LIGHT WIND QUIET SEA

Oxford Rows Dogged Race, but Stand no Show With Sturdy Adversary.

LONGER TRAINING TELLS

Cambridge Goes Slow at First, but Good Judgment and Steady Muscles Brook No Opposition.

Putney, March 26.—During today's Cambridge-Oxford race, which was won by Cambridge, the wind was very light from the northwest and was behind the crews over a fair part of the course.

The boats made a good start. The Oxford men began strong and steady and gained the lead, but the Cambridge stroke would not allow himself to be hustled, rowing with great judgment, and at the proper moment, when he called for a spurt his men responded gallantly. Thenceforth their longer training told in their favor.

Amid tremendous cheering by the spectators the Oxford crew worked manfully and a fine race ensued until Thorneycroft was reached, when the form of the Oxonians began to get ragged and thereafter the result was never in doubt, though the defeated crew rowed a dogged stern race.

According to the official announcement, the time of the winning crew was 22 minutes and 32 seconds and their lead at the finish line four and one-half lengths.

No Boxing at Cornell.

Ithaca, N. Y., March 26.—President Schurmann has vetoed boxing matches at Cornell university. A recently formed sparring club was making arrangements for a boxing tournament to be held Monday night, but the president has refused to grant the use of the gymnasium for the show, on the ground that it would come too near to violating the state law to be countenanced by the college authorities.

WINS IMPORTANT DECISION.

Company Denied New Trial Against New York Millionaire.

San Francisco, March 26.—Joseph R. De La Mar, a millionaire mining operator of New York, has just won two important legal decisions in the United States circuit court, when Judge Morrow denied the motion for a new trial in the case of the Utah-Nevada Company against De La Mar and dismissed the suit in equity brought by the same plaintiff.

The action was brought to recover over \$5,000,000, which it was claimed was the share of Isaac E. Blake in the Jim Crow, Monitor and other mines in Lincoln county, Nevada. Blake claims that he had an oral contract.

WOMAN'S SYMPATHY.

Is Proverbial. Astoria Women No Exception.

How much we owe to the sympathizers suffer they cheerfully lend a helping hand. They tell you the means which brought relief to them that you may profit by their experience. Read the testimony given here by an Astoria woman.

Mrs. Close, wife of John Close, engineer at Lindenberg's cold storage house, foot of Eighth street, residing at 230 Commercial street, says: "About a year ago we moved here from Portland and as I had a great deal to look after I overdid myself and the result was I brought on kidney trouble. My back began to ache and as time rolled the side of womankind. When other by it kept getting worse instead of better. It finally grew so bad that I could scarcely stoop or straighten after stooping. When I did any work requiring bending I could hardly get up and I had headaches, dizzy spells and at times everything before me looked blurred. I was just about to start to the store for a plaster to put on my back when I read about Doan's Kidney Pills, and as they were so highly recommended for kidney trouble I made up my mind to try them and procured a box at Charles Rogers' drug store on Commercial street. They went right to the root of the disease and helped me from the start and before I had finished the box I was cured. Everything is changed with me now and I have no symptoms of kidney trouble whatever."

For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

with De La Mar in which he was to receive 40 per cent of the profits of working the mines. It is claimed that De La Mar took out in the neighborhood of \$15,000,000. Blake transferred his interests to the Utah-Nevada Company.

Held Liable For Losses.

New York, March 26.—A decision has been handed down by the appellate division of the state supreme court affirming the decision of Justice Scott, in which a member of the New York stock exchange and three railway companies were held liable for losses sustained through the unauthorized transfer of registered bonds. It is the first decision of that nature and was based on the suit of Jennie Clarkson Home for Children, the treasurer of which sold a broker a lot of bonds with which the home was endowed and fled with the money. It was shown that the treasurer had forged a resolution of the home's directors enabling him to procure the transfer of the bonds to himself.

Politics in Arkansas.

Little Rock, Ark., March 26.—Each of the 75 counties in Arkansas will hold democratic primaries today. Candidates for state offices will be voted on and democratic nominees for congress will be chosen in all seven districts. Interest centers in the race for the nomination for governor between Governor Jefferson Davis, who aspires to a third term, and Carroll D. Wood, associate justice of the Arkansas supreme court. Governor Davis is also a candidate for United States senator to succeed Senator James H. Berry, whose term expires March 4, 1907.

EXCITEMENT IN STOCKS.

New York, March 26.—An excited and nervous speculation in stocks followed the publication of the plan of the Northern Securities distribution which was the dominant influence in the market. The enormous buying of Union Pacific was supposed to be for Northern Pacific and Great Northern interests in the establishment of a community of interests to take the place of the Northern Securities device. Speculative excitement was fired by this supposition in spite of official disclaimers of its truth and rumors of actual contention in the Northern Securities settlement. The mystery hanging over the buying kept the tone of the market unsettled and feverish and caused constant reactions.

FRIENDS WORK FOR PARDON

Ex-President Bonilla May Not Be Shot For Alleged Treasonable Conduct.

FREE SPEECH REAL PLAINT

Former Chief Executive of Honduras Lies in Prison Under Sentence of Death—Petitioners Active.

New York, March 26.—Friends in this city of Dr. Policarpo Bonilla, ex-president of Honduras, who is reported to be in prison under sentence of death on a political charge, are preparing a petition to save his life. It will be forwarded in a few days to President Manuel Bonilla, who is not related to the former chief executive. The signers believe Bonilla's offense lay only in his advocacy of free speech.

Miss Delmonico Dead.

New York, March 26.—Miss Rosa Delmonico, last of the immediate family of the famous Swiss restaurateurs, is dead at her home here, aged 65 years. Until within a month of her death she had maintained full charge of the business, which fell into her hands upon the death of her brother 20 years ago. Her sister's sons, who have taken the family name, will now take control.

COVERED BY CRIMINAL CODE.

Vancouver Property-Owners Uneasy Over Prospect of Prosecution.

Vancouver, B. C., March 26.—According to the judgment of Police Magistrate Adolphus Williams, of this city, the bylaws of the corporation of Vancouver which provide special pains and penalties for those who own property used for purposes of infamy, is not worth the paper upon which it is inscribed. This does not mean, however, that such property owners are to be classed immune from the penalties the bylaws in question were designed to provide. Quite the contrary, for the magistrate holds that they may be

proceeded against even more rigorously under the criminal code of Canada, which in reality renders such a bylaw as Vancouver has sought to enforce entirely superfluous.

The decision of Magistrate Williams has created no little consternation among owners of Dupont street property, many of whom are church members in good standing, but who, nevertheless, in view of the royal incomes from their properties, have not been disposed to look beyond their agents, or inquire too closely into the habits or character of the tenants.

The judgment will also have great interest in a number of eastern towns and cities that have been urged by the moral reform element to pattern their vagrancy bylaws on the piece of Vancouver municipal legislation now preemptorily disallowed.

HAMMERED INTO PULP.

Longshoreman in Mixup with Tacoma Police Officer.

Tacoma, Wash., March 26.—Officer William M. Casey lies at the St. Joseph hospital in a critical condition, with his head pounded into a pulp, and Emil Johnson, a longshoreman, better known as "Frenchy," is under arrest with a gunshot wound in the fleshy part of his leg, as the result of a row between the two men. "Frenchy" was trying to run things in Old Town when Officer Casey interfered. The longshoreman resisted arrest and Casey gulled his gun. In the mix-up that followed the longshoreman took the officer's club and pounded him into insensibility.

The story of spectators differ. Some claim that the officer fired three shots before the other man seized the billy, while others claim that the officer fired the shots after he was assaulted with his club. The longshoreman came ashore from a French ship not long ago, and is considered a tough character. He was making for Portland along the railroad track when arrested.

Welcome as Sunshine

after a long storm is a feeling of relief when an obstinate, pitiless cold has been driven away by Allen's Lung Balm. Only people who have been cured of throat-ache and sore lungs by this remedy can quite realize what the feeling is. There is no opium in the Balm; its good effect is radical and lasting. Take a little home today.

Human Dandruff Germs Denude a Rabbit

CONVINCING EXPERIMENT by DR. SABOURAUD of the PASTEUR INSTITUTE.

This experiment proves that dandruff is a contagious disease due to the presence of a microbic growth in the sebaceous glands of the scalp. It also proves that unless the formation of dandruff is stopped—by destroying the germs—it will lead to falling hair and incurable baldness. Prof. Unna, Europe's noted dermatologist (ask your doctor about him) was the first to discover the microbic nature of dandruff and baldness. His discovery was later verified by Dr. Sabouraud, at the Pasteur Institute, Paris, France. The doctor inoculated a rabbit with human dandruff germs and in due time the rabbit began to lose its fur. "In between five and six weeks," says the official report of the Pasteur Institute, "the rabbit was completely denuded, in fact, it had become entirely bald."

Dandruff is annoying. Falling hair is an injury. Baldness is a calamity.

If you are indifferent about your hair and let it "take care of itself," you should not grumble when it is gone. Careful people now try to save their hair and Newbro's Herpicide enables them to do this in a very pleasing manner. It is the first scientific HAIR-SAVER and it is growing wonderfully in popularity. Everyone should endeavor to protect the scalp against dandruff infection and the surest way is to carefully avoid "exposure" to dandruff germs and to rely upon Newbro's Herpicide as a scalp prophylactic. One of the chief forms of "exposure" the scalp, is to use an unsterilized public hair brush. The hair brush should be as exclusive as the tooth brush. It is important to remember that:

1. Dandruff is a contagious disease caused by a microbe.
2. Dandruff is a forerunner of itching scalp, falling hair and baldness.
3. Chronic baldness is incurable.
4. The cause of dandruff can not be washed out of the scalp with soap and water.
5. The only way to cure dandruff and stop falling hair is to kill the germ that causes it.
6. The only safe remedy, so far discovered, that will absolutely kill the dandruff germ is Newbro's Herpicide.

Kill the scalp germs and the hair is bound to grow naturally. Almost marvelous results follow the use of Newbro's Herpicide. It contains no oil, grease, sediment or dye. It delights the ladies by keeping their hair light and fluffy and by giving it a silken gloss.

STOPS ITCHING OF THE SCALP INSTANTLY.

Newbro's Herpicide

An Exquisite Hair Dressing.

THE ORIGINAL REMEDY THAT "KILLS THE DANDRUFF GERMS."

Herpicide Fulfills Expectations. "I am using Herpicide and it is doing all that can be expected. My hair has almost stopped falling and the dandruff, after two applications, is not near so bad." (Signed) L. A. HARMS, Portland, Ore.

Does All We Claim For It. "I am pleased to say that Herpicide has produced beneficial results and from all appearances it will accomplish what you claim for it, an absolute cure of dandruff and falling hair." (Signed) FRANK BOLLAM, Portland, Ore.

An Unhealthy Hair.

A Healthy Hair.
