

YOUNG WOMAN MALTREATED BY FIENDS OF COLFAX

Horrible Crime Perpetrated in the Back Room of a Saloon--Police of the Town Are Indifferent.

Colfax, Wash., Jan. 23.—Shocked to the utmost degree is this community over the diabolical crime committed here last night by seven young men, some of whom have hitherto borne good reputations and whose parents are well-to-do and highly respected citizens. In rooms over the Oxford saloon a young woman, Ina Lee, was drugged and terribly maltreated, and was then left lying in a stupor to revive as best she could. P. La Francis, Jr., Charles Jacobson and Pat Burk are under arrest at the county jail, and officials are searching for William Hagan, "Speck" Palmer, Asa Adams and Charles Lyons, all of whom, witnesses say, were implicated in the nefarious work. The young woman, too, is at the county jail, in a precarious condition, but the attending physician believes that she will recover from the effects of the terrible ordeal. A disgraceful feature in the case is the indifferent part played by the police, and there is talk of calling a special session of the council to investigate the alleged misconduct of these officers.

Charles Jacobson, son of one of the prominent families here, met the girl on the street and took her to the Oxford saloon. There he ordered drinks, and it is alleged that Pleasant La Francis, son of P. La Francis, proprietor of the saloon, sent up a "doped" drink for the girl. At the same time the bartender sent out word to several of his young men friends regarding what was transpiring in the saloon.

Later young Francis, accompanied by Pat Burke, another bartender, and the four other young men whose names are given above, went to the room, and the seven proceeded to hold a drunken orgy. The girl was compelled to undergo all sorts of indignities. Finally one of the young men took up the stupefied girl and carried her down stairs into the barroom.

Alexander Kindness, who is manager of the Oxford saloon, during the absence of the owner, compelled them to carry her back up to the room, and went for the police. He met Chief of Police J. B. Mackey on the street, and informed him of what was going on. Chief of Police Mackey told Kindness that he was going home to sleep, and that the night policeman, Joseph Allphin, would attend to the matter. Kindness found Allphin, but that worthy informed him that the boys were probably having a good time, but that he would go up and see about it. The night policeman never went near the Oxford saloon, neither did he send anyone to make an investigation.

After Kindness had tired of waiting

for the local police to act, he informed Sheriff Joseph Canutt, and that official proceeded to the scene without delay. When he arrived however, the young men were gone and the girl was alone, and in a dreadful condition. She was removed to the woman's ward of the county jail and cared for. She is now in a state of nervous collapse.

Ina Lee, the victim of the fiends, is 20 years of age, and is said to be an orphan who was left several years ago by her mother, and put in charge of the Saint's Home located on Union Flat, 10 miles south of Colfax. The home is run by a peculiar religious sect, the members of which claim that they are holy and sanctified and that they cannot, by any means, come in contact with sin. The girl is said to be inclined to be wayward, and the saints turned her out in the cold the other day and told her that they could do no more for her. In her desperation she came to Colfax. She is sick and heartbroken, and the sheriff was compelled to lock her up in a cell to prevent her from committing suicide today when she came to herself and realized the condition she was in. In some manner she secured a knife and was about to cut her own throat when the sheriff found her raving in the woman's ward, just prior to the time he locked her up in a cell.

Manager Kindness today said that he used every endeavor to put the boys out of the room over the saloon and for this purpose hunted up both Chief of Police Mackey and Policeman Allphin.

"Mackey told me that Allphin would attend to the matter," asserted Kindness. "Allphin told me it was none of his business."

Chief Mackey admits having been notified by Kindness to put a stop to the orgy but told him that he was going to bed and supposed Allphin would attend to the trouble. Mackey did not report the case to his subordinate officer.

Policeman Allphin in giving his version says that Kindness did not tell him anything about the trouble, and furthermore alleges that he was at the Oxford saloon during the night but heard no noise. Then he went to another part of the city to look after some street lights, so he declares.

Ina Lee tells a straightforward story of the outrage, and her statements are corroborated by Kindness and a man named Sam Tripper, who was a witness to the proceedings.

It is reported that La Francis has gone to Moscow, Idaho, to evade arrest.

SURE INDICATIONS OF BAD BLOOD

OLD SORES, ULCERS, ABSCESSSES

The best evidence of a bad condition of the blood and unhealthy state of the system, is an old festering sore, running ulcer, or abscess. They show the bodily impurities are not passing out through the proper channels, but are left in the system to clog and poison the blood. So thoroughly does the poison permeate the system that every little scratch, cut or bruise inflames and festers. Everything about an old sore or ulcer suggests disease. They affect the general health, they require constant attention, and are a source of anxiety and trouble all the time, and in some cases highly offensive. There is danger, too, of these places becoming cancerous if not treated promptly and in the right way. Washes, salves and ointments are good for external use, but they can't stop the discharge or change the condition of the blood, and for this reason the sore never heals permanently.

Not until the blood is purged of impurities and the system cleansed of all harmful substances should the ulcer heal, or the effect upon the system might prove disastrous. S. S. S. goes into the circulation and searches out and removes the cause of the old sore and invigorates and builds up the polluted, sluggish blood again, and as the poisonous matter is driven from the system the sore begins to heal, new flesh forms and the place is soon covered over with fresh skin and the sore is gone for all time. Where the constitution is debilitated from the effects of chronic sores, ulcers, abscesses, carbuncles, boils or other severe skin eruptions, S. S. S. will build it up again and stimulate and strengthen all parts of the system. S. S. S. contains no strong minerals, but is guaranteed entirely vegetable. It is unequalled as a Blood Purifier and invigorating tonic. Do not depend upon local remedies alone. Get your blood right, and as it forces out for all time. FROM GALE OF THE LEG TO ANKLE A SOLID SORE.
New Castle, Pa., July 29, 1893.
Three years ago a common boil appeared on the calf of my limb. Not yielding to simple home remedies, I consulted a physician, who prescribed a poultice, flax seed, supposedly. By some fearful mistake I was given corrosive sublimate, and after having it on for a few minutes I could endure the pain no longer, so took off the application and found that my limb from the calf to the ankle was in an awful condition. I immediately sent for another physician, who told me I had been poisoned. My limb from the calf to the ankle was one solid inflamed sore. I was advised to begin S. S. S., and improved rapidly under its use, but about this time I had an attack of typhoid fever, and this setback in the original cure. This, of course, caused a back set, but having confidence in the ability of S. S. S., I began it again as soon as I was over the fever, and to make a long story short, was completely and permanently cured. Two years have elapsed, and I have never had a return of the trouble. MRS. K. A. DUFFY, 214 W. Washington St.

PROTESTING WOMEN FORCED TO ENTER OPEN BOATS

Startling Testimony Given at the Clallam Hearing by One Who Was a Passenger on Doomed Ship.

Victoria, B. C., Jan. 23.—John Davis a passenger on the Clallam, gave as evidence at the coroner's inquest that many women wished to remain on the Clallam and protested against being put into the boats, but were forced to go. He also told how the captain had

told passengers who came to him when the tug Holyoke came and requested to be put on board, that he would put them on the tug as soon as there was danger. He told them the steamer would live for three hours, but she only lived 20 minutes.

BOWLERS MAKE GOOD SHOWING

Six High Men Have Average of Almost 43 in Tryout.

Nine of the men have finished in the Commercial Club bowling tryout, while two others will finish early in the week. The showing made by the six men with highest averages is a very good one, their average being 42.75.

The tryout has been remarkable as showing the difference in alleys 3 and 4, which are constantly used, and 1 and 2, which have not been used much until lately. On 1 and 2 the six high men averaged only 38, while on 3 and 4 the average for the men was almost 45. Poor pins were largely to blame for this, although alleys 1 and 2 are not as fast as 3 and 4 because they have not been used so much.

The following statement shows the number of games bowled by the men who have finished and those who will
