Save Your Daughter

No. 155 West 88th Street,
New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

Lizzie H. Thompson
 THOMPSON, RATHERSON MEMORIAL ASSOCIATION.

WINE OF CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

Weinhard's Lager Beer.

VESSEL FOR COAST TRADE

MacCormick-Hauptman Company
Will Build Steamer to Ply North
Out of Frisco.

BIGGER THAN THE ALLIANCE

Will Have Passenger Accommodations and Capacity for 600,000 Feet of Lumber—
Other Maritime News

G. D. Hauptman, a Portland shipping man, reports that a contract has been let for the construction of a new steam schooner at Eureka, and that work upon the vessel will soon be started. When completed the craft will be placed in commission between San Francisco and the Columbia, and will make occasional trips to Puget sound. Coming north, she will carry oil, and on the return passage down the coast her cargoes will consist mostly of lumber. The managers and owners will be the MacCormick-Hauptman Company of San Francisco and Portland.

The dimensions of the steamer will be 165 feet in length, 36 feet across the beam, and a depth of hold of 12½ feet. She will be of 860 net register tons, and have capacity for carrying 600,000 feet of lumber. She will also be provided with passenger accommodations for 30 people.

Her engines are now being built by the Fulton iron works of San Francisco, and the water-tube boilers with which she will be equipped are to be supplied by Charles C. Moore & Co. of the same place. The keel will be laid and the steamer proper built at the Humboldt yards by the Bendixen Shipbuilding Company. It is expected that she will be ready for service within the next four months. Her estimated cost is placed at \$75,000.

Mr. Hauptman states that the new steamer will be up to date in every particular. Aside from being fitted up with oilburners, she will be equipped with all the modern appliances for handling cargo with quick dispatch. In addition to being larger than the Alliance, which is rated as among the best steam coasting schooners now coming to this port, Mr. Hauptman declares that the new vessel will be far superior to her in every way.

The owners are of the opinion that the lumber trade along the coast is going to increase very materially during the next few years, and that there is a splendid opening up this way for another vessel.

SMALL FINES IMPOSED.

Sailors Who Beat French Master
Taxed \$10 by Court.

Half crazed with drink several of the sailors from the French ship Marechal de Noailles made a visit Monday afternoon to the French ship Laennee, which is lying at the foot of Pine street, Portland, and soon picked up a quarrel with their countrymen. Just as the belliger-

ALL WOMEN

Who wish to retain or regain their health must see to it that functional regularity is established. This is an all-important question and the wise woman will resort to Hostetter's Stomach Bitters at the first symptoms of any derangement, because she knows it always gives prompt relief. Pains in the Back, Bloating, Vomiting, Headache, Indigestion, Dyspepsia, Fainting Spells and Sleeplessness are all danger signals which require the Bitters. Try one bottle.

HOSTETTER'S STOMACH BITTERS

ents were preparing to make a charge, Captain Turbet of the Laennee appeared upon the deck and commanded the drunken visitors to go ashore. Then they turned their attention to the skipper. In language that would not sound well they advised the captain to attend to his own affairs, or he would get one of the greatest beatings that was ever administered to mortal man. He held his position, however, and they continued to pour into his unwilling ears tirades of abuse. The captain threatened arrest and the sailors fled.

Captain Turbet proceeded immediately to the police station, where he swore out warrants for the arrest of John Bural, Frank Justalin, Felix Navaigne, Onage Jaquine and Joseph Bartley on a charge of using profane and abusive language. In the municipal court Judge Hogue fined all the men excepting Bartley, who was released, \$10 each.

MARINE NOTES.

The bark Hesper sailed yesterday for San Pedro with a cargo of lumber.

The steamer Despatch arrived in ballast from San Francisco yesterday to load lumber or grain.

The Austrian ship Francesco Guisseppi I. departed yesterday for Valparaiso with a cargo of lumber. She had been in the lower harbor for several days.

The steamship Nome City arrived yesterday from San Francisco on her first run in the stead of the Columbia. She brought a fairly large quantity of freight.

The five-masted schooner Henry K. Hall cleared yesterday for Tsing-tau, China, with 1,453,005 feet of lumber, valued at \$9803.84. She did not get to sea during the day.

Drainage Tunnel Completed.

Colorado Springs, Col., May 12.—The El Paso drainage tunnel which was started over a year ago to drain the mines of the Cripple Creek district to a depth of 250 feet below the 600 foot level, is completed. The water level of the district has been lowered 55 feet since the first encounter with the water, September 6 last. This represents a drainage of 40,000,000 gallons per foot. The tunnel has cost \$85,500 for 6000 feet. A proposition is now being entertained by the mine owners for a tunnel to drain the district 750 feet deeper and settle the water question forever. This tunnel will cost \$350,000 for 1500 feet.

Pay as you go but be sure you go. A penny pinched often means an opportunity lost.

Crime is like seed—to cover it means to cultivate it

The memory of some men seems to be so short that they forget that they are honest.
