizenship arose, and she hurried back to St. Louis to be naturalized. Mrs. Glyckher was born in Germany, but has lived in St. Louis for over 40 years. Recently while visiting relatives in Germany she expressed the sentiment that the United States was her country. This was disputed, which resulted in her hastily returning and becoming naturalized in the circuit court. She is the second woman to be naturalized in Missouri in many years.

EVERY MAN SHOULD VOTE.

New York, Oct. 15.—District Attorney Jerome has issued a statement saying: "In a crisis like this no man has a right to put it out of his power on election day to help the cause that may then seem to him right or to injure one which he thinks should be destroyed. Political prophecy is a dangerous job, but unless I mistake before election day the feeling will be so intense and bitter, not about the persons, but about the things involved in this election, that every decent man will want to vote either to help a cause that he feels just or to record a protest against a cause that has aroused his animosity."

TROLLEY CAR WRECKED.

New York, Oct. 15.—Crowded with passengers, a cross town trolley car in Twenty-third street has been wrecked by a peculiar accident. A channel cover had been loosened at Sixth avenue and raised enough to throw the car from the track. It ran some distance and the passengers were hurled about in great confusion. A score were severely cut and bruised. One man almost had his throat cut by a piece of flying glass.

SCANDAL AT HONOLULU.

Honolulu, Oct. 15.—The federal grand jury is investigating a legislative scandal in connection with the house vouchers for the expense of the session. It is reported that they have been destroyed.

FLOUR RATES TO BE RAISED.

San Francisco, Oct. 15.—On the first of next month, it is said that the Pacific Mail Company and its allies will raise the freight on flour to the extent from \$1 to \$2 per ton. The low rate has prevailed for months past in competition with the Chinese lines of steamers, which has no vessels on the berth just now.

HAY SHORTAGE AT DAWSON.

Vancouver, B. C., Oct. 15.—A special from Dawson says: Hay in Dawson is selling for \$130 a ton. Not only is freight from the river being delayed on account of low water, but lower river steamers, which were bringing St. Michael's shipments of hay, feed, etc., will not reach here, and a serious shortage is expected.

BIG EXHIBIT FROM PHILIPPINES.

St. Louis, Oct. 15.—All of the 2300 tons of the Philippine exhibit shipment which arrived on the transport Kilpatrick at Seattle, is now on the world's fair grounds. There are 50 carloads in all. The largest piece in the shipment is a dug-out, or native boat.

The committee on ceremonies today assigned October 4 to the state of New York and notified the New York commission by telegraph.

NOT WORTH SO MUCH.

New York, Oct. 15.—The sale of a seat on the stock exchange at \$51,000 was reported today, as against \$52,000 last week. A year ago memberships were held at over \$80,000.

BENJ. G. ANSTADT DEAD.

NEW VERSION OF COMMANDMENTS.

Promulgated from the corner of Tenth and Commercial streets, where King Labor never sleeps and supplications daily goes up to the dispenser of home prosperity:

I
Thou shalt not go away from home to do thy trading, nor thy son, nor thy daughter.

II
Thou shalt do whatever lieth in thy power to encourage and promote the welfare of thine own city and thine own people.

III
Thou shalt spend thine earnings at home, that they may return from whence they came and give nourishment to such as may come after thee.

IV
Thou shalt patronize thy home merchant and thy home printer, for they verily doth not thy home printer spread over the land tidings of thy goodness and greatness that the people shall patronize thee.

V
Thou shalt not ask a printer to take less than his price. Remember by asking him to retreat from his price thou inferest that he is a robber. If he hath not dignity thou will get done by him somehow.

VI
Thou shalt not ask for credit for goods cost much money, and the merchant's brain is burdened with bills. His children clamor daily for bread, and his wife abideth at home for lack of sufficient raiment as adorneth her sister. Blessed, yea, thrice blessed, is the man that pays cash.

VII
Thou shalt not suffer the voice of pride to overcome thee and if other towns entice thee consent thou not for thou mayest be deceived. Remember the fate of the calf that left its mother and followed a steer away from home and lost its supper.

VIII
Thou shalt not ask for reduced prices for thine "influence" for gile is in thine heart and the merchant retheth it like an open book. He laugheth thee to scorn and shouteth to his clerks, "hal lo!"

IX
Thou shalt not ask the printer to take two dollars for a three dollar job because some other printer will do it for less money. The other printer may steal his stock and underpay his help. If thou trade with such as he thou art an accessory to the crime.

X
Thou shalt not bear false witness against the city wherein thou dwellest, but speak well of it to all men, that thy home city and its people may be proud of thee.

INDORSEMENT WITHHELD.

New York, Oct. 15.—After a bitter debate the Brooklyn Democratic Club, which includes among its members the leading Brooklynites of the party, has tabled by a majority of one, resolutions endorsing the Tammany ticket. Controller E. M. Grout, who accepted a place on the ticket after having been nominated by the Fusionists, is a member of the club and the repudiation stirred up much excitement in the organization.

Strongly worded resolutions were adopted urging all citizens to "resist Tammanyization of Brooklyn." Mr. Grout was not present at the meeting.

BIG ORDER FOR STEEL.

London, Oct. 15.—The Daily Telegraph asserts that Harland & Wolff, the ship-building firm of Belfast, has signed a contract to make all the iron and steel it requires from the United States Steel Corporation. It is estimated that this will amount to 150,000 tons yearly.

PATCH MAKES NEW RECORD.

So long as Medical Lake can Provide

the requirements of an enfeebled constitution, you need not suffer. Here are Nature's own remedies, direct from the hand of the Great Creator, brought to you in the shape of pleasant, agreeable, health-giving Salts, evaporated by our ingredients, such as all standards of the pharmacopoeia. By analysis, the waters of Medical Lake contain twelve nature has compounded them so efficiently that man has tried and tried in vain to make them. But art can never compete with nature, when nature evolves a masterpiece. That the Salts are a masterpiece, their history proves. To Medical Lake, a little woodland gem hidden high up in the mountains, among the forests of Washington, the Indians for centuries came. Here they worshipped, and drank of the pleasant waters. The well were made stronger and thrived on the delicious beverage, and the sick and ailing were restored. In all diseases of the BLOOD, RHEUMATISM, NEURALGIA, TALARIA, and in all cases of KIDNEY and LIVER TROUBLE, MEDICAL LAKE SALTS WILL TAKE A CURE. If taken faithfully, cure as sure as the sun shines. Man, with all his learning and his cunning, his experience and his skill, cannot make remedies like these, which nature freely gives.

25 CENTS, 50 CENTS AND \$1.00 A BOX, AT DRUG STORES

The Salts are also reduced, as a convenience, to Tablet form; five grains in each Tablet. Such a Tablet dropped into a glass of water, makes a remedy for the same troubles and at the same time an equally delightful cooling beverage
