

IT IS MANUFACTURED AT HOME

As a business proposition, it pays to trade at home, conditions being equal as to the value offered, but when you can get a better article at home on as good terms there is an added reason for patronizing the home institution.

Do You Drink Beer?

Rock Island meals are the best on wheels

Not very good poetry, perhaps, but what it lacks in rhythm, it more than makes up in fact. And the prices are reasonable—low enough to be within the reach of people of moderate means; high enough to ensure good food, good cooking and good service. Breakfast and dinner are served on the a la carte plan—you pay for what you order. Luncheon, 50 cents.

DISTURBANCE IS SPREADING

Increased Taxation in Corea Causes People to Revolt.

MUCH FIGHTING TAKES PLACE

Russian Marines and Japanese Women Drink and Carouse About in An Unseemly Manner.

New York, Jan. 29.—Internal disturbances in Corea are spreading, cables the Herald's Seoul correspondent. It is the result of increased taxation. The governors of three provinces report that their officers have been captured by organized bands and government funds taken.

Details have just been received here of the disturbances at Vladivostok during the celebration of Russian Christmas. It was created by intoxicated Russian marines and Japanese women. Numerous houses were destroyed, mostly Japanese, but including the Russian theater. The usual fighting occurred. As happens on such occasions, there was considerable brutality, but no fatalities. The marines were not brought under control until much property had been destroyed.

The notification of Corean neutrality cabled from Chefoo to the powers was unknown in the Corean foreign office until replies were received from the representatives abroad. The intimation was that it was arranged by Yi Yong

Ik and Hyen Sang Kun, the latter having just returned from Russia. The Corean minister at Tokio has been instructed especially to urge Japan's immediate recognition of Corea's neutrality.

Girl Seeks Army Life.

Chicago, Jan. 29.—Dressed in a suit of her brother's clothes and with her long brown hair cut short and crammed into a man's wig, May Bondell, 22 years old, of Terre Haute, Ind., has applied to the recruiting sergeant at Fort Sheridan to be mustered into company I, which is ordered to join the Twentieth regiment in the Philippines as soon as it is at full strength. "The girl broke down when informed that she must undergo the regular physical examination and confessed her sex. Heartbroken at the thought of separation from her sweetheart, Carl Palaum, who is a private in the company, she said that she tried to enlist as a man in order to accompany him and share his danger.

GREAT LAKES MASS OF ICE

Navigation on Inland Sea Fits Crews for "Dash for the Pole."

LAKE MICHIGAN IS FROZEN

Ice Bergs of Great Size and Their Formation Is Mysterious to the Winter Navigators.

Chicago, Jan. 29.—Lake navigation this winter has fitted the crews of the steamers in service for a "dash for the pole," for it combines all the experiences of Arctic navigation. Lake Michigan has at last frozen over, the cold spell of the last few days filling up the widely scattered spots of open water between the ice floes. In most winters there is a wide stretch of open water in mid-lake. At many points along the west shore the ice is piled up solid until it reaches from the bottom 40 feet deep to an equal distance above the water line. At the cribs the ice is piled up until it is higher than the structures. The ice bergs are of great size and how they came to be formed is regarded as a mystery by winter navigators, as the thickest chunks of ice they have seen are not over 18 to 20 inches through.

It is considered by steamboat men that there is not half the danger in winter navigation with the lake frozen over as there is when there are vast moving floes of ice to catch the steamers and crush them. In the past a number of valuable steamers have been crushed by the floes and lost.

Wins Auto Championship.

Chicago, Jan. 29.—A dispatch to the Tribune from Hotel Ormond, Fla., says: Without wind, on a wavy surfaced course and with a deep haze covering everything, Barney Oldfield has won the one mile automobile championship of America, defeating William K. Vanderbilt by three seconds. Oldfield's time was :46 3-5, but in the best heat he did :43, which sets the world's competitive mark three seconds lower than the record of Augiers, made on the Dourdan road in Paris.

Church Must Be Protected.

New York, Jan. 29.—Work on the Brooklyn extension of the rapid transit subway under lower Broadway in front of Trinity church has been practically suspended at the request of the controller of the Trinity Corporation, who fears that unless extraordinary precautions are taken by the subway constructors to protect the spire of the ancient church it will be weakened at the foundations and fall outward into Broadway.
