**SINK ONE AFTER THE OTHER**

Cling to Bottom of Boat After It Is Capsized by Sudden Squall—The Survivors Are Exhausted.

Tampa, Fla., April 6.—A story of terrible suffering, lasting 20 hours, is told by President Walker and Miss Newton, art teacher, the survivors of a sailing party of seven persons, from the Florida Methodist college, at Sutherland, whose boat capsized while on the way back to port after a day's outing.

In a catboat they left Sutherland Monday morning, sailing to Anclote, a resort on the coast about 15 miles distant. They spent two hours at Anclote and then set sail for home.

In the meantime a severe gale had arisen, which gradually grew, driving the little craft off the shore. Bourland, a student, was acting as skipper but he lost control and a sudden gust of wind overturned the frail craft, spilling the occupants into the water. In the driving wind, the two men of the party had hard work in preventing the drowning of all the women at once. Except Mrs. O'Connor, the oldest of the party, all managed to catch hold of the overturned craft. Mrs. O'Connor was not seen again until her body was found. All through the afternoon and into the night the wind still blowing a gale and the temperature being much colder than usual in this latitude, the chilled women and men held to the bottom of the boat. Mrs. Walker, the wife of the president, was the first to succumb and the others were too weak to save her. In fact, in the darkness they scarcely knew when she released her hold and sank. She was missed by one of the women and it was all they could do to keep President Walker from surrendering to what seemed the inevitable and following her to a watery grave.

After two hours more young Bourland, who had lost consciousness, also sank. President Walker exerted his little remaining strength to save the others but just at daybreak Miss McCrary, who had been praying for several hours, released her hold and also sank. From then until Tuesday noon President Walker and Miss Newton held Miss Slaughter, who had lapsed into unconsciousness, above the water. They were aided by the calming of the wind.

Miss Slaughter, died at 11 o'clock and when, one hour later, one of the searching parties sent out from Sutherland and Orona in a naphtha launch discovered the wreck they found the president and Miss Newton exerting their remaining strength to keep the body of their last companion from being lost.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

**TAKES THE PISTOL ROUTE.**

Young Wife Commits Suicide for Unknown Cause.

New York, April 6.—Mrs. Alice Rosneau, of Glendale, L. I., shot herself in the temple yesterday afternoon with a 44-caliber revolver, and died at her home a short time later.

Mrs. Rosneau was 36 years old and lived at Wyckoff and Myrtle avenues. She was the wife of John Rosneau, a prosperous hotelkeeper, and the mother of two children, 11 and 6 years of age.

Rosneau heard the sound of a shot in a bedroom early in the afternoon

and ran hastily in. He found his wife stretched upon the floor, groaning, a smoking pistol in her right hand, and blood oozing from a hole in the right temple.

"My God, Alive, what have you done!" he cried. His wife could make no response, but lay groaning. He ran to a telephone and summoned the police, who sent for an ambulance from the German hospital. Dr. Ludwig attended the woman.

An effort was made to ascertain the cause of her act, but she could not articulate. Dr. Ludwig did all in his power to save the woman, but she died at 4 o'clock. Coroner Nutt was notified and has charge of the case, which will be fully investigated. An inquest will be held.

John Rosneau, the husband, when seen by a reporter, said his wife had for some time been unreasonably and insanely jealous of his actions. He stated that he could not account for her jealousy, but that it was very apparent, and was shown especially when he returned home after being out evenings on business or otherwise. He said he had no interests other than in his wife and family, and could account in no way for his wife's jealousy.

**CHURCH FUND ENDOWED.**

Methodist Institution in New York Gets Largest Bequest in Years.

New York, April 6.—One of the largest endowment funds ever created for a church in this city has been formed by the will of Smith Lafayette Russell, a retired business man, who died March 10. It will amount to \$500,000 and all the testator's desire is along the line of several recent moves to keep alive church interest in the downtown district from which many old religious institutions have been removed in recent years.

The Duane Methodist Episcopal church in Hudson street, on the lower West Side, is the beneficiary. During the life of Mrs. Russell a portion of the income from the fund is to be paid her. At her death the entire sum will be placed in trust and the income, estimated at \$25,000, will be expended in building up the church. Several Methodist charitable institutions also will receive sums of \$5,000.

**OUTPUT OF MINT.**

San Francisco Branch Breaks All Records in March.

San Francisco, April 6.—During the month of March the United States branch mint in San Francisco was employed exclusively in the coinage of double eagle gold pieces, and it turned out the enormous total of \$33,113,500 of that denomination for Uncle Sam's treasury. This breaks all monthly records for minting money.

The coinage of the local mint in February this year amounted to \$21,796,000, of which \$21,580,000 was in double eagles and \$216,000 in standard silver dollars. This total broke all the previous records, but was exceeded by nearly \$12,000 this month.

The combined coinage of the San Francisco mint for February and March this year totaled the great sum of \$54,409,500, and this is the largest sum of money ever coined by one mint in that period of time.

**WARNING TO WORKMEN.**

More Tran Enough Laborers and Mechanics at Nome Now.

Seattle, April 6.—The Associated Press today received from Mayor W. H. Bard, of Nome, a telegram warning laboring men to keep away from that district. The dispatch follows:

"Nome, Alaska, March 30.—(Via St. Michaels and Ashcroft)—Organized labor in this city desires to spread broadcast the news that there are enough skilled mechanics and laborers in all branches here to care for the work on hand. The need is for capable and business men of ability. The country offers more opportunity for them than ever before."

**WILL SEARCH FOR KAILUAU.**

Revenue Cutter Manning Will Try to Locate Missing Schooner.

San Francisco, April 6.—The revenue cutter Daniel Manning, Captain Tuttle, has left this port to search for the overdue schooner Kailua, now out 29 days from Puget sound for this port with a cargo of 995,000 feet of lumber. The Kailua is believed to have suffered more or less severely in the early March gales off Capt Flattery. Deep anxiety is felt for the safety of the schooner. She is a four-master and one of the best of the coasting fleet.

**SCHOOL BOY KILLS RIVAL**

Quarrel Over Girl Sweetheart at Last Ends in Revolver Shot.

**FEUD OF MANY MONTHS**

Sixteen-year-old Youth Confesses to Crime But Asserts That It Was Done in Self Defense.

Chicago, April 6.—A quarrel over a girl, their companion at school, culminated in the killing of one 16 year old boy by another. The victim was Jellick, and the slayer was Henry Schaze. He was arrested and has confessed the killing, but declares he shot in self defense.

The boys became enemies when Schaze escorted a girl pupil from school a year ago. The youths fought first, when Jellick declared the other had tried to "cut him out," as other pupils said, in a fist battle behind the school building. Schaze being the victor over Jellick.

After this time, it is said, the boys would quarrel every time they met, until Schaze organized his companions into a body guard and the feud spread throughout the school. Boh boys would often be accompanied by bands of supporters and challenges were frequent. The clash finally came when after quarrelling for several minutes, Jellick struck the other boy in the face and threw him on the ground. Schaze then drew a revolver and shot Jellick, who died almost instantly.

**ENDS LIFE ON FERRY.**

Unknown Passenger Takes Great Quantity of Poison.

San Francisco, April 6.—The first suicide on the Key Route ferry system has been recorded at the coroner's office in this city and now at taches of the morgue are making an effort to establish the identity of the man, who, falling to end his life by plunging over the rail of the vessel into the bay, swallowed a large quantity of cyanide of potassium and died on the deck of the boat before it could be brought into the slip.

The unknown boarded the 1 o'clock boat from this side, the ferry steamer San Jose, and took a seat on her upper deck, forward. Just before the boat reached Goat Island he arose from his seat and attempted to jump over the rail. Deck hands grabbed him and forced him back into a seat, and he promised them that he would make no further attempt to commit suicide. The deck hands still kept watch on him, however, but they did not see him take the bottle of poison from his pocket and swallow the contents.

After taking the poison the unknown threw the empty vial on the deck of the boat. He was soon seized with violent spasms, and while every attention possible was given him he only lived a short time.

As soon as the San Jose reached her slip on this side of the bay the coroner's office was notified, and the body was removed to the morgue. In his pockets the morgue attaches found two time checks drawn in the name of Rohnbach. One was for \$12.50 and the other for \$9.

There was a big sensation in Leesville, Ind., when W. H. Brown, of that

**Correct Clothes for Men**

OWN to the minutest details the "Aquaproof" Rain Coat is correct. The makers proof the fabric and make the garment in New York. Rain or shine—morning, noon or night—the year round—it's the proper caper. It bears this label

on the hanger or inside coat-pocket. If it's not a BENJAMIN, it's not an "Aquaproof"

Equal to fine custom-made in all but price. The makers' guarantee, and ours, with every garment. We are Exclusive Distributors in this city.

place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price, 50c and \$1. Guaranteed by Charles Rogers, druggist. Trial bottles free.

**HEYBURN ON PURE FOOD.**

Senator Contends That Adulterations Are Common.

Washington, April 6.—After waiting with much patience for many days, Mr. Heyburn today found opportunity to speak to the senate on the subject of pure food. Technically the speech was in support of the resolution calling on the secretary of agriculture to send to the senate resolutions of the investigations made by his department into adulterated foods, but in reality it was in support of the pure food bill. Heyburn contended that a very large proportion of foods, drugs and liquors were adulterated and many drugs were absolutely poisonous.

The greater part of the remainder of the day was devoted to the Quarles amendment for grading the salaries of the rural free delivery carriers.

The postoffice appropriation bill was still before the senate when it adjourned.

**COUNCIL OF WAR.**

Throne Conference of Japs Regarding Future Plans.

Tokio, April 6.—A conference was held at the imperial headquarters before the throne today at which Lieutenant General Terauchi, minister of war, Vice-Admiral Yamamoto, minister of the navy, commanding officer in the army and navy, Major General Admiral Saito, vice-minister of the Admiral Saito, vice-minister of the navy and a number of the elder statesmen were present. It is understood that the recent naval campaign was discussed and detailed reports of Vice-Admiral Togo's operations were read by Lieutenant Saito who was a participant in the first attempt to block Port Arthur, who recounted in detail this particular operation, giving his personal experience and views. If any conclusions regarding future operations were reached at the conference they were not made public.

**MALARIA**

Germ Infected Air.

Malaria is not confined exclusively to the swamps and marshy regions of the country, but wherever there is bad air this insidious foe to health is found. Poisonous vapors and gases from sewers, and the musty air of damp cellars are laden with the germs of this miserable disease, which are breathed into the lungs and taken up by the blood and transmitted to every part of the body. Then you begin to feel out of sorts without ever suspecting the cause. No energy or appetite, dull headaches, sleepy and tired and completely fagged out from the slightest exertion, are some of the deplorable effects of this enfeebling malady. As the disease progresses and the blood becomes more deeply poisoned, boils and abscesses and dark or yellow spots appear upon the skin. When the poison is left to ferment and the microbes and germs to multiply in the blood, Liver and Kidney troubles and other serious complications often arise. As Malaria begins and develops in the blood, the treatment to be effective must begin there too. S. S. S. destroys the germs and poisons and purifies the polluted blood, and under its tonic effect the debilitated constitution rapidly recuperates and the system is soon clear of all signs of this depressing disease.

S. S. S. is a guaranteed purely vegetable remedy, mild, pleasant and harmless. Write us if you want medical advice or any special information about your case. This will cost you nothing.

THE SWIFT SPECIFIC CO., ATLANTA, GA.
