Songs, Essays and Recitations

Good Program to Be Rendered by Pupils of the High School Today.

The rhetorical society of the high school will hold a regular session this afternoon. Two of the real interesting features of the program will be an original story by Miss Winnifred Higgins and a debate. Miss Higgins' central theme is football, and those who have been honored by a pep at the manuscript claim that the story is a clever one. The debate, will, it is hoped, settle for all time the doubt that has ever hovered about the names of Grant and Lee relative to their respective abilities as military officers. The program follows:
Song, "Lightly Roll," school choir; recitation, "What Constitutes a State," Frank Parker; essay, "Astoria," Pauline Kirchoff; essay, "Andrew Jackson," Lester Lounsbury; recitation, "About Ben Abden," Lottie Hess; recitation, "Toussaint L'Ouverture," Nena Moore; piano solo, Anna Schietad; recitation, "Regulus to the Roman Senate," Emma Shedd; essay, "Some American Girls," Sallie Gray; recitation, "Ichabod Crane and Gunpowder," Joseph Leahy; essay, "A Hunting Trip," George Poyasky; original story, Winifred Higgins; violin solo, William Barker; debate, "Resolved, That R. E. Lee Was a Greater General Than U. S. Grant," affirmative—Lawrence Rogers, Ethel Rogers, Ethel Gerding; negative—Louise Gray, Merwin Lounsbury; song, "Massa's In De Cold, Cold Ground," school; address Rev. W. H. Grim; song, "Jingle Bells," school.

OFFERS ENGINE HOUSE SITE
Joseph Schamberger Has Property That City May Require.

The following proposal was filed yesterday with Auditor Anderson: "Astoria, Dec. 1.—To the Honorable Mayor and Common Council—Gentlemen: As a proposition for an engine and store house and also to connect Duane street between McClure's and Shively's Astoria, I most respectfully offer you the north 5 feet of lot 3, in block 17, Shively's Astoria, at \$1500, on condition that the north 20x50 feet of the lot be dedicated for a street so as to make the connection between the two additions 25 feet wide, there being already a six-foot lap. I expect to build a good building on the south half of the lot, and if you should take this property for an engine house would prefer, on account of fire risk, that the siding and roof be built of galvanized corrugated iron. "The reasonableness of this offer will appear evident when you take into consideration the advantages of the location and the benefit to Duane street that will result from connecting it as a continuous thoroughfare. "Should you desire only 20x50 feet off the north end of the lot to connect the streets only, would sell that for \$750. This offer will remain open a sufficient length of time to permit you to give it consideration and act upon it should you conclude to take the property. "JOSEPH SCHAMBERGER." Mr. Schamberger's offer will be laid before the council Monday night.

Fight Will Be Bitter.
Those who will persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's new discovery after every thing else had failed. Improvement came at once and four bottles entirely cured her. Guaranteed by Chas. Rogers, druggist. Price 50c. and \$1.00. Trial bottles free.

The preliminary hearing of the state vs. Antone Kujla was concluded in the

the result that the defendant was justice's court yesterday afternoon, with bound over to await action of the circuit court, a cash bond of \$100 being fixed. Kujla deposited the amount. The defendant acknowledged yesterday that he chastised the chief witness of the prosecution with a beer mallet, but deposed that such action was taken in self defense. On the other hand seven men testified that the assault was deliberate and without cause. Stanovich received the full force of the blow, there was but one delivered, beneath his right eye, and it is believed that the tear duct is permanently injured. The wound, which caused the victim to suffer greatly, is still bleeding.

MEDICAL LAKE SALTS
NOT A CATHARTIC - NOT A PATENT MEDICINE.
So long as Medical Lake can Provide
the requirements of an unfeebled constitution, you need not suffer. Here are Nature's own remedies, direct from the hand of the Great Creator, brought to you in the shape of pleasant, agreeable, health-giving Salts, evaporated by our own process. They have not absolutely no virtue—no strength. By analysis, the waters of Medical Lake contain twelve ingredients, each and all standards of the pharmacopoeia. By analysis, they have the same in exactly the same proportion. Nature has compounded them so efficiently that man has tried and tried to equal them. But not one man has ever succeeded in copying them. That the Salts are a masterpiece, their history proves. To Medical Lake, a little woodland gem, hidden high up in the mountains, among the forests of Washington, the Indians for centuries came. Here they worshipped, and drank of the pleasant waters. The well were made stronger and thrived on the delicious beverage, and the sick and ailing were restored. In all diseases of the BLOOD, RHEUMATISM, NEURALGIA, PALARIA, and in all cases of KIDNEY and LIVER TROUBLE, MEDICAL LAKE SALTS WILL MAKE A CURE, if taken faithfully; yes, cure as sure as the sun shines. Man, with all his learning and his cunning, his experience and his skill, cannot make remedies like these, which nature freely gives.
25 CENTS, 50 CENTS AND \$1.00 A BOX, AT DRUG STORES.
The Salts are also reduced, as a convenience, to Tablet form, five grains in each Tablet. Such a Tablet dropped into a glass of water, makes a remedy for the same troubles and at the same time an equally delightful cooling beverage.

Dear Sir—When a child nine years of age in my native state of Maine, I unfortunately dislocated my left knee, which, though set by a prominent surgeon of Amherst, would not stay in place, and after a few months, became chronic. The knee was swollen to twice its usual size, and for five years I could only go about on crutches and canes. The cords of the leg were so contracted that the heel could not touch the floor, and I suffered most intensely. After being afflicted for 14 years, I came west to visit relatives at Medical Lake, and by them was persuaded to try the water of the lake for relief. To this I was much opposed, because of the statement of Dr. Levey, of Bangor, that as I grew older I would get worse. Finally, however, consenting to try the water, I took daily treatment for three months, when I was able to walk, and nearly all swelling and inflammation was gone. After five months treatment was entirely cured, and have not suffered any lameness since.
