

INDRAVELLI'S LAST VOYAGE

Big Oriental Liner Arrives Down From Portland Ready to Go to Sea.

WILL NOT RETURN AGAIN

Officials of Portland & Asiatic Company Retire Regarding Probable Successor on Run.

The oriental liner Indravelli arrived down from Portland at 9 a. m. yesterday, having left the inland port early Friday morning. The bar was too rough yesterday to permit of an attempt to pass out, but otherwise the big vessel is in readiness to put to sea. Captain Archie Pease brought the Indravelli down the river. She carries 50,236 barrels of flour, valued at \$180,938, and among her miscellaneous stuff was one case of electric light carbons, 1 box of canned fruit, 9516 sacks of barley, 1 case of canned goods, 18 cases of cereal foods, 3295 sacks of green barley, 3 bales of hay, 23 sacks of oats, 5 sacks of bran, 452 cases of cigarettes, 40 cases of tobacco, 23 boxes of trunk parts, 5 boxes of journal boxes, 111 pieces of truck material and 288 pieces of material and wheels, 1 case of manufacturing ivory and metal and 20,000 feet of Oregon pine lumber, bringing the full worth of her list to \$260,623.25.

This is the last voyage of the Indravelli to the Columbia river in the service of the Portland & Asiatic Steamship Company. The officials of the company will not admit knowing anything concerning a probable successor to the Indravelli, but as Manager Schwerin, of the Pacific Mail and P. & A. is in New York, it is presumed full knowledge of what is now a vague belief will be given out. The supposition is either the Indravelli or Indramayo will come around to these waters. Manager Schwerin is arranging to bring to the Pacific coast the monstrous Siberia and Manchuria, recently launched, and which were reported to be billed to ply between this city and the far east. It now seems certain they will make their home port at San Francisco.

Clavering Gets Down.

The steamship Clavering arrived down from Portland yesterday evening at 5 o'clock and is now in the lower harbor with the Indravelli ready for sea. She left Portland Friday evening. The Clavering's cargo consists of 21,884 barrels of flour, valued at \$78,736; 455,291 feet of lumber, valued at \$7743, and 1711 sacks of tan bark, valued at \$1320, a total valuation of \$86,529.

A Leviathan Lake Steamer.

The keel of an immense steamer has been laid at Lorain, Ohio. The vessel is intended for the lake trade, and when completed will be the largest inland water freight boat in the world. Her length over all will be about 580 feet; beam, 56 feet, and depth, 32 feet. Her capacity will be 11,120 tons on a draft of 15 feet 6 inches. She will be capable of carrying 304,000 bushels of wheat. It is believed that within a few years vessels with a capacity for 500,000 bushels will be navigating the great lakes.

Ship Owners Giving In.

San Francisco, March 12.—Hobbs, Wallace & E. T. Kruse were reported yesterday by the Marine Engineers' Association to have acceded to the association's demand for overtime pay of \$1 an hour. The Pollard & White steam schooner owners had already conceded the demand of the engineers, who claim that their demand was only in line with an old agreement that was in force some years ago and which had been violated by the owners.

Marine Notes.

The O. R. & N. steamer Oregon will leave out for San Francisco at 7 o'clock this morning.

The government tug Mendell, which has been making soundings on the bar, will go up to Portland today.

The dredge Chinook will leave for Portland this morning for the purpose of undergoing repairs to her boilers and to have installed an oil burning apparatus.

The French ship Marchel de Torrens cleared at the customs house yesterday. The vessel's cargo consists of 111,546 bushels of wheat, valued at \$87,096. She will go to Queenston for orders.

Report from the heads last evening conveyed the information that the bar was rough with a 30-mile wind from the southwest. The weather condi-

tions at the time was generally cloudy, with evidence of continued storms. The two coasters Alliance and Aurelia will doubtless be bar bound for some days to come. The Alliance is still in port, impatient to get to sea, and the Aurelia will get down today and join her company. At the first opportunity they will pass out, but present indications are not propitious.

A High Dinner.

Rome, March 12.—United States Ambassador Meyer last evening gave a splendid dinner in honor of D. J. Hill, the American minister to Switzerland. Among those present were Mr. and Mrs. D. Fearing, of New York; Mr. and Mrs. Kelly, a brother of United States Senator Kean, and the Misses Potter, sisters of Bishop Potter, of New York.

WORKING OVERTIME.

Eight hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, sick headache and all stomach, liver and bowel troubles. Easy, pleasant, safe, sure. Only 25c at Chas. Rogers' drug store.

NOT METHODIST WORKER.

Missionary Killed in Asia Supposed to Have Been Rev. Larabee.

New York, March 12.—Cable dispatches from Urumia, Persia, announcing that Dr. Labori, an American missionary, has been killed are believed to refer to the Rev. Benjamin Larabee, one of the best known Presbyterian missionaries in the Asiatic field, who has been stationed in Persia since 1860. No report of his death has yet reached the Presbyterian board of foreign missions. Secretary Robert E. Speer says it has been reported in Persia recently, however, that a Mohammedan fanatic claiming descent from the prophet himself, has of late been causing much trouble among the villagers about Urumia and his actions are supposed to have led to the missionary's death.

Dr. Larabee was nearly 70 years old, and had one son who was assisting him in his work. They are natives of Massachusetts.

MORE RIOTS.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver and Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Chas. Rogers, druggist.

Young ladies, you shouldn't forget it is leap year, and more than two months of it is gone. The open season for bachelors only comes once in four years, and there are some good catches in Salem. Delays are dangerous.

ALL WRONG.

The Mistake is Made by Astoria Citizens.

Don't mistake the cause of backache. To be cured you must know the cause.

It is wrong to imagine relief is cure. Backache is kidney ache.

You must cure the kidneys.

A Portland woman tells you how this can be done.

Mrs. J. D. Kennedy, who resides at 780 Corbett street, Portland, says: "I have been afflicted with kidney trouble for thirty years and for the past twenty years I have never been entirely free from it in some form or other. I suffered terribly from backache and could hardly stoop over and get up again. Trouble from the kidney secretions existed. At times I was greatly bloated, my feet swelled to twice their natural size and I was seldom without a plaster on my back to ease the pain. I doctored a great deal and used more medicines than any one person could carry. I had read so much about Doan's Kidney Pills that I concluded to give them a trial. I was a good subject with a case of such long standing and I thought if they helped me I could safely recommend them to others. I used them faithfully and the results were satisfactory in every way. Doan's Kidney Pills are a wonder. They did me more good than any other remedy I ever used."

Plenty more proof like this from Astoria people. Call at the drug store of Charles Rogers and ask what his customers report.
