

APS ARE CHASED TO SOUTHWARD

Reported That Detachment of Brownies Are Pursued by Cossacks Near Chuchia Tun Village.

Russian Government Has No News Concerning Reported Sortie of Russian Fleet.

AMOTHER FLEET IS FORMING

Stated That Turkey Will Allow Russian Ships to Pass the Dardanelles When They Are Ready.

St. Petersburg, June 7.—The general staff today received the following dispatch from General Sakaroff:

"No change in the situation in Feng-wangcheng. The Japanese detachment has evacuated the position which it occupied south of Vafangow, near the village of Chuchia Tun, and has gone southward pursued by our cavalry.

Firing Near Port Arthur.

Chefoo, June 7.—A fleet of junks which has arrived from Dalny for the purpose of buying stores for the Japanese report having heard continuous firing between Dalny and Port Arthur for several days. Japanese warships are making Dalny their headquarters and are coming and going continuously. They take turns guarding the entrance to Port Arthur. The junks report that the Chinese are no longer allowed to leave Port Arthur and that the Japanese are punishing the bandits who raided Dalny and Tallenwan.

That Lamsdorff Attack.

Washington, June 7.—An official statement was received at the Russian embassy today concerning the recent attack on Count Lamsdorff and has been given to the Associated Press by Count Cassini, the Russian ambassador.

"May 29, in the evening, while at the house of Prince Obolensky, Assistant Minister of Foreign Affairs Count Lamsdorff narrowly escaped becoming the victim of a base attack on the part of Prince Dolgoruky. Not having succeeded in his plan, the culprit made an attempt to escape by flight, but was ultimately captured. Dolgoruky, who showed signs of great excitement due

to the influence of spirits, tried to explain the action as being the result of the nervous condition in which he found himself because of his feeling of personal dislike toward his former chief, who did not find it possible to give him an appointment he desired. Otherwise he expressed sincere regret for his behavior.

"By a supreme order Prince Dolgoruky was assigned to medical surveillance, after which appropriate measures will be taken."

Government Has No News.

St. Petersburg, June 7.—The government, it is authoritatively said tonight, has no more information than the public of the happenings in the neighborhood of Port Arthur. Lack of official news from the southern Liao Tung peninsula was responsible for the usual number of rumors throughout yesterday, among them the reports from Chefoo and elsewhere that the Russian squadron had made a sortie from Port Arthur and the Japanese had begun a land attack upon the fortress. The general staff could neither confirm nor deny the stories any more than the similar ones during the past 48 hours.

Will Pass Dardanelles.

St. Petersburg, June 7.—Grand Duke Alexis, commander in chief of the navy, according to an apparently reliable report, has obtained the permission of the emperor to create a third Pacific squadron from the ships of the Black Sea fleet, and permission has already been obtained from Turkey to take the ships through the Dardanelles on condition that they will not return. The squadron will sail for the far east simultaneously with the Baltic squadron. The Associated Press is unable to obtain any confirmation of the report.

British Will Advance.

London, June 7.—The correspondent of the Daily Mail at Simla says the British advance on L'Hassa has been ordered for June 26.

QUAY'S SUCCESSOR.

Politicians Are Getting Ready to Pick Him Out.

Harrisburg, Pa., June 7.—A conference to determine whether the senatorial vacancy created by Senator Quay's death shall be filled by appointment of by an extra session of the legislature was held tonight at the executive mansion when Governor Pennypacker, United States Senator Penrose and Insurance Commissioner Durham, who control the situation. The governor spent several hours today examining the law on the subject.

The opinion still prevails here that an extra session of the legislature will be held next December for the election of a senator.

HUNDREDS OF DEPUTIES GUARD COLORADO DISTRICT AGAINST FURTHER CRIME

Twenty-four Men Deported and Other Officials Forced to Resign Through Threats of Violence.

Over Two Hundred in the "Bull Pen" and More Arrests are Being Made Hourly—Mineowners' Association Severely Censured for Trouble—Independence Assassins Not Yet Discovered.

Cripple Creek, Colo., June 7.—Under a regime of hundreds of deputy sheriffs and about 150 militiamen, receiving their orders from Edward Bell, a wealthy mine owner, who succeeded Mr. Robertson when he resigned under threats of lynching yesterday, the gold mining district passed a comparatively peaceable day. Throughout the day soldiers scoured the hills for union miners and the sum total of the day's arrests were 19. This swelled the number of the men confined in the bull-pen to considerably over 200, and tonight 24 of them were placed aboard a special train and deported from the district. A guard of deputies rode out of the district with them. The men were all unionists and served as leaders in the strike now pending. Three additional city officials were forced to resign their offices today, namely, Chief of Police William Graham, Night Marshal Fred Hardy and Justice of the Peace Charles Harrington. Their reputed sympathy for unionism led to this action. In each case a committee from the citizens' alliance waited upon them and compelled them to act immediately under threats of violence. Sixteen deputies armed with sawed-off guns visited a union store and made a thorough search for weapons. They were rewarded by finding a rifle and a shot-

gun concealed behind a large ice box. Subsequently they went to the union headquarters and overturned everything in an effort to find the union records. Their efforts were unavailing. All those injured in the accident at Independence and at the rioting in Victor are rapidly recovering. No definite clue, it is understood, has been obtained through the bloodhounds which were started on the trail of the person who placed the infernal machine under the station at Independence. While tension is tightly drawn and the whole district has taken sides in the bitter feeling existing between the mine owners' association and the unionists, it is thought that a clash will be averted for the reason that most all of the union leaders are in durance vile.

Martial Law Again.

Denver, June 7.—Adjutant General Sherman M. Bell, accompanied by a detail of staff officers, is on his way to Cripple Creek bearing Acting Governor Haggott's proclamation of martial law for that district. He has instructions to use his own judgment as to the needs for issuing the proclamation and if he decides the conditions warrant it he has orders to place the gold camp under a regiment of militia.

PANAMA UP AGAIN.

Government Will Insist on Gold Standard Being Adopted.

Washington, June 7.—In answer to a summons by the state department, John Barrett, the minister to Panama, came to Washington today and had a long conference with the Panama canal commissioners with reference to the settlement of the pending Panama currency proposition. A final action by the Panama legislature is expected today. If the decision is adverse to gold standard some action will be required immediately by our government.

CLAIM BY NICOMEDIA.

Bonds Have Been Deposited in Important Marine Litigation.

Victoria, B. C., June 7.—Bonds to the amount of \$100,000 have been deposited by an agent of the Boston Tow-boat Company on behalf of a probable claim to be made by the owners of the Nicomedia, which towed the Fielades a distance of 800 miles and brought her here. The Fielades will be towed to Tacoma, there to discharge passengers and freight and undergo repairs.

NEW THEATER LAW.

New York Plans to Prevent Serious Theater Accidents.

New York, June 7.—An ordinance declaring the construction of new theaters has been signed by Mayor McClellan. Its formulation was resultant from the Iroquois theater horror and under the new conditions erecting new play houses here will be an expensive operation. No changes are provided for theaters already in existence but hereafter it will be practically necessary to have a fourteen foot court at both sides and in the rear of buildings with a seating capacity of more than 1800. Managers declare this requirement practically is prohibition.

See the Green Grass Grow.

Washington, June 7.—President Roosevelt today received the following telegram from H. W. Scott, proprietor of the Oregonian, dated Portland, June 7: "It is 20,000; not less, perhaps more. Oregon's tribute to you."

PEABODY CONDEMNED.

Governor of Colorado Slammed by the Democratic Convention.

Pueblo, Colo., June 7.—The democrats today named delegates to the national convention at St. Louis. The delegation goes uninstructed. The Hearst people captured the caucus held by the Second district delegates, but when they attempted to pass a resolution instructing for Hearst through the convention it was turned down.

The platform endorses the Kansas City platform and instructs the delegates to use all honorable means to secure a platform in harmony therewith; demands enforcement of the anti-trust laws, revision of the tariff; it demands that the people of the Philippines be insured their independence at the earliest possible moment; it demands swift and sure punishment to the perpetrators of the Cripple Creek outrage; it declares for law and order, but condemns Governor Peabody for deporting men from their homes. A strong resolution commending Bryan was adopted. Charles J. Hughes of Denver was chairman.

OUTRAGE IN TANGIER.

Englishwoman Compelled to Give Up Guns of Husband.

Tangier, June 7.—Armed Anjera Moros invaded the residence of an Englishman here today and compelled his wife to give up the rifles of her husband, who was absent. The outrage took place in broad daylight. The British consul demands the arrest of the tribesmen, but the Moorish authorities hesitate because the perpetrators are influential.

DRAMATIC.

"Married by Mistake."

Of all the farces, "Married by Mistake" is the funniest. As presented at Fisher's opera house by the Empire Stock Company last night, it was a side-splitter. From the time the curtain rose on the setting of the first act until it fell on the scene of confusion at the close, there was one long laugh for the crowded house that greeted this company's second night. Miss Snell was accorded enthusiastic applause at her first appearance, as was also Mr. Aldridge. Then the com-

pany settled down to business, took a piece well in hand and proceeded to dole out a reel of the jolliest laugh that has tickled the microbes on the opera house walls for many a long season. As Abraham Muffin, Mr. Aldridge was the acme of perfection. He has a good knowledge of the part and puts his whole soul in the action of the play. Mr. Wheeler, as Jack Butler, made a very pleasant impression. Mr. Wheeler read his lines with a natural grace that well fits him for juvenile parts and his lovmaking scenes lead one to think that he knew whereof he acted, so to speak. One of the strong parts of the bill was the Gerald Buzfuz as conceived by Mr. Robert McKenzie. This part was rendered in a manner that did much to keep the house in laughter, and Mr. McKenzie won his place in the hearts of the Astoria public as one of the favorites of the company. Miss Ellie Palmer, as Hannah, the maid, was very good in the part. Miss Palmer moves not in a listless manner; she goes deep into her part and gets out of it all there is there. She plays with an excellent snap and has presence of mind in great volume. As Aunt Melinda, Miss Elsie Frank did well, and although this talented lady did not appear save in the last act, she made up for her absence during the other two by contributing her share to the laughter-making scenes of this foxiest of farces. No outline of the play will be given here—if you don't go it serves you right for not knowing anything about the show people are talking about today.

THAT LAND GHOST.

New York June 7.—John A. Benson, a California millionaire landholder, was held today on a warrant of removal by United States Commissioner Shields. The indictment charges that Benson and Frederick A. Hyde, the latter also of California, conspired fraudulently to obtain the title to certain reserve lands in California and Oregon.

The Weather

Portland, June 7.—For Oregon: Wednesday, fair and warmer.

FOR ALL WEATHERS!

The nice thing about a raincoat is, you can wear it in shine as well as rain, and look well. The best fact about our raincoats is, they're made for us by Hart Schaffner & Marx, which is only a short way of saying that there are no better raincoats to be had anywhere; and that you'll think so yourself if you buy one. We have plenty of other good overcoats to show you; we'll show you the Hart Schaffner & Marx label in them: a small thing to look for, a big thing to find.
