Dressy Overcoats

Between the extremes of style in overcoats comes this "Regular" style; it's called that, we suppose, because wearers never get tired of it. You see how Hart Schaffner & Marx make it; very dressy, and just as stylish as the long loose-backed shapes or the form fitting kind. You can't make an overcoat mistake here; there isn't a wrong one in the store; and there are a good many right ones. Better pay a Hart Schaffner & Marx price and get full money's worth.

PRINCETON BEATS YALE IN BIG GAME

Hammers Out Victory in Desperate Contest in the Last Five Minutes of Play; Score is 11 to 6.

Dewitt Gets Honors by Kicking a Goal From Placement to Break the Tie.

HARVARD IS BADLY DRUBBED

Goes Down to Miserable Defeat Before Dartmouth College Team by a Score of 11 to 0.

New Haven, Conn., Nov. 14.—Yale went down to defeat before Princeton today by a score of 11 to 6.

The contest, which was one of the most spectacular ever witnessed on Yale's gridiron, was stubbornly fought throughout, and until the last five minutes of play, when Dewitt, the Princeton captain, kicked a marvelous goal from placement, and broke the tied score of 6 to 6, the result was in doubt. The battle was waged furiously and the Yale men were the first to show the effects of the struggle. Princeton resorted to a kicking game and, with but five minutes to play, a Yale fumble placed Yale in serious trouble near her own goal line. Bowman, a Yale back, was forced to kick from behind his own goal line.

Vetterlin, who was playing back for Princeton, caught the ball, and, with great presence of mind, heeled the catch for a kick from placement. With the score still at 6 to 6 the great crowd was breathless while Dewitt prepared to try for a goal at a slight angle. The distance seemed forbidding, but Dewitt was superbly equal to the occasion and shot the ball between the goal posts in masterly style, thereby insuring Princeton its first victory in football over Yale since 1899.

HARVARD WHITEWASHED.
Cambridge, Nov. 14.—A defeat more pitiful than any recalled by the friends of Harvard, and one in which there was not a feature to give comfort to the under graduates of the university, was administered to the Harvard eleven by Dartmouth this afternoon. The score was 11 to 0.

TO PROSECUTE ELECTION FRAUDS.
Denver, Nov. 14.—District Attorney Lindsay will be waited upon by a committee of three from the Honest Election League and will be asked to deputize an attorney whom they will name, to act with and for him in the prosecution of election frauds. The committee has cases against six persons involved in the frauds of the last two elections. A satisfactory answer will be asked. If it is not forthcoming it is understood that a committee of 100 citizens will call upon the district attorney in a body and demand to know why he refused to take up the matter of election frauds.

TWENTY NEGROES ARE KILLED
Lose Their Lives in Rear-end Collision in Louisiana.

New Orleans, Nov. 14.—A rear-end collision on the Illinois Central near Kentwood, La., tonight resulted in killing 20 negroes. Ten other negroes and three white men were injured, some of them fatally. The collision was between the McComb City accommodation train and a northern express bound for Chicago. The McComb City train should have sidetracked to let the express pass, but got behind before it reached Kentwood. Near the station the express ran down the accommodation train. The rear coach of the accommodation train was filled with negroes and was completely wrecked.

BARELY ENOUGH COAL.
San Francisco, Nov. 14.—The officers of the monitor Wyoming report upon arrival at Acapulco that only 24 tons of coal remained in the vessel's bunkers. Had rough weather prevailed

ed the monitor would have had to fall back upon the Concord or Marblehead, both of which were not far away. The vessel behaved well on the trip down and gave satisfactory proof of her seaworthiness. At last accounts the monitor was at Acapulco.

KOSHER METHOD IS CRUEL

Denver, Nov. 14.—Officers of the State Humane Society have stopped the killing of beef by Hebrew butchers on account of the alleged cruelty of the "kosher" method. A conference of representative Hebrews and officers of the Humane society will be held probably Monday and an effort will be made to evolve some method of killing which will satisfy the demands of both Hebrews and the Humane Society officers.

COMPANY CLOSES MILLS

Chicago, Nov. 14.—As a consequence of the general reduction in wages in the iron trades, the mills of the Indiana Steel Company, the chief industry at Indiana Harbor, Ind., closed last night for an indefinite period. The immediate cause of the shut down was the strike at midnight of 350 members of the Amalgamated Association of Ironworkers. The strike was ordered by the leaders of the union because the company sought to cut wages to the level recently established in most of the plants of the American Sheet Steel Company. The Indiana Company employs 900 men.

Score Is Tied at End of Game

California and Berkeley Play Fast Contest—Washington Defeats Oregon at Seattle.

San Francisco, Nov. 14.—(Special)—The interscholastic football game between the university of California and Leland Stanford university eleven today resulted in a tie—6-6. The game was desperately fought throughout and some sensational performances marked the contest. The gridiron was sandy and was rendered comparatively dry by a break in the weather, which had been incessantly rainy the several days. A large crowd saw the contest.

The first half of the game was remarkable for the great run of Stanford's quarterback, Captain Bannach. On a successful quarterback play the Cardinal leader secured the oval and sped down the field for a touchdown after a clear run of 65 yards. The goal was kicked and the score stood, at the end of the half, Stanford 6, California 0.

In the second half the Berkeley aggregation played a hard game to overcome the lead of the Cardinals. Right Tackle Heilmuller blocked a Stanford kicked and fell on the ball after it had rolled over the line, scoring a touchdown, and when the goal was kicked the California rooters set up a great cheer of joy.

After the score was tied both teams struggled to secure a deciding point, but were unable to do so. Throughout the game a punting duel was fought by Overall, of the state university and Spratt, of Stanford.

OREGON TEAM BEATEN.

Seattle, Nov. 14.—In the hardest fought gridiron battle that has been seen in the state of Washington for years, Washington this afternoon defeated Oregon by a score of 6 to 5. The game was played in a wind that was all but a gale and an icy rain. The victory was decisive and the difference in the strength of the two teams is greater than the score indicates. Oregon for nearly the whole of the game had the wind directly at her back, and Templeton's kicking was largely responsible for the fact that Washington did not make a larger score.

TOBACCO TRADE IS STRAINED

Action of the Banks in Refusing Credit Causes Alarm.

New York, Nov. 14.—As an outcome of the failure of Sutter Bros., importers packers and dealers in leaf tobacco in Chicago and this city, the wholesale tobacco district, embracing several blocks in lower Manhattan has been excited by the refusal of local banks and several out of town institutions to extend them credit. As most of the Sutter liabilities, running close to \$2,000,000 was in money due to local firms, tobacco raisers in the south and the colonies quickly asked that their accounts here be settled immediately.

When banks were visited in the hope of securing funds on promissory and accommodation paper to meet these demands it is said the would be borrowers found it a hard matter to negotiate loans. As a consequence, business in the tobacco district suddenly experienced a great contraction but no serious results are yet apparent.

COURTESY IS EXTENDED TO COLOMBIANS

General Reyes May Have Use of One of Our Warships During His Official Visit to Panama.

Secretary Hay Anxious That No Unpleasant Incidents Shall Occur There.

AN INVASION IS IMPOSSIBLE

Varilla Says Colombia Could Not Possibly March an Armed Force Against the Seceding Province.

Washington, Nov. 14.—In order that the contemplated mission of General Reyes, of the Colombian government, to Panama, having for its object the making of overtures to the new republic designed to secure its return to the national domain, may not be accompanied by any unpleasant incidents, Secretary Hay, late today, after a conference with Minister Bunau-Varilla, determined to accord General Reyes the courtesies of a warship upon his arrival at the isthmus, should he desire to go aboard.

It was also arranged with Secretary Hay that a warship should be assigned especially to the government of Panama, in which its officials may hold conferences with the Colombian representatives.

Minister Bunau-Varilla called at the Russian embassy this afternoon and had a long interview with Count Cassini, who was asked to lend his hand in securing the recognition of the new republic. To simplify the efforts in this direction, Minister Bunau-Varilla today urged his government to clothe the commission, now on its way to Washington, with the power to make such representations as may effect speedy recognition of the new republic. By this means, it is stated, the necessity of sending representatives of Panama to each of the foreign capitals charged with the duty of securing recognition, will be obviated.

Phillipe Bunau-Varilla was at the state department today to see what information the officials had regarding the situation on the isthmus. He said he had no anxiety over the dispatches from Guayaquil that the Colombian expedition would endeavor to reach the isthmus.

"It were easier," said the minister, "to march from Cape Town to London than from Bogota to Panama. The straits of Gibraltar and the English channel are at least swimmable, but

the marshes between the new republic and Colombia are impenetrable." The minister counts on the American naval force to deal effectively with any expedition by sea Colombia may attempt.

WINTER SEASON COMMENCED

Big Crowd at Oakland at First of Racing Events.

San Francisco, Nov. 14.—The winter racing season of the new California Jockey Club opened at Oakland today in the presence of over 8000 people. The heavy rain ceased in the morning and clear weather prevailed. The track was very muddy, but the fields were large. While the favorites were not very successful, the well-played horses scored, with the result that the majority of the 15 bookmakers in line did not have a profitable afternoon.

SLAIN BY MURDEROUS MOROS

Three Men of Twenty-eighth Infantry Killed.

Manila, Nov. 14.—Since the departure of Major-General Wood for Jolo, the Moros in the neighborhood of Lake Lanao have become very ugly, and yesterday the guard over a boat near Marabul was attacked. Three members of the Twenty-eighth Infantry were killed and one was seriously wounded. The Moros were beaten off.

J. S. Dellinger returned last night from an extended business trip to the second and southwestern Washington. Mr. Dellinger reports that trade conditions are satisfactory in Oregon's sister state, although the lumber business is not as brisk as it was. The market is somewhat demoralized, despite a fair demand, mill men are weeding out their forces, keeping the best men. Several new mills are now being finished in the vicinity of South Bend.

BOTH SIDES ANXIOUS TO ARBITRATE

But Contending Factions in Chicago Street Railway Strike Have Not Made Overtures for Peace.

Cars Operated for a Time Yesterday Under Protection of the Police.

STRIKERS GIVE NO TROUBLE

The Success of Companies Has Prompted Them to Renew Their Efforts to Run Their Cars.

Chicago, Nov. 14.—Cars under police protection were operated three times on the Wentworth avenue line today, without interference or material disturbance. There was a much less disorderly disposition manifested by the strike sympathizers and the day was one of comparative peace. Two obstreperous hoodlums were clubbed and thrown into the police patrol wagon and this comprised the hostilities.

The work has encouraged the company to announce that it will run cars on Sunday. In the morning cars are to be sent out at intervals of five minutes until evening.

The prospect of peace is not promising tonight. Both sides express themselves as willing to arbitrate, but each is waiting for an advance from the other side.

A great crowd of strikers, representatives of the Chicago Federation of Labor and members of municipal ownership leagues, with a few hundred other men, poured into the city hall late in the afternoon and attempted to break into the room where the city council committee on local transportation was holding a meeting. They were repulsed by the police, and the crowd slowly melted away, after two hours of loud talking.
