#### Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Chas. Rogers, Druggist. Trial bottles free; regular sizes, 50c and \$1.00.

The Northern Pacific Railway Company will place round trip tickets from Portland to St. Louis and return on account of the world's fair on sale as follows:

June 16th, 17th and 18th.  
July 1st, 2nd and 3rd.  
August 8th, 9th and 10th.  
Sept. 5th, 6th and 7th.  
October 3rd, 4th and 5th.

The round trip rate to St. Louis and return from Portland will be \$47.50. Tickets will be good for return via any direct line.

A round trip rate of \$72.50 will also be made from Portland to Chicago and return.

If a passenger desires to take in both Chicago and St. Louis the round trip rate will be \$75.00.

All tickets will be good for 90 days from date of sale. Tickets will be good going ten days from date of sale so that a limited stop-over can be had on the going trip and on the return trip passengers can stop at their pleasure west of the Missouri river or St. Paul. These rates apply via direct lines, but if passenger wishes to return through California tickets can be sold accordingly, but at an increased rate of \$12.50 added to above.

## TO RESTORE THE TROPHY

Discussion Among Riflemen to Be Ended by Giving Back the Cup and Disregarding Match.

### MEN ARE SPORTSMANLIKE

Americans Noble Enough to Give up Trophy Rather Than Be Called Unsportsmanlike.

New York, June 6.—That American riflemen may not rest under even a technical imputation of unsportsmanlike conduct, the executive committee of the American Rifle Association may offer to restore the Palma trophy to the British association, agreeing that the match at Bisle, England, last July shall be erased.

General Bird W. Spencer, president of the American association, is said to be of the opinion that a restoration of the trophy would be the best way out of the discussion now going on, and he has called a meeting of the executive committee, of which he is ex-officio chairman. It is likely the committee will meet within ten days and settle the matter.

### UNDER MARTIAL LAW.

Colorado Governor Again Exercises His Prerogative.

Denver, June 6.—An order has been issued by Governor Peabody making effective today the suspension of martial law in Las Animas county, where a strike of coal miners, members of the United Mine Workers of America has been on for several months. Major Hill will remain in Trinidad, however, for an indefinite time in command of certain troops which will act only in case the civil authorities find them necessary. The governor says in his order that peace and good order in Las Animas county is being rapidly, if not wholly restored, and that it has been shown that the civil authorities are able and willing to control the situation.

### WILL COME AGAIN.

Japanese Threat Not Carried Out Because Author Died.

Port Arthur, June 5.—Among the documents found on the steamer Yeddo, one of the vessels sunk at the mouth of the harbor, the following defiance was discovered fastened on the rail of the bridge:

"Remember my dear Russian sailors my name is Lieutenant Commander Koriso. This is my second visit; my first was on the Kossuko. I will come again."

This threat was not carried out, however, as Koriso was found among the dead.

Vladivostok, June 6.—United States Commercial Agent Richard Green has caused to be published in the local newspapers for the benefit of the native merchants the provisions of the treaty of 1854 between the United States and Russia respecting Neutrality of goods in transit. The publication was made with a view to facilitating trade, which is almost paralyzed.

#### Beavers in Montana.

The beaver is not shy where he is not hunted, and acquires confidence in a friendly watcher sooner than any other animal I know. Strangers or unusual clothes on a person to whom they have become accustomed alarm them, though, like dogs, they can apparently identify an acquaintance by scent.

The beaver's sense of smell is very acute, for he is able to scent a man 200 yards away, and his eyesight is also most keen; but he seems to be dull of hearing when at work, and I have often walked to within a few feet of one while he was cutting wood. However, their method of warning each other of danger is by slapping or "smothering" the water with the long, flat tail which is so characteristic a feature of the animal, and which not only helps him in swimming, but is used for carrying mud. If a large animal appears at a place where beavers want to work or feed the latter will often "smother" the water continually, one after another joining in, till the intruder is scared away. I have had a thorough wetting at night while watching a pond, through the splashing made by this trick.

I saw my first beavers in the Musselshell river, in Montana. At first they dived whenever they became aware of my presence, but after about three months they would swim around or cut bushes within a few feet of me. In fact, they repeatedly stole my fishing poles, cut from green willows, until I learned to use dry ones.—Country Life in America.

#### Rubbing it In.

Ex-Secretary Elihu Root was talking about the humanity of judges.

"They are humane men," he said. "I could tell you many moving stories of the pain that they have suffered in the infliction of severe sentences. It is not altogether pleasant to be a judge."

"That is why I cannot credit a story that was told me the other day about a judge in the west. A criminal, on trial before this man, had been found guilty. He was told to rise, and the judge said to him:

"Have you ever been sentenced to imprisonment before?"

"No, your honor," said the criminal, and he burst into tears.

"Well," said the judge, "don't cry; you're going to be now."

#### Prince to St. Louis.

New York, June 6.—Prince Pu Lun of the imperial house of China, has completed his sight-seeing tour of this city and departed for St. Louis, where the party is due at 6:45 o'clock this evening. The prince expressed great pleasure over the results of his observations.

#### A WOMAN'S BACK.

The Aches and Pains Will Disappear if This Advice is Followed.

A woman's back has many aches and pains.

Most times 'tis the kidneys' fault. Backache is really kidney ache.

That's why Doan's Kidney Pills cure it.

Many women know this.

Read what one has to say about it: Mrs. Painter, wife of J. W. Painter, expressman, living at 310 East Seventh street, Portland, says: "I have had more or less kidney trouble all my life. When quite a young girl I had a severe spell of sickness, and all who knew me thought I was going to die. I finally recovered, but ever after my kidneys bothered me and I have suffered at times terribly. I could no more lie on my left side than I could fly, and could not stoop to pick anything off the floor without working myself up gradually by placing my hands on my hips. In addition to this there were headaches, dizziness and trouble with the kidney secretions, for all of which I doctored and used more than one remedy said to be a sure cure for such annoyances. Nothing brought me relief compared with that received from Doan's Kidney Pills. The results stamp that remedy as one fully up to representations made for it."
