Hope to Settle The Difficulty
Meeting of Interested Parties to Be Held This Week to Consider Butte Trouble.

Butte, Oct. 27.—There is a lull in the Amalgamated-Heinze war today. The next effort to settle the controversy, it is believed, will be made by the mediation committee formed at the suggestion of the Business Men's Association of Great Falls. The members of this mediation committee will meet in about four days. William Scallon and F. August Heinze have both signified their willingness to meet the committee and discuss settlement of the issues. As a result of the decision of Scallon to reject all terms offered by Heinze, many miners are leaving the city for Wyoming and British Columbia.

ASK A CONFERENCE.
Anaconda, Mont., Oct. 27.—Over 2000 smelter men held a mass meeting last night and discussed the Amalgamated-Heinze situation. Resolutions were adopted calling upon Governor Toole to convene an extra session of the legislature to enact laws remedial to the present state of affairs. In response to a telegram asking him if he, with Mr. Scallon, would meet a mediation committee consisting of Scallon and J. J. Hill, F. A. Heinze yesterday telegraphed to President Herbert Strain, of the Great Falls Business Men's Association: "I shall be glad to do anything I equitably can to relieve the situation." The substance of the replies of Mr. Scallon and Mr. Heinze was telegraphed to Mr. Hill and he was asked to fix a date when he could meet those gentlemen and other members of the committee in Butte. It was late in the day when the telegram was sent to Mr. Hill and his answer has not yet been received.

DENIAL FROM CONSUL.
San Francisco, Oct. 27.—The report sent out from Honolulu a few days ago to the effect that the Toyo Kisen steamship Nippon Maru would call at Midway Island on her way to Yokohama owing to anxiety over the alleged strained relations between Japan and Russia, is denied by the general agent of the line in this city on the authority of Minister Takahira at Washington. When the report concerning the Nippon Maru was received here Agent Avery consulted Japanese Consul Uyeno and he in turn wired Minister Takahira, who promptly denied it on the strength of a cable from the Japanese consul General at Honolulu.

ANTIS CAPTURED CONVENTION.
Seattle, Oct. 27.—A special to the Post Intelligencer from Juneau, Alaska, says: The anti-territorial delegates captured the convention here yesterday and elected J. B. Hamlin chairman and W. Shorthill secretary. Ex-Governor Swinford booted the convention. He is a strong advocate of a territorial form of government and the defeat of his friends sent him out of the convention. The Valdez-Eagle road was enthusiastically endorsed by the convention. There was a good representation from southeastern Alaska present and the Third district had a number of delegates in the convention. None was not represented.

GOT BIG PRIZE.
Paris, Oct. 27.—At the annual public session of the Academy yesterday, President Herro announced a number of prizes including \$100 for experiments at the Sorbonne laboratory to settle the difference between French and American scientists in connection with electro-dynamics. The Academy awarded the prize of \$20,000 for the most remarkable scientific work to Dr. Roux, who continues to carry out the work begun by the late Prof. Pasteur. Dr. Roux accepted the prize on condition that the amount be devoted to the scientific investigation of the Pasteur Institute.

APPOINTMENT IS CENSURED.
Rome, Oct. 27.—Monsignor Sogaro, for many years apostolic vicar in the Sudan, where he actively participated with Wingate Bay in the liberation of European prisoners from the Mahdi, has been appointed by the pope to the presidency of the Academy of Noble Ecclesiastics. The appointment has caused much gossip in vatican circles as a Venetian. People are beginning to say that the pope is giving all the good positions to his fellow Venetians.

ONE CARDINAL FOR AMERICA.
New York, Oct. 27.—The pope has requested from Mgr. Merry del Val, the

Gottl a list of foreign prelates under the secretary of state and the congregation of the propaganda, who are considered available for the appointment as cardinals, cables the Rome correspondent of the Tribune. In the list of Americans presented by Cardinal Gottl, Archbishop Ryan of Philadelphia stands first, Archbishop Ireland of St. Paul coming next, followed by Archbishop Farley of New York and Archbishop Chapelle of New Orleans. Contrary to rumors that several American cardinals will be created at the January consistory, only one will be named, if even he be not left out at the last moment.

ARRESTED FOR FRAUD.
New York, Oct. 27.—Adolf Friedman whose arrest has just been reported at Budapest at the instance of the United States authorities on the charge of fraudulent bankruptcy in New York, formerly conducted the business of a drygoods auctioneer in this city. He disappeared in December, 1898 leaving creditors, it is alleged, for \$150,000. In 1900 action was commenced against him. Before going away he drew \$15,000 from various banks where he had deposits.

RATIO WILL SOON BE FIXED.
Denver, Oct. 27.—Daniel Guggenheime, who is in this city, in discussing the report of the United States committee on international exchanges said: "I believe at last the ratio between gold and silver will be fixed soon. It is not a question of what ratio we ought to have. The question is what ratio we can get. The ratio of 22 to one will be of immense benefit to people of a great many different nationalities. It will enable China to become a purchaser, and will create a demand for goods from America and other countries. A fixed ratio would also result in the opening of many Colorado mines."

OFFER TO COLLEGE.
London, Oct. 27.—The Dublin correspondent of the Daily Chronicle says he has been informed that the government has made a definite offer of \$50,000 a year to a Trinity college, Dublin, if it will consent to support a bill to establish a Catholic college within Dublin university and to bring Queen's college, Belfast, into the new college. The authorities of Trinity college have not yet replied to this offer.

WILL NOT COME TO PORTLAND.
Boise, Ida., Oct. 27.—T. P. Cook, general superintendent of the Western Union, at Chicago, and a party of other high officials of that company, arrived in this city tonight. The party will not continue their journey to Portland as originally planned, but will return east today.

LYNCHER ARRESTED.
Denver, Oct. 27.—A special to the Republican from Basin City, Wyo., says James Patlock one of the men indicted for complicity in the lynching of Gormal and Walters and the killing of Deputy Sheriff Price, has been arrested and is in jail.

PERSONAL MENTION.

**JOSEPH WEST, OF CLATSOP PLAINS, WAS IN THE CITY YESTERDAY AND LEFT THIS MORNING FOR PORTLAND.
Paul Messinger, manager of Weinhard's brewery, was in the city yesterday, looking after the interests of his firm.
Carl C. Fisher, of Svenson, returned Sunday from the Atlin district back of Skagway, Alaska, where he had been since the early part of August last. He did well in that section and will return soon. This, he thinks, is one of the most prosperous localities of the Alaskan gold fields. When he left for home, the lakes were frozen over and the thermometer registered eight degrees below.**

SAVES TWO FROM DEATH.
"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and \$1.00 bottles guaranteed by Chas. Rogers. Trial bottles free.

Sheep Raising Pays Very Well
Joshia West Offers Figures to Show That There Is Lots of Money in It.

It may not be known that sheep do well in Clatsop county. But as a matter of fact, it may be truthfully stated that there is big money raising mutton anywhere in this climate, whether in Clatsop County or in adjoining localities.
Mr. Josiah West, of West Station, Clatsop Plains, was in the sheep business up till 1882 when, as most sheepmen know, prices tumbled and Mr. West changed his business and took up cattle. A year or so ago he again bought sheep and began disposing of his cattle. A great many people will be interested in Mr. West's figures.
Last spring he had in all 120 head of sheep and his increase was 50 lambs. Out of his original band he sold 40 head, dressed, to Schofield & Hauke, of this place. They netted 75 pounds, and at 8 cents, brought the nice sum of \$6 a head, or \$240 for the whole. He used 10 for home consumption, which is equal to \$300 for the 30 head. The pelts averaged \$1.12 1/2 a piece, and with the wool shorn from the remainder, had net returns of \$504.25, and yet retained the original number of sheep, counting the spring increase.

His band of sheep have been fed nothing but native grasses, refusing hay or vegetables, and have never been in a shed, though Mr. West has provided for their comfort a fine large structure.
Mr. West's loss consists of one buck and two lambs, since his last venture in the business.
Mr. West has just returned from Salem with 150 head of grade Cotswells and full-blood bucks. He is satisfied that the sheep business in Clatsop county is profitable, and of this the Astorian readers can have no doubt.
