Domestic Lumber Shipments.

Domestic shipments from the Columbia river showed a marked falling off as compared with the first two months of the year. The strike of the marine engineers had something to do with the decrease, although the demand was not as brisk nor the output as great as in January and February.

Trouble for the Captain.

If the contents of a letter received from the owners of the British ship Glensesslin are to be taken for it, Captain Pritchard, of that vessel, will have rather an unpleasant experience upon his arrival home.

FEEL POORLY.

As spring approaches you commence to feel poorly and you wonder at the cause. You feel tired and out of sorts. Your head aches, you have no appetite and the blood is impure. Hostetter's Stomach Bitters will quickly tone up the system, overcome that tired feeling and make life a pleasure.

HOSTETTER'S STOMACH BITTERS

his arrival home. According to the story printed by the Portland Journal, Captain Pritchard entered into a dicker with sailor boarding house runners to entice seven seamen from the ship, paying the crimps \$144 for the service.

Among other pointed statements the owners say that they are astonished at the action of Captain Pritchard, and the only conclusion which can be surmised for his entering into such "a contemptible transaction" is that he and the crimps participated in the plunder. They state that they wrote Captain Pritchard a letter which he received upon his arrival at Astoria.

The owners further deny that Captain Pritchard ever wrote them a single word regarding his crew neither has he given them any explanation of his conduct. The local agents of the vessel stand they took in refusing to pay the bill. The letter condemns both the captain and the crimps in the strongest terms, and greatly deprecates that it is possible for such a condition of affairs to exist.

The steamer Despatch will arrive today from San Francisco, on her first trip since the strike of the marine engineers. Captain A. Peterson, heretofore in command of the Berlin, is now master of the Harry Morse. Captain Reynolds formerly of the Morse, has taken the Berlin.

Marine Notes.

The schooner Virginia, with a cargo of lumber for San Francisco, put to sea yesterday. Captain Billy Patterson, Portland's gold medal pilot, was down from the inland metropolis yesterday.

The bark Harry Morse is at the dock of the Columbia River Packers' Association, where she will load cannery supplies for Alaska. It is intended that she shall sail for the north about April 15.

Of the domestic lumber shipments during March, but one cargo went else where than to San Francisco. The schooner A. F. Coats, with 725,000 feet of lumber, went to San Pedro, the other 12 vessels going to the Bay city.

LARGER ORDERS IN MONTH.

Relative Business Being Done in Pig Iron Market Sections. New York, March 31.—Southern iron makers, well filled as they are with orders until well toward July, have been taking a moderate additional tonnage, says the Iron Age, on the basis of \$10 for No. 2 foundry, Birmingham. Some occasional sales, however, are still being made at \$9.75.

It is the northern makers who have been taking a relatively larger amount of orders lately, the whole market being decidedly firmer, both on foundry and forge pig iron. The whole eastern iron trade is watching with keen interest the developments in the filling of the contracts of casting for the Pennsylvania tunnel. Some low prices are being talked of. Bessemer pig in the central west is firm and the product is being freely taken. Next week will decide quite a tonnage of low phosphorus pig iron, aggregating at least 10,000 tons has been sold by furnace men in eastern Pennsylvania to casting parts for delivery, in one case as far as Ohio and in another case as far as the Boston district. The sales have been at prices equivalent to \$18.75 at Philadelphia.

Gunboat is Dismantled.

New York, March 31.—The Japanese consul general having verified the completion of the disarmament of the Russian gunboat Mandjur, the Japanese cruiser will, according to a Times correspondent, leave Shanghai today. The gunboat has been bottled up in the river at Shanghai since the war began.
