When you arrive, you are there.

The Rock Island System has the best of the Pacific Coast over other western railroads in the fact that its Chicago terminal—the La Salle Street Station—is the only railroad station on the Elevated Loop.

It is located in the heart of Chicago—only a block from the Board of Trade—easy walking distance of the principal theatres, hotels and stores.

The trains of all Chicago's elevated railroads pass its station, and you can quickly and for a cent fare to any part of the city.

Three routes East—via Denver, Omaha and St. Paul.
