GRAND JURY IS PROPOSED

Special One Talked of as the Regular Jury Already Has Crowded Docket.

DEPENDS ON CORONER'S JURY

Present Determination is to Probe Matter to Bottom and Hold Those Responsible to Vigorous Accounting.

Chicago, Jan. 5.—A special grand jury may be called to investigate the responsibility for the Iroquois fire horror. The proposition has been discussed at a conference between State's Attorney Dineen and Coroner Traeger, and the decision was that Assistant State's Attorney Barnes should be detailed to canvass the situation today when the coroner takes up his plans for the inquest. The coroner's inquest will inspect the ruins of the theater during the day after which the public prosecutor will be given an outline of the evidence to be deduced at the inquest. On the report of the assistant state's attorney will hang the decision as to the summoning of a special grand jury.

The regular grand jury will be convened on January 18. Its docket already is heavy. Should the coroner's jury hold any persons to the grand jury as responsible for the fire, the latter would be swamped with work. On the other hand on the thoroughness of the inquest depends the magnitude of any subsequent investigation. If the coroner's inquiry is exhaustive the grand jury may have nothing more to do than to examine the evidence brought out at the inquest.

ARRANGING FOR COMPANIES.

Some Will Loaf on Full Salary, While Others Go to Work.

Chicago, Jan. 5.—Action by the Chicago city council having made the opening of the theaters inside of two weeks improbable, the managers of the attractions now here have begun their arrangements for the placing of their companies elsewhere. Henry W. Savage of the "Yankee Consul" organization called the company together and informed the members that a week of rest would be taken here at full salary. The Studebaker will remain closed until it can be ascertained what the revised ordinance will require.

The Ward and Vokes Company at the Great Northern will leave the city today. The Bostonians, to have presented "Robin Hood" this week at McVickers are devoting their enforced leisure to rehearsing.

Mrs. Fiske, who was to have appeared at the Grand has not decided what will be done during the fortnight she was to have spent here. It is understood that Mr. Brady will send "The Pit" on the road next week.

UNIONS WILL INVESTIGATE.

Charge They are Being Made Scapegoat For the Disaster.

Chicago, Jan. 4.—Claiming that an attempt has been made to make organized labor the "scapegoat" for the Iroquois theater horror, the Chicago federation of labor has voted to investigate the cause of the fire through a special committee composed of representatives of the union concerned in the construction of the building. Delegates demand that the committee make an entirely independent examination and report to the federation rather than to the mayor.

Doing the Right Thing.

The trouble begins with a tickling in the throat and a nagging little cough. Soreness in the chest follows and the patient wonders if he is going to have an all winter cold. Probably, if he does the wrong thing or nothing. Certainly not if he uses Perry Davis' Painkiller, the staunch old remedy that cures a cold in twenty-four hours. There is but one Painkiller, Perry Davis'.

No Dessert More Attractive

Why use gelatine and spend hours soaking, sweetening, flavoring and coloring when

produces better results in two minutes? Everything in the package. Simply add hot water and set to cool. It's perfection. A surprise to the housewife. No trouble, less expense. Try it to-day. In Four Fruit Flavors: Lemon, Orange, Strawberry, Raspberry. At gross, 10c.

AS OLD AS THE PYRAMIDS

That blood poison existed among the ancients has been proven beyond question. It has been traced back thousands of years, and is as old as the Pyramids. This blighting curse has been handed down from nation to nation and from individual to individual till it has spread to all parts of the world.

Contagious blood poison, as it is called in modern times, begins with a small sore or ulcer through which the virus enters the blood. This is followed by inflammation and swelling of the glands of the groins, a red eruption breaks out on the body, sores appear in the mouth and the throat becomes ulcerated, and as the disease takes a deeper hold and the blood becomes more thoroughly infected, the hair and eyebrows drop out, the skin is spotted with copper-colored spots, the bones and muscles ache, and it seems to the victim of this monster scourge there is not a sound spot in the whole body.

The horror of this awful disease can never be told. The one who contracts it suffers in body and mind, and if the poison is not eradicated transmits the taint to his children, and Contagious Blood Poison thus becomes responsible for many of the ills of childhood—Skin Eruptions, Catarrhal Troubles, Sore Eyes, Scalp Disease, White Swelling, Scrofula and others just as bad. S. S. S., the great vegetable blood purifier and tonic, has long been recognized as a radical and safe cure for Contagious Blood Poison. It counteracts the deadly virus and cleanses and purifies the diseased blood, and under its tonic effects the general health improves and soon all signs of blood poison are gone. The strong mineral remedies, Mercury and Potash, which are so often prescribed for the disease, dry up the sores, skin eruptions and all external signs, but leave the stomach and digestion ruined and the system in such condition that the disease usually returns in worse form than ever.

S. S. S. is guaranteed a purely vegetable remedy. \$1,000 is offered for proof that it contains a single mineral ingredient. If you have blood poison write for our special book, describing the different stages and giving all the symptoms, with directions for treating one's self at home. Our physicians will furnish any information or advice wanted free of charge.
