## LOCOMOTIVE IS MONSTER

Logging Engine for Deep River Logging Company Arrives From Lima, Ohio.

IS THREE WEEKS EN ROUTE

Traveling Engineer Makes the Trip in Cab, Keeping Bachelor's Hall—to Be Taken to North Shore.

A 40-ton logging engine, stenciled Deep River Logging Company, arrived yesterday from Lima, O., and is now in the yards at the A. & C. R. R. depot. The engine was three weeks in route and traveled on its own wheels. It was brought down yesterday afternoon by the local freight. The locomotive is a monster of its kind, being as large as No. 3 that pulled her down from Portland. The Lima Locomotive and Machine Company is the builder, and V. W. Edmiston, traveling engineer in the employ of the company, kept bachelor hall in the cab during the entire trip. Owing to the many transfers and red tape the journey out was a little more tiresome to Mr. Edmiston than if he had traveled in a Pullman, but as this is his first trip west he found something to interest him while en route and expresses much enthusiasm for this section.

Today the company will be notified of the arrival of the engine and it will be loaded on a barge this week and taken across to the camp later. In the meantime Mr. Edmiston will continue to make his home on wheels. He will remain until his charge is safe on the north shore and in working order.

John Michelson has filed suit in the circuit court, through his attorneys, Smith Bros., to foreclose a mortgage executed in his favor by Andrew Rauma and others to secure a promissory note for \$2500. The note was given January 16, 1901, from which date interest in the sum of 5 per cent is demanded, as well as \$100 attorneys' fees. The property involved is lot 7, block 45, Adair's Astoria, and lots 20 and 21, block 58, Adair's.

Miss Ann Lewis, teacher at John Day, closed a successful eight months' term of school last Friday. Exercises were held at which the pupils, 38 in number, acquitted themselves admirably. The term had been interrupted by brief vacations, which in no way marred the work of instruction. There were two graduates from the eighth grade, Miss Nellie Lewis and Miss Laura Chisholm, whose averages were 90.8 and 90.2, respectively.

The regular meeting of the Woman's Club was held yesterday afternoon in the Odd Fellows' hall. The feature of the afternoon was the study of civil government which has just been taken up, under the direction of Miss Warren. The members manifested great interest in their new work, and the success of the club's departure is assured. Miss Elmore entertained the club with "current events," and during the afternoon eight new members were added to the roll.

There was a big rush for seats when the sale opened at Griffin's yesterday morning for "A Gentleman of France," which will be produced by James Neill and his company at Fishers' Monday night. Those anxious to avoid the rush at the door should secure seats early tomorrow.

The Foresters' lodge have decided to give another old-winter circus beginning December 8th and ending Saturday night, the 12th. This will be a good, old-time, one-ring circus, for which a mammoth tent has been secured. Mr. Sprauer says that "Axel" won't be in it this year, but will have a substitute in "Volta," the electric wonder. Signor Spagetti will wrestle with a real live bear, and "Sustus" band will play Hiawatha to perfection. A. C. Callan is now in Frisco making arrangements for attractions direct from the "Chutes." There will be performing horses, dogs, monkeys, bears and other animals to numerous to mention. Gunder Gunderson will "loop the loop." B. J. Pye and C. E. Foster will "chute the chutes" from the top of the tent.

A resident of Casey who was in the city yesterday said that it was not clear to him that the county was doing the best thing for his community to rebuild the old road to Olney instead of making a new one that would bridge the Klaskanine near the forks and there meet the county road that leads to the city. "In the event of the old road being made passable," he said, "we would enjoy a convenience that we do not now have, but it would certainly be better to build a road to cross near the old Henderson place. This would give us an opportunity to get in and out of Astoria without having to resort to boats as we now do. To go around by Olney to get to town would be a round a bout way that would be disagreeable, to say the least. A new road by the route suggested would not be much more expensive than to improve the old highway." When asked if the residents of Casey contemplated filing a remonstrance with the county court the gentleman replied that he had not heard of any thing of the kind.

## CALL IS MADE BY GOVERNOR

State Legislature Convened to Meet in Extraordinary Session December 21.

SESSION WILL BE SHORT ONE

Sixty Members Have Promised An Early Adjournment—Special Election in This County.

Governor Chamberlain yesterday issued a call for a special session of the legislature for Monday, December 21.

The session is called for the purpose of remedying the defects in the tax law. The governor likewise issued a writ for special elections in the Ninth and Nineteenth senatorial district of the state to elect successors to C. W. Fulton and J. N. Williamson, both of whom are now members of the national congress. Senator Fulton's successor will be elected in Clatsop county (the Nineteenth district) and Senator Williamson's successor jointly in the counties of Klamath, Lake, Crook and Grant. The special election will take place on December 14.

The call was not unexpected in this city. It was all along thought the governor would call a special session after he had demonstrated to the people of the state that he wished to minimize expenses by having the legislature finish its work in a short time.

The special election necessary in Clatsop county will cost the taxpayers about \$1600 or \$1700, according to the statements of officials of the county. Nominations can be made by the political parties either in convention or by petition. The republicans have always nominated in convention, but it is considered doubtful if they will hold primaries and a county convention for the nomination of one candidate.

The holding of primaries is attended with some expense, and the opinion was expressed yesterday that a candidate would be selected, perhaps by the county central committee, and the nomination made by petition. It is reasonably certain that this course will be taken by the citizens.

There will be no registration of voters for this special election. All persons who registered for the last county and state election, in June, 1902, will be eligible to the suffrage right at the special election. This does not mean that other voters will be excluded from exercising their constitutional prerogative, for those who did not register in 1902 may be sworn in.

Senator Fulton's successor will hold for the unexpired term of the distinguished Astorian, who was elected in 1902. The successor will attend the special session and the next regular session in 1905.

It was reported last night that A. M. Smith would be a candidate for state senator, but when asked about the matter Mr. Smith said he would only run in case charter legislation were contemplated.

SESSION WILL BE SHORT ONE.

Sixty Members Have Promised To Adjourn at Early Date.

Salem, Nov. 21.—Governor Chamberlain has called a special session of the legislature for December 21 to enact laws to provide for a levy of taxes for this year. The extraordinary session was made necessary by the reason of a defect in the act of 1903 known as the "Phelps law."

Over sixty members of the legislature have written the governor assuring him they will enact only the legislation necessary for the welfare of the state, and that they will adjourn at the earliest moment possible.

The governor has also issued writs for the holding of special elections in Klamath, Lake, Crook and Grant counties, comprising the Ninth senatorial district and in Clatsop county, the Nineteenth district.

BUY THE ASTORIA PRODUCT

Good Reasons Why Home People Should Buy at Home.

The North Pacific Brewery call attention to the very fine quality of beer that they are brewing; in fact, a superior product to any produced in the west, and equal to the best on the market.

Why? Because it is brewed from the best of materials, using fine water and employing the latest methods.

There can be no other results than first-class beer.

Why use the product of outside brewers then? Why not be patriotic and patronize home industry?

If you drink beer, or buy beer, why not stand by the home institution?
