SURE POLICE HAVE BANDIT

Druggist Siever Larsen Recognizes at Once Man Who Shot Him Down.

WILL SWEAR TO IT IN COURT

Asserts That Man Who Rushed Into His Store and Demanded Money Is John Burke, Prisoner.

Tacoma, March 8.—"I will go on the stand when I am fully able to leave the hospital prepared to swear that John Burke, the man whom the police have under arrest in this city, was the man who shot me three weeks ago in my drug store." The above is the emphatic statement made by Druggist Siever Larsen at the St. Joseph's hospital.

"The police, the day after the shooting," continued Larsen, "brought Burke into my room in the hospital. Nothing was said to me at the time and I was

not aware of the significance of the visit until I raised my eyes and beheld the man Burke. In an instant I knew I was looking at the man who rushed into my drug store and demanded that I throw up my hands and deliver to him my money and who later shot me through the intestines.

"And after a second's close scrutiny, I said, 'That is the man that shot me; take him away.' 'Burke, I have not the least doubt, is the man that rushed into my drug store and like a crazy man, demanded me to give him all the money I had. His appearance when I saw him again at the hospital; his dress and his actions were identical with the man that held me up. I cannot be mistaken. His voice, too, is the same. With the hat on and a revolver in his hand he is the exact picture of the robber and should be presented in such an attitude in the police court it will only serve to make my identification the stronger.

"I am much stronger now than I have been since the night of the shooting and the doctor assures me that I will be able to leave the hospital within three weeks' time. Fever complications have not beset me during the past week, so I have every hope of a speedy recovery. I suppose that I could sit up now, but the doctor does not want me to run any chances of a relapse."

Dr. E. M. Brown, who has had charge of Siever Larsen ever since the night the druggist was shot in his drug store, stated yesterday that he had every hope of Larsen's speedy recovery.

"I look for Larsen to be able to leave the room at the St. Joseph's hospital within three weeks' time, providing, of course, there is no relapse in the meantime. I do not look for any such relapse in his case. He is doing nicely and is able to sit up and receive visitors. There have been no fever complications within the week to retard the progress of his recovery.

"While some," continued Dr. Brown, "may consider Larsen's case and recovery little short of remarkable, I can assure you that such is not the case. There have been innumerable cases where the intestines have been perforated by the bullet that recovered. The trouble with a good many people who have been shot through the intestines has been that they called in their family physician instead of a surgeon who has had experience with gunshot wounds.

"I think that a large percentage of those who have died as a result of having been shot through the intestines, died simply because the physician called in did not understand completely how to treat the case.

"Larsen's case is no more remarkable than scores of others that have been brought to my notice in the past. His intestines were sewed up and his naturally strong physical condition will probably do the rest for him. What retards his recovery is the condition of the pelvis bone through which the bullet of the robber tore. It was badly hurt and has been some time in knitting and growing again."

WOMAN CAVORTS ABOUT IN CLOTHING OF MEN

Is Now In Jail Charged With Robbing Depot at Cle Elum--Wants Penitentiary Sentence.

Ellensburg, March 8.—Lavina Delisle, arrested in Cle Elum Wednesday on suspicion of robbery and for passing herself off as a man, on Wednesday arrived in Cle Elum, having paid her passage from Auburn to Cle Elum by firing on one of the big mountain engines between here and Tacoma.

About three weeks ago she appeared at the court house in this city, and claimed that she was destitute and either wanted to become a county charge or be given a ticket to Olympia, where she had people. The latter was considered the best policy by the county officials, and Deputy Auditor Evan J. Mathews was instructed by the county commissioners to purchase a ticket, and to see that she started for Olympia. She was at that time attired in woman's clothing. She claimed to have been keeping house for a man by the name of Hampton before coming to Ellensburg.

After arriving in Olympia, she went to the county officials and made about the same plea that she did to the officials here. She evidently did not receive the assistance asked for, as the next heard of her she appeared in Au-

Wetaskiwin and the other from Lacombe. In addition the Arcola branch will be extended to Regina, a distance of 115 miles.

ALL CASES NOLLED.

Union Men Will Not Be Tried For Imaginary Offenses.

Cripple Creek, Colo., March 8.—All cases against the union miners charged with different train derailings, the Vindicator mine disaster and other offenses have been nolleed on the request of District Attorney Trowbridge, before Judge Lewis. The case against Charles H. McKinney, who confessed to complicity in the attempted train wrecking, has not been dismissed and will come up on March 18. He testified that he was with Special Agent Beckman and attempted to derail a Florence & Cripple Creek passenger train which was loaded with union and non-union men.

TRAGEDY AVERTED.

"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins, of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by Chas. Rogers, druggist. Price 50c and \$1.00. Trial bottles free.

MAY RESULT IN BILL.

New York, March 8.—There is a possibility that the war being waged between the pool rooms of this city and the telegraph company which serves to its customers returns from the various race tracks may result in the presentation of a bill to the legislature which, should it become a law, will prohibit the transmission of information relating to racing results by telegraph or telephone in the state of New York. In fact, two such bills are now in contemplation.

Perhaps the most important move since hostilities began has been the shutting off of service to a pool room in Chicago, which, it was said, had been caught delivering race results to an agent of the New York gamblers for transmission to this city by telephone. This did not have the effect, however, of crippling the New York rooms. Information was obtained from various sources, but not without much delay.
