FACED DEATH LIKE HEROES

Two Japanese Officers Executed at Harbin for Destroying Telegraphic Communication.

CROWDS SAW THEM DIE

Surrounded by Strong Guards, Who Would Not Allow Photographs to Be Taken of the Execution.

St. Petersburg, May 18.—Details have been received here from Harbin regarding the execution, April 21, of the two Japanese officers, Yokoka and Oki, for attempting to dynamite bridges and destroy telegraph communication on the Eastern Chinese railroad.

The prisoners admitted they were part of a detail numbering 100 men whose purpose it was to destroy the railway at various points. When told that they must have been extremely brave people, they replied:

"Not at all; we are only carrying out our duty and the order of the mikado."

Both prisoners were executed April 21 between the new and old towns of Harbin in the presence of a large crowd. They were shot instead of being hanged, upon order of General Kuropatkin. A strong guard was thrown about the spot to hold back the public at a distance of 400 yards. No photographs were allowed to be taken.

The younger prisoner refused to allow the bandaging of his eyes. When told it was necessary according to Russian law, he asked that an exception be made in his favor. The elder Japanese, a staff officer, wept and fainted, but finally allowed himself to be blindfolded.

One of the men was a Catholic, and made his final confession to a Russian priest, there being no representative of the Catholic priesthood in Harbin.

BECKWITH CASE SETTLED.

Date of Death Fixed by Court and Heirs Receive Fortune.

New York, May 12.—After years of litigation the date and date of death of Arthur Beckwith have been fixed and his estate, amounting to more than \$500,000, will be divided among the heirs by the courts.

Beckwith was a member of a family socially prominent in New York, Newport and Paris. He disappeared mysteriously from a sanitarium at Flushing, R. I., in 1894 and left not the slightest trace. After much litigation, it was decided in 1902 that he was dead, but it remained for the courts to decide upon the date. This has now been fixed at exactly seven years from the day of his disappearance.

FIRST CIGAR KILLED HIM.

Philadelphia Boy Swallowed Stump and Death Followed.

Philadelphia, May 18.—A coroner's inquest upon the death of 10-year-old William Black, who on Sunday smoked his first cigar, has shown that the lad died in convulsions at a hospital after having been given an emetic which brought to light the stump of a cigar.

The boy recovered consciousness shortly before he died and said he had swallowed it accidentally, while attempting to smoke for the first time.

Five Thousand for War.

Belgorod, May 18.—A deputation from the governor of Koursk has presented the emperor with \$5000 for the war fund. In bidding farewell to the Thirty-first artillery, which will leave in a few days for Manchuria, the emperor presented the brigade in the name of the empress and himself, an ikon of St. Nicholas.

Armenians Destroy Villages.

Constantinople, May 18.—According to a dispatch from the vail of Bitlis, Asiatic Turkey, 17 villages have been destroyed by Armenian insurgents in the district of Sassun. More than 600 Armenian families have taken refuge in Mush, a town of Bitlis.

New York's View of Arkansas.

The manner in which the east looks upon the south and the west may be gleaned from the following from the New York Tribune. The story is not meant for a joke, but was written on the editorial page as a faithful picture of Arkansas life. It goes without saying that anyone who knows the south will say the tale is far-fetched and the writer needs a trip southward and westward to broaden his mind a bit. "Governor 'Jed' Davis of Arkansas,

who has just won a big victory over his democratic opponent, Judge Woods, is a very skilful campaigner in the hill country. Among the 'red necks' he is very popular. When he goes among the hills he travels behind a yoke of oxen, the popular mode of locomotion there, and calls every 'red neck' by name. During the week immediately preceding the last primary election, held a week ago last Saturday, Governor Davis driving a yoke of spotted oxen, reached the metropolis of one of the hill counties. He went into the hotel, and there found a letter from his wife at the executive mansion in Little Rock. He was still reading the letter when a party of his 'red neck' constituents came into the hotel office to greet him. 'Hello, Zach,' said the hearty governor, grasping the outstretched hand of the first man in the party. 'How's the folks?' 'They're right pert, Jeff,' answered the delighted 'red neck.' 'How's your folks?' 'Jee got a letah from my wife,' answered the governor, holding up the dainty notepaper. 'She's right pert, too, but plum nigh beat out. Been a-billing soap all day!' And so another link was forged in the chain which binds the hill dwellers to the political fortunes of this most skilful and astute of candidates."

AIKEN TRIAL FINISHED.

Evidence Will Soon Be in Hands of General MacArthur.

San Francisco, May 18.—The court-martial convened to try the case of Lieutenant William B. Aiken, has finished its labors at the Presidio. Only one witness was called, and that was Dr. Edmund D. Shortlidge, by the prosecution. The court then held a private session and a verdict was arrived at. It will be several days before the evidence will be handed to General MacArthur for his perusal, and it will take some time to get the documents into shape. The verdict will not be given out before next week.

Newbro's Herpicide

An Exquisite Hair Dressing.

THE ORIGINAL REMEDY THAT "KILLS THE DANDRUFF GERMS."

Herpicide Girls

THE LADIES OBJECT to a gummy and sticky hair dressing or one that is full of sedimentary chemicals intended to dye the hair. The marked preference for a clean and dainty preparation, particularly one that overcomes excessive oiliness and leaves the hair light and fluffy, is reflected in the enormous sale of Newbro's Herpicide. Discriminating ladies become enthusiastic over its refreshing quality and exquisite fragrance. A WOMAN TO BE PRETTY must have pretty hair. The features may be quite plain or even homely, yet if the head is crowned with an abundance of beautiful hair, attractiveness will not be lacking. The poet says: "Fair tresses man's imperial race ensnare." Herpicide gives the hair a charming distinctiveness that is characteristic of no other hair dressing.

DISEASED HAIR A MISFORTUNE. Unightly or diseased hair is a misfortune in more ways than one. There is the actual injury to the hair follicles, and the consequent loss or thinning of the hair; this may cause diseases that sometimes follow a removal or thinning of nature's protection to the head. A diseased condition of the hair effects a woman's disposition to a marked degree.

If the hair is dull, brittle and lifeless, owing to the presence of a microbic growth the effect is to dampen one's spirits and cause a loss of interest in personal appearance. The use of Newbro's Herpicide overcomes the ravages of the dandruff microbe, after which the natural beauty and abundance of the hair will return as nature intended. Almost marvelous results follow the use of Herpicide. Gentlemen will find Newbro's Herpicide in use at all important barber shops.

STOPS ITCHING OF THE SCALP INSTANTLY. PROMINENT DOCTOR SAYS:—"It gives me pleasure to state that since using your preparation, Herpicide, I have been much benefited and nearly entirely relieved from the troublesome itching of my scalp. I believe it will entirely cure such troubles if properly used."

A CONVINCING TRIAL—"After fifteen applications of Newbro's Herpicide my head was free from all disease and scales. When I first commenced to use Herpicide I thought it would be a fake like lots of them but I am happy to state that it has done all and more than you claim for it."
