The Jewett comes from San Pedro and on the trip up the coast encountered the full fury of the gale which recently raged along the coast. She was to receive orders off the mouth of the Columbia to proceed to Tacoma to load, but she had lost some of her sails, and her steering gear was partially disabled, so her captain determined to run into Astoria for repairs.

Yesterday the master of the schooner wired his owners for instructions, and expects to receive orders today. The Jackson will load lumber at Portland.

TREASURE SHIP RETURNS.

Went South For Riches and Meets With Hardship.

San Francisco, Jan. 18 .- M. McManus and C. Thompson, of Halifax, N. S. have returned here from an unsuccessful search for treasure in Terra del Fuego. They salled from Nova Scotia on March 17 last with eight companions on the schooner Hattie L. M., to look for treasure in large quantitles, which the captain of the vessel said was to be found there. When the schooner reached the coast of Terra del Fuego she went aground in trying to land, and McManus and Thompson having had a misunderstanding with others of the party, took all their belongings from the vessel and started for the interior with a band of Patagonian Indians. Here they met with nothing but hardships and finally made the coast again, where they made a voyage of 125 miles in a canoe and reached a point whence they sailed for this port. 2

and spitting. Catarrh is a nuisance and source of annoyance, not only to the one who has it, but everybody else. The thick, yellow discharge from the head produces a feeling of personal defilement, and the odor of the breath is almost intolerable.

The catarrhal poison brings on stomach troubles and affects the Kidneys and Bladder. It attacks the soft bones and tissues of the head and throat, causing total or partial deafness, the loss of smell, and giving to the voice a rasping, nasal twang. No part of the body is secure from its ravages. Catarrh makes you sick all over, for it is a disease of the blood, and circulates all through the system, and for this reason, sprays, washes, inhalers, powders and salves have proven failures.

The way to cure Catarrh thoroughly and permanently is to cleanse the blood of the unhealthy secretions that keep the membranes of the body inflamed, and nothing does this so
