### ASSAULTED THE COUNT

Details of the Story Which Led to the Report of an Assassination Yesterday.

### STRUCK WITH WAKING STICK

Police Arrested the Offending Prince, Who Is Supposed to Be Insane Through Brooding Over Trouble.

St. Petersburg, June 1.—Report of an attack upon Count Lansdorff, minister of foreign affairs, which grew last night into a rumor of an attempted assassination, have their foundation, as nearly as can be learned, in a personal assault committed Monday evening by Prince Dolgorusky, a disappointed office seeker. The prince's opponent of Count Lansdorff's policy and is said to have become insane through brooding over his alleged grievances.

The prince formerly was an officer in the imperial hussars, but is now on the retired list. At one time he was connected with the foreign office as an attaché at Vienna. Since then he is said to have been a constant applicant for a position in the foreign office but without success. He belongs to the Slavophile party, strongly opposed to the pacific policy of the minister of foreign affairs.

According to the story current in the city, the prince met Count Lansdorff in the street Monday evening and without warning, struck him on the head with a walking stick. In so doing he is said to have calmly announced that he chastized the foreign minister in the name of the whole Russian people.

Police agents rushed to the scene and seized the prince who immediately handed them a card, saying it was a private affair. Nevertheless he was placed under arrest.

Count Lansdorff called upon the emperor Tuesday, it having been his regular day for an audience and therefore not necessarily connected with

### UNIVERSITY GETS COIN.

Handsome Donation Made in Interest of Hebrew Scholars.

New York, June 1.—A large sum of money will be donated in the near future to Columbia university by Adolph Lewisohn, the well-known capitalist. The exact sum is not yet known, but it has been learned that the fund is to be used for the education of those without opportunity to secure learning, for which they have shown themselves fitted.

Mr. Lewisohn has been much interested in the efforts of the youth of the Hebrew quarters on the east side to gain an education and it is said his gift is designed primarily to aid the people of that section of the city.

Several large donations have already been made by Alfred Lewisohn to the Hebrew Educational Alliance and kindred institutions while his brother, Leonard, gave \$50,000 two years ago for the building of a Hebrew theological seminary for the Columbia university.

### GARRISON IN DANGER.

Russian Cavalry Has Cut Off Portion of Japanese.

New York, June 1.—Fears are entertained here for the safety of the Japanese garrison and settlement at Wonson, as Russian cavalry is reported south of Ham Heung, says a Herald dispatch from Seoul. Reinforcements are being sent to Wonson from Ham Heung and Pine Yang.

Reinforcements sent to the latter point and Anju have reduced the strength of the local garrison to about 2000, which is considered sufficient, as any Russian approach by way of the east coast against Seoul would be speedily known through the numerous small Japanese squads located in every village to the north and east. The squads also can be used to reinforce Seoul.

No local disturbances are feared the Korean court being dominated by Japanese influence. Attempts to persuade the emperor to remove the residents to the east places are thus far futile. Memories of the riots of 1894 are still strong in the imperial mind.

### Jap Prisoners Go to Siberia

Russia's Prisoners Arrive in the Mines and Are Allowed Eight Cents a Day for Expenses.

St. Petersburg, June 1.—Advices received by mail from Tomsk, western Siberia, report the arrival there of a detachment of Japanese prisoners consisted of 26 officers and 180 men, the majority of whom are sailors. All were in good health. The officers were sent to the officers' club while the men are quartered in a riding school.

A food allowance has been granted the officers of \$25 to \$62.50 monthly, while the enlisted men receive 8 cents daily.

Workmen have reached Lake Baikal to construct wireless telegraph stations for communication across that body of water.

Miss Fowler has conducted a farm near Vineland more than 40 years and never would have a man about the place until last fall when she concluded her farming days were over and advertised for help.

George B. Fowler of Lemoine, Minn., applied for the job and then proposed marriage. After a long correspondence he was accepted and the wedding was set for the latter part of this month.

Miss Fowler taught school in her native town, Ambury, Mass., until she was 28 years of age. She espoused the cause of dress reform when it was original in the Oneda community, New York, and has worn the bloomer garb for more than half a century.

### United States Of Europe

Prophecy That Federation of All Nations Will Be Formed Within a Few Years.

Chicago, June 1.—A union of the majority of the nations of Europe into a great federation has been predicted by ex-Anatole Roy-Beaulieu, the French economist and sociologist in a lecture on "The United States of Europe", given under the auspices of the Alliance Française.

In this union, which the professor thought was sure to come about, though possibly not in the twentieth century, three nations, he said, would not be included: England, because it would combine instead with the United States; Russia, because it would form a great independent nation by itself and Turkey, because it would be an absorbed country by the coalition and lose its identity. The union would be a necessity, the speaker said, to resist American aggression and the "yellow peril."

The lecturer said he had perceived that this country has a "tendency to look upon continental Europe with the same regard that children have for superannuated parents, whose usefulness has come to an end. "Europe," said the speaker, "is in danger. The United States is pressing hard upon the old countries in all lines of activity, not merely commercial but also artistic and scientific. If this is not a sufficient cause there is another in the far east. The progress of Japan will mean the awakening of China. The United States makes light of the yellow peril, but it does exist."
