ASTORIA, OREGON, SUNDAY, NOVEMBER 22, 1903.

NUMBER 43.

What's Your Style?

Do you like a regular sack suit, for business? Or the double breasted? Or the variety?

All suitable; and if you say "Hart, Schaffner & Marx," all good and satisfactory, to you.

We show here the regular Hart, Schaffner & Marx double breasted sack; differs a little from the double breasted Varsity; both very stylish suits. The best thing about Hart Schaffner & Marx clothes is you pay a little more for them than for some clothes; but you'll get a good deal more than you pay.

HARVARD IS BEATEN BY YALE TEAM

A Desperately Contested Annual Football Game Goes to Blue Eleven by Score of Sixteen to Nothing.

Yale Defense Was Too Strong for the Crimson and Held at Critical Times.

FORTY THOUSAND SEE GAME

Harvard Repeatedly Carries the Ball to Yale Goal Line, but Is Unable to Make a Touchdown.

Cambridge, Mass., Nov. 21.—Harvard struggled bravely against Yale today in their annual football match, but was defeated, 16 to 0, principally because her offense weakened and Yale's defense grew stronger as the crimson players got within striking distance of the Yale goal.

Nearly 40,000 persons watched the game, and, while it was not as spectacular as that between Yale and Princeton a week ago, better football was played; and for the first half and for seven minutes in the second half the score was quite small enough to make the result uncertain. In fact, after Harvard had shown sufficient speed to get twice inside Yale's five-yard line in the first half, her supporters were well nigh convinced the team would not only score, but win the game. Yale's defense proved too strong, however, and, backed up by 15,000 voices, that yelled "hold 'em! hold 'em!" the blue line stood firm beneath its own goal bar, twice capturing the ball there on downs and in the third instance taking advantage of a fumble by Harvard players. In the second half Harvard got within six inches of the Yale goal and could not score.

The defeat, under these circumstances, was exceedingly bitter for the crimson. The fast play of the team beyond the Yale 10 and 15-yard lines enthused the Harvard supporters and proved to be one feature of the game. There was some fumbling and several blocked kicks, one of the Yale scores being directly due to the latter. There were several end runs for 15 and 25 yards, but as a rule the play, especially so far as Harvard was concerned, was a series of fierce line plunges for short gains of one, two and three yards.

The kicking was below average, especially on Harvard's part, and was a great disappointment to the crimson supporters.

WILL EXAMINE NEW BRIDGE

County Court to Visit Lewis and Clark Tomorrow.

The county court will meet tomorrow for the purpose of visiting the new bridge over the Lewis and Clark river. Lieutenant Amos A. Fries, representing the war department, will accompany the commissioners and make the necessary examination for the war department. R. P. Habersham will represent the county. The government specifications required that the span of the bridge be at least 70 feet in length, and the actual length is 72 feet 3 inches. It is also required by the government that not more than 2 minutes be occupied in opening the draw, another specification that has been lived up to. H. W. Dean, who supervised the construction of the bridge, states it is easily the finest bridge in the county. It will be fully completed Monday morning. Mr. Dean gives credit for the excellent manner in which the piling was driven to Charles McDonald, who had charge of this part of the work. Ferguson & Houston were the contractors.

REGISTRATION OF VOTERS.

Eighty-seven persons registered yesterday at the office of the auditor, and the total number of registrations is now 636. As is usually the case, precincts 3 and 4 are running a close race for first place, and at the close of business last night there were but two votes difference between them. The registrations by precincts are as follows: No. 1, 77; No. 2, 133; No. 3, 143; No. 4, 141; No. 5, 53; No. 6, 91; total, 636. About as many voters have not registered as yet, but at the rate of 100 a day it will not require any great length of time to get all the names on the roll.

BOARD OF EQUALIZATION.

The board of equalization met yesterday afternoon at the city hall and examined the assessment levied for the improvement of one block of Fifteenth street, in the East End. The board made a report in which it was recommended that the assessment be confirmed. The matter of the assessment for the construction of the Forty-fourth street drain was also taken up. There is a lengthy remonstrance against the acceptance of this improve-

ment, which is said to be faulty, and several of the interested property owners have remonstrated against their assessments, claiming that they have been unjustly taxed. The board decided to defer action on the matter until December 8, the day following the council meeting.

WOULD RESTORE CANTEN.

Washington, Nov. 21.—Although he has held his office for only a few months, Lieutenant-General Young, chief of staff, has made a report to the secretary of war. For the most part the compilation recommendations are made by subordinate officers. General Young urges the re-establishment of the canteen.

TURKISH FORCE BESIEGED.

Salonica, Nov. 21.—A battalion of troops was detached from Seres, Macedonia, today, to reinforce the Turkish command which has been besieged for two days in the mountains near Spalovo by a band of 350 insurgents. Thirty Turkish soldiers are already killed.

BACK FROM ALASKA.

Seattle, Nov. 21.—United States Senator W. P. Hephburn, of Idaho, and Congressman Francis W. Cushman, of Washington, returned today from Valdez, Alaska. Senator Hephburn and Congressman Cushman will leave immediately for Washington.

ASIATIC SQUADRON TO CRUISE.

Washington, Nov. 21.—The Asiatic squadron has been ordered to cruise to Honolulu, a distance of 3500 miles, in place of the usual winter maneuvers. The cruise will begin in a few days.

New Building Is Necessary

Councilmen Will Not Vote to Expend \$7000 on Building Worth Only \$2000.

The probable outcome of the council's steps looking to the construction of a new city hall has occupied public attention of late, and it is pretty generally believed that the negotiations will be carried to a successful issue. Some objection has been raised because it will be necessary for the city to erect an engine house as well as a city hall. It transpires that the city can secure the necessary site for an engine house for \$1250, while the building will cost only about \$1000. This would leave a balance of \$875 for the city hall if the Taylor property, costing \$3500, is purchased. The members of the council realize that it will be necessary to expend some money other than that which will be netted by sale of the present site and building, but it is felt that the exigencies of the occasion demand it. The present building is estimated to be worth about \$2000 while to put it in shape would entail an outlay of about \$7000. Few councilmen are willing to expend \$7000 on a \$2000 building. However, the present structure must soon be repaired if the city is to continue to occupy it, for there is no vault for the city's valuable papers and the jail is about ready to fall into the river below. It is up to the council either to build a new hall or repair the present structure. Because of the unanimous sentiment among members of the council that repairs to the present building would be inadvisable, it is likely that the new hall will be built.

VACANCY IS FILLED.

The citizens yesterday completed their ticket by the nomination of Leander Lebeck as a candidate for councilman in the First ward. E. F. Allen was the original nominee, and when he declined, Charles Wilson was tendered the nomination. Mr. Wilson likewise declined the nomination, and for some time there was no prospective candidate. Yesterday Lebeck was nominated by petition and the petition was filed in Auditor Anderson's office.

REPUBLICANS ATTENTION.

There will be a meeting of the Young Men's Republican Club at the county court house on Tuesday evening, November 24, 1903, at the hour of 7:30. All young men of the city who are interested in the success of republican principles are invited to attend.

NORTHWEST FOOTBALL GAMES.

At Eugene—University of Oregon, 5; Agricultural college, 0.
At Seattle—Seattle High, 25; Portland High, 0.

Nearly one-third of the 251,000 inhabitants of Cleveland were born in Europe.

Only one out of every 1000 married couples live to celebrate their golden wedding.

A man needs iron in his blood and sand in his backbone and starch in his upper lip.

Appendicitis insurance policies are issued in England at \$1.25 a year for every \$500.

MANY LOST IN FEARFUL HOLOCAUST

Twenty-eight Italian Laborers Are Burned to Death in a Shanty on Pennsylvania Railroad Line.

Fire Started From an Overheated Stove While Sixty-five Occupants Were Asleep.

SOME WENT BACK FOR GOLD

Sought to Save Their Earnings but Were Overcome and Perished—Confusion Prevails.

Johnstown, Pa., Nov. 21.—Twenty-eight bodies, charred and blackened beyond all possibility of recognition, lie tonight in the ruins of what was once an Italian logging shanty, located on the line of the Pennsylvania railway, 20 miles east of this city. In addition to the list of dead there are 22 who have been removed to hospitals and several of this number cannot recover.

According to the story of one man who escaped, the fire started from an overheated stove. The interior of the shanty, which was lined with inflammable tar paper, caught fire. It was occupied by 45 men employed on the Pennsylvania railroad. Awakened suddenly and confused by the sudden alarm, the occupants were unable to control themselves. Some escaped, but a few remained asleep. All at once the foreigners outside remembered that they had left their trunks in the blazing building. Then followed a rush of men into the building. The majority of those who entered never again saw the outside world. Those who strove for the door were in the wildest sort of panic. When one man got ahead of another, the other pulled him back. They fought, bit and kicked, and among those who escaped there are many who bear marks of the fiercest struggle.

One of the witnesses says he did not believe that a single man of those who went back for their trunks succeeded in getting out again. In the ruins this morning some of the corpses were close beside the hoopiron bands of trunks, and metal gold, which had been kept in these receptacles, indicated that the owners had fallen and died with their treasure in their arms.

TESTIMONY MUST BE SUBSTANTIAL.

Washington, Nov. 21.—The state military committee continued its investigation today of the charges made against General Wood. The committee decided that all extraneous, irrelevant evidence should be excluded. Hearsay testimony, even if supported by documents known to be on file at the war department, were included in the matter ruled out.

CITIZENS PUT UP TICKET

Mass Meeting at Seaside Devoid of Politics.

Seaside, Nov. 21.—(Special)—At a mass meeting of citizens held here this evening a ticket was placed in nomination to be voted upon at the next city election to be held on the seventh of next month. Following are the candidates: J. E. Miller for mayor; James Patterson for recorder; Fred Moore for treasurer; J. Falconer, E. Holten, Edward Johnson, and R. A. Price for councilmen. With the exception of Price and Johnson who, if elected, will serve two years, one year constitutes the term. The meeting at which the nominations were made was not in the nature of a political convention, party having nothing to do with the matter. There is no other ticket in the field.

MINERS REJECT PROPOSALS

Refuse to Accept the Overtures Made by Operators.

Denver, Nov. 21.—The miners of the northern coal fields today, for the second time, rejected the proposition of the operators for settlement of the strike. It is understood this action is in the nature of a sympathetic strike, as the operators had practically conceded all the demands of the men. The vote is said to have been in opposition to the advance of the officials of the United Mineworkers, who have been trying to effect a settlement.

FROM ATLANTIC TO ORIENT

New Freight Arrangement Announced at St. Paul.

St. Paul, Nov. 21.—It was announced here today that the Northern Pacific and Burlington have entered into an arrangement with the Chicago Grand Trunk whereby trans-continental freight may be routed direct from the Atlantic coast to Tacoma and thence to oriental ports via the new Canadian-Australian and Puget sound steamships. The first sailing will be made December 20.

WRECKED AT THE SIUSLAW

The Schooner Ocean Spray Goes Ashore and Is Total Loss.

Eugene, Nov. 21.—The schooner Ocean Spray has grounded at the mouth of the Siuslaw river and is a total wreck. Heavy seas beat her upon the sands so that she is full of water. Lighters have been taken along side and the freight removed, but most of it is so badly damaged that it will prove almost a total loss. The captain has sold the vessel for \$150.

BARGAINING TO END THEIR DIFFERENCE

Chicago Railroad Company and Striking Employes Have Thus Far Failed to Settle Their Trouble.

A Meeting Is Held, but Nothing Like Desired Concessions Are Offered.

ANOTHER CONFERENCE SOON

Strikers Will Reply to Overtures Made Yesterday and Company Will in Return Make Reply.

Chicago, Nov. 21.—The street car strike has settled down, for the time being at least, to a bargaining proposition. Negotiations have been in progress all day and will continue through out tomorrow. The result tonight is that the company has presented an answer to the last proposition of the men which makes some concessions in the matter of routing cars but does not grant any where near what the men have been demanding.

The last conference of the day terminated at 2 o'clock and the union officials left the room with displeasure on their faces and evidently not in the best of humor. They went at once to the office of Attorney Prentiss, one of their advisors to formulate a reply to the answer of the company. This will be submitted tomorrow and the company will make another reply. The conference this afternoon was at times somewhat heated and the voices could be heard in the outer hall as they argued the propositions involved.

BIG MILL TO CUT WAGES.

Fall River, Mass., Nov. 21.—The cotton mills known as the Fall River Iron works, owned by M. C. D. Borden of New York, will follow the mills in a reduction of wages. Nearly 10,000 operatives will be affected.

MRS. EDDY ROBBED.

Concord, N. H., Nov. 21.—The residence of Mary Baker G. Eddy, founder of Christian Science, was entered today and a number of articles of value were taken.

WANTS EARLY TRIAL.

San Francisco, Nov. 21.—Martha Bowers, accused of poisoning her husband, through her attorney, has made a request to be tried December 14.

IF YOU WANT ANYTHING GOOD GO TO DUNBAR'S

Great Sale of Black Dress Goods

Commences

Monday, November 23d

The usual bargain limits selection compels you to take the arbitrary styles that happen to be in the offering. The usual dress goods sale is the same way. A few styles are offered at a low price. If you want to pick and choose you must pay more.

This sale is unapproached by all others in that it not only offers the best Black Dress Goods at the most exceptional prices, but it provides such variety as is not thought of elsewhere. It offers at greatly reduced prices each and every piece of all our superb stock of Black Dress Goods, including every piece of Priestly Cravenette Fabrics and all of the famous Ripley's Mohairs and Sicilians. An unequalled opportunity, never presented elsewhere, to secure first-class, up-to-date Black Dress Goods at lower prices than any other time during the year.
