### NEW HEAD TALKED OF.

Seattle Unions Discussing Problem of Central Body.

SEATTLE, April 4.—The Seattle Amalgamated Trades Council is the name proposed for a new central labor organization, the preliminary steps towards forming which have already been taken by three local unions which recently seceded from the Western Central. The preamble adopted by the new organization recites that the necessity for a conservative head to allied labor in this city is growing more imperative every day, and it is proposed to perfect a body with which all unions can affiliate independent of past internal dissension. The utmost secrecy has been preserved in the formation of the new parent body and none of its promoters will as yet make any authoritative statement concerning its existence.

Active steps are being taken towards including several of the largest and most influential unions in the city to ally themselves with the new organization. Local Clerks' Union No. 330 and the Brewery Workmen's Union are both reported in labor circles to have already joined the council and overtures have been made to the Iron Molders' and Machinists' unions to affiliate. These latter unions are not now members of the Western Central.

In this connection it was yesterday rumored in labor circles that the boycott which was several months ago inaugurated against the product of the Seattle Brewing and Malting Company was on the eve of a settlement. While promoters of the new council admit that the new existence of this boycott has been responsible for much of the dissatisfaction with the Western Central, they nevertheless claim that a settlement of the boycott at this time will not operate to prevent the formation of the new council.

Secretary Rust of the Western Central, when seen last night concerning the organization of the new council, said that in so far as he knew there was no foundation for the report. He claimed that if any considerable number of unions had entered into such a plan he would know of its existence.

### WILL NOT PAY RENT.

Tenement Dwellers are Angry at Recent Increase.

NEW YORK, April 4.—Scores of indignation meetings have been held in the East Side in protest against a general increase of tenement rentals. Lawyers and business men addressed the meetings, and a protest was drawn up, which will be presented to the mayor. Advances have been made by leaseholders in the crowded sections south of Eleventh street, from the Bowery to East river. The raises range from \$2 to \$10 a month. Most of the tenement dwellers are too poor to pay the increase and denounce it as extortion. Some already have been thrown on the streets.

Throughout Easter day the streets were thronged with people discussing their grievances. All were agreed on one point—to resist to the utmost and refuse to pay the increase. An aid society has been formed to take care of those who may be dispossessed and

are unable to take care of themselves. It is declared the leaseholders and not the landlords have caused the advances. The former take the buildings by the year and collect the rents from those to whom they sublet. Numerous threats of violence already have been heard.

### TO BE ARRAIGNED TODAY.

If Burton is Sentenced Appeal Will Be at Once Filed.

St. Louis, April 4.—Senator Burton will, it is stated tonight, be arraigned in the United States district tomorrow, when a bill of exceptions prepared by his counsel to secure a re-hearing of his case, will be filed. Examination of the bill was completed by the government today and returned to the counsel for the defense.

If Judge Adams refuses application for a new trial when the bill is presented tomorrow, it is expected that sentence will be at once imposed and that the case will be appealed.

### Every Passenger Injured.

Concordia, Kan., April 4.—The Burlington passenger northbound from Concordia to Wymore was wrecked this morning near Cuba, two coaches going into the ditch. Scarcely a passenger escaped without slight injuries, but none were seriously hurt. The accident was caused by the rails spreading.

"My niece's little baby boy, two years old, was so badly afflicted with eczema that he needed constant watching. It was all over his face and he scratched the sores constantly. Mornings his clothes would be stained with blood, and his face and hands would be covered. His family never could take him out, as his face was always full of large sores. They had medical treatment, and tried everything they heard of. She commenced using the Cuticura Remedies last spring and found that at last she had a wonderful healer. The sores left his face and he was entirely cured, and now his face is as smooth and rosy as though no sore had ever been there to mar it."

He is now a healthy child with pink and white skin free from all blemish. It has been a marvellous cure and brought about in a short time after all other medical aid failed."
