## Sunshine All The Year Round

Dell Ferguson and Nephew Are  
En Route for Santa Barbara,  
California.

Dell Ferguson, a former resident of this city, and who has been visiting here for the past week, left last evening for Santa Barbara, his present place of residence. Mr. Ferguson is accompanied by his nephew, Ted, son of J. E. Ferguson, the contractor. Ted will visit at Santa Barbara for an indefinite period.

According to Mr. Ferguson the region in and about Santa Barbara is a land of eternal sunshine. "As an example," he said, "last Christmas day Mrs. Ferguson and I, accompanied by a number of friends, took a car a short distance out to a coast resort and spent the day as a jolly picnic party. From the bluff where we had our lunch we could see a number of people 40 feet below us bathing in the surf. The kind of weather we have there all the year 'round is similar to the best Astorians enjoy in July and August. The great trouble with the country is that there is not rain enough. The crying need is water. Last year there was not enough farm machinery in the state to harvest the crops. This may be succeeded by years of drouths, however, so there is no telling when prosperity may strike us. Irrigation is being pushed as rapidly as possible and the results show an improvement in conditions, but it is only an improvement and nothing else."

## MONROE BESTS PETER MAHER

Butte Miner Stops Him in the Fourth Round.

Philadelphia, Nov. 7.—Jack Monroe, the Butte miner, stopped Peter Maher tonight in the fourth round of what was to have been a six-round go. The bout was fierce and bloody.

## SHARKEY DEFEATED.

Jacksonville, Fla., Nov. 7.—In a wrestling match tonight between Tom Jenkins, of Cleveland, and Tom Sharkey, of New York, for the championship of the world, Jenkins threw his antagonist the first two falls. The first fall was secured in 14 minutes and the second in 14 minutes.

## NOTICE OF PUBLICATION.

United States Land Office, Oregon, City, Oregon, October 29, 1903.

Notis is hereby given that in compliance with the provisions of the act of Congress of June 3, 1873, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Philip Wildt, of Astoria, county of Clatsop, State of Oregon, has this day filed in this office his sworn statement No. 6220, for the purchase of the NW 1/4 of Section No. 29 in Township No. 5, N, Range No. 8 West, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Oregon City, Oregon on Friday, the 15th day of January, 1904.

He names as witnesses:

J. R. Wherry of Elsie, Clatsop County, Oregon.

Roy Wherry of Elsie, Clatsop County, Oregon.

Alex Grant of Astoria, Clatsop County, Oregon.

Ignatius A. Grant of Astoria, Clatsop County, Oregon.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 15th day of January, 1904.

## Cannon Chosen House Speaker

Choice of Republicans and Will Be Elected at Opening of Session Monday.

Washington, Nov. 7.—At a caucus of the republican members of the house of representatives held in the hall of the house tonight, Joseph Q. Cannon, of Illinois, was unanimously chosen as the candidate of the majority as speaker of the house. This action assures his election Monday. Mr. Cannon, in accepting the nomination, among other things said:

"I thank you for your action in conferring this distinction upon me. I pledge my best efforts to justify your confidence and I ask your co-operation without which I cannot hope to succeed."

A resolution was adopted making the elective officers of the house in the last congress the nominees for the fifty-eighth congress.

## DEMOCRATS IN CAUCUS.

Washington, Nov. 7.—The democratic members of the house, in caucus today, selected Representative John S. Williams, of Mississippi, as the unanimous choice of the minority for speaker. This action makes him the minority leader in the coming session. The thanks of the caucus were extended to Mr. Richardson, of Tennessee, the retiring minority leader, for his services to the party. Richardson responded, thanking his colleagues in turn.

Baker, of New York, proposed the following resolution, which was referred to a committee:

"Resolved, That regardless of the practice of the republicans, it is the sense of this caucus that its members do not accept passes or favors of the railroads."

## NOT A SICK DAY SINCE.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c at Chas Rogers, druggist.

## Engine Taken to Warrenton

Passenger Train Runs Into Open Switch Causing a General Jostle.

Yesterday the engine that was damaged by the collision in the yard at the depot Friday night was taken to the shops at Warrenton where it will undergo repairs. The accident was considerably more serious than at first reported. The night train from Portland ran into an open switch, striking engine No. 3, that was standing on the siding, almost full tilt. The result was that No. 3 was sent flying a distance of 150 yards, being badly smashed up. The passenger engine was backing in so that the rear pilot was knocked off and some minor damages resulted. When the engineer felt his engine leaving the main track he threw the air brake lever into the emergency notch, the operation shaking up the passengers who had recovered from their surprise when the collision occurred. This frightened them somewhat, but their fears soon passed over when nothing serious followed.

A newspaper man was not on the ground at the time of the accident and when the night man at the depot was interviewed at a late hour that night he gave out the statement that no collision had occurred, but as the train neared the depot the engine partly moved off the rails, but no damage was done. There was doubtless a misunderstanding somewhere, but just where does not appear.

## PROCEEDINGS TO DISBAR

Attorney Lamb Accused of Deceit by Railroads.

New York, Nov. 7.—A petition has been laid before the appellate division of the supreme court by the Bar Association, accusing Attorney George Alfred Lamb of this city, who represented Peter Power in the suit to prevent the merger of the Great Northern and the Northern Pacific railroads, of fraud, deceit, malpractice and gross unprofessional conduct. Proceedings were begun to disbar him. The Northern Pacific railroad brought the charges originally before the Bar Association last January.

The accusations against Lamb are that he had used Peter Power as a dummy plaintiff in the Northern Securities case; that he tried to prevent Power from obeying an order of the United States court and that he declared under oath that he had held in his own possession 100 shares of stock which Power claimed to own, but which really belonged to Camille Weldenfeld, a stock broker who has been suspended from the exchange in connection with the suit.

When the charges were originally made Lamb refused to answer them, denying that he was guilty of any wrong and saying that if the dignity of the federal court had been offended as charged that court alone could take official notice of the matter.

## STRAIGHT LINE SAVES DISTANCE.

San Francisco, Nov. 7.—The Southern Pacific's two years' work in straightening the line from Ogden to Reno has resulted in a saving of 47.37 miles in actual distance, an equivalent of 75 miles in the overcoming of difficult grades and a practical saving of about two hours in running time for the stretch of 64 miles between the two stations. It is expected that trains will be using the entire new track system by the first of the year. No less than 12 different places have been straightened and the grades improved. This side of Reno there is still the possibility of overcoming an elevation of 1000 feet by constructing a prospective five mile tunnel. This proposed tunnel will do away with the long line of Sierra snow sheds.

## RAILWAYS AT WAR.

Whatcom, Nov. 7.—A fight is said to be on between the Great Northern and Bellingham Bay & British Columbia Railway for possession of Skagit pass. In 1888 the Great Northern contemplated using that pass and went so far as to survey the route. On learning that the Great Northern was resuming activity, Superintendent Donovan, of the local road, has started for the pass, although it is the middle of the rainy season. The question seems to be which line will get through the pass first.

During the racing season more than \$1,000,000 a day is wagered on horses.
