

REVOLUTION IS IMMINENT

Things Have Come to a Sorry Pass in Colombia and an Uprising Is Expected.

ASSEMBLYMEN ARE JAILED

Guns and Ammunition Are Being Stolen From Cartagena Arsenal by Rebelionists.

New York, June 30.—Advices by steamer from Cartagena, Colombia, confirm the recent news that Governor Escobar had all the members of the state assembly arrested, says a Herald dispatch from Colon. The assembly recently expressed themselves in strong language against the administration, and Dr. Gastelondo, secretary of public instruction, has been repeatedly insulted.

A great deal of ammunition has disappeared from the Cartagena arsenal. Gatling guns and field pieces have been stolen and rumors are current that a revolution may break out at any moment. General Ortiz recently surrounded the state treasury in Cartagena and broke open the safe to obtain money for the soldiers, who had not been paid for a long time.

WOMAN TAKES LAUDANUM.

Kills Herself Because Husband Ordered Her From Home.

Chicago, June 30.—Mrs. M. A. Roberman, a wealthy fruit dealer of Madison, has been found in a room at the Sherman house suffering from the effects of laudanum. She died a few hours later.

Mrs. Roberman, according to dispatches from Madison, is a sister of Abraham Frank, manager of the cafe in the Sherman House and came to him after a quarrel with her husband. It was at first denied by employes of the hotel that Mrs. Roberman was staying there and every possible effort was made to keep the matter secret.

So far as could be learned from Madison, Mr. and Mrs. Roberman had continued domestic troubles for the last two years and two days ago, according to reports, they quarreled and Roberman ordered Mrs. Roberman to leave the house.

KILLED WIFE AND SELF.

Baker Who is Despondent Because of Ill-Health Commits Double Crime.

Los Angeles, Cal., June 30.—A special to the Times from Perris, Riverside county, says:

Despondent, it is supposed on account of illness, George Setin today shot and killed his wife with a revolver and then took his own life with the same weapon.

Setin was about 33 years old and belonged to the bakers' union of San Francisco. On account of failing health he went to Los Angeles for medical advice, and it is supposed that what was told him of his physical condition made him despondent. He returned today to his home, half a mile from town. Word was sent to a physician of Perris, asking him to call. When the physician arrived he found both Setin and wife lying dead on a bed.

GRAIN RATES REDUCED.

Atlantic Coast Trunk Lines Make New Schedule for American Dealers.

New York, June 30.—A reduction in eastbound grain rates has been agreed on by the Atlantic coast trunk line railroads. It will take effect tomorrow and is made to equalize the rates prevailing on the Canadian lines. The export interests of New York, Boston, Philadelphia and Baltimore will be thereby put into a position to compete with the Canadian grain dealers.

Under the new tariff all grain from Buffalo is placed upon a 3-cent basis. This is a reduction of 1 cent per bushel on wheat and flax, three-quarters of a cent on corn, and half a cent on barley. No reduction is made on oats.

NO REBATE ON COKE.

Board of Appraisers Makes Ruling on Meaning of Emergency Act.

New York, June 30.—Upon an old report filed by a firm doing business in Los Angeles, Cal., the board of general appraisers has ruled as to whether coke should have the benefit of rebate of duty the same as coal under

the emergency act of January 15, 1903. The opinion is in the negative and concludes that coal and coke are distinct commodities and that congress did not provide for rebate of duties on coke in the emergency act.

The question arose over the protection of assessment of duty under the Dingley tariff at the rate of 20 per cent on a cargo of coke. The importers claimed full rebate of duties under the provisions of the act.

Has No Interest in Estate.

Chicago, June 30.—George C. Miln of London, actor, former preacher, and husband of Louise Jordan Miln, has filed an answer in the proceedings begun last August, when Mrs. Mary C. Wells, trustee of the \$500,000 Jordan estate, sued George M. Wells, administrator of the property. A cross bill was originally filed by George M. Wells and another by Mrs. Annie Jordan, wife of the former board of trade man, over whose property the suits are brought. Miln was made a party to the proceedings. In his answer Miln alleges that he has no interest in the property except that his wife is one of the heirs, and he asks that his name be eliminated from the proceedings.

ASHES THROWN IN PARK.

Peculiar Terms of Botanist's Will Are Carried Out by Widow.

New York, June 30.—In compliance with her husband's wish as expressed in his will, the widow of Gustav Rix, a well-known bulder and botanist, who died in 1902, has distributed in the Bronx park botanical gardens half of the ashes of her late husband. The remainder will be sent to Germany and scattered there according to instructions in the will.

The botanical garden was a favorite haunt of the naturalist, and shortly before his death he decided upon this novel disposition of his ashes after the body had been cremated.

MANY WANT POSITIONS.

One Hundred Applicants for Each Job in New Department.

New York, June 30.—A great rush of applicants for positions in the new department of licenses, which has supervision of employment agencies, has caused new records to be hung up by the municipal civil service commission. Sixteen inspectors are to be appointed, and there were exactly 2100 applicants. Five hundred went away discouraged, but the others took the examination, leaving 100 seekers for every job. The salary is \$1500 a year.

THINK RULE A GOOD ONE.

Chicago Merchants Opposed to Clerks Playing the Races.

Chicago, June 30.—The action of the big insurance companies with headquarters in New York and some of the department store managers in warning employes that "playing the races" will mean discharge has attracted the attention of Chicago business men. Without exception, the course followed in the east is approved of by the men at the head of the large mercantile establishments, and many of them declared similar orders would be issued. Others said the rule already was in force.

Uses Goats as Brush Cleaners.

Chicago, June 30.—A dispatch to the Tribune from Peoria, Ill., says: The Bradley Polytechnic institute has received 1800 Angora goats from the south to be used on farms owned by the institute in the Bradley endowment. The goats were shipped to Mason, Pullen and Tazwell counties and will clear the brush from hundreds of acres preparatory to cultivation. Mrs. Bradley's experience is one of endorsement of the goat as a brush cleaner. The institute farms are valued at \$150,000.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Chas. Rogers, druggist.

No Pity Shown.

"For years fate was after me continuously," writes F. A. Gullege, Verbeia, Ala. "I had a terrible case of piles, causing 24 tumors. When all failed, Bucklen's Arnica Salve cured me. Equally good for Burns and all aches and pains. Only 25c, at Chas. Rogers' drug store.

IRON TRADE CONDITIONS

Restrictive Movement is Under Way That Promises to Make Production Smaller.

MANY MILLS ARE SHUT DOWN

Blast Furnaces Will Limit Output. So There Will Be no Weakening of Their Market in Consequence.

Cleveland, O., June 30.—The Iron Trade Review has this to say concerning market conditions in its current issue:

The first half of 1904 ends with a restrictive movement under way in the iron trade that promises to bring pig iron production back to the February basis, when the output was at a year's rate of less than 15,000,000 tons. The extent of shutdowns of rolling mills and steel works on July 1 and the length of the idle period cannot be fully determined at this writing, but will be considerable. Scale disagreements will cause some interruption, particularly in sheet and tin plate mills and to some extent in bar mills. But there is a disposition among blast furnace operators to prevent the accumulation of their product so that the idleness of the mills will not necessarily mean further weakening in the pig iron market.

A scale agreement was reached by the American Sheet and Tinplate Company in the week on a basis of 18 per cent reduction from last year's scale, which leaves wages as they have been since the special April conference. The rebate question is still undecided, however. Independent sheet manufacturers want a 20 per cent reduction, and are still in conference with the workers. The non-union mills of the leading interests are the disturbing factors, and the possibility of the idleness of all union sheet and tin plate mills for some weeks is not remote.

The Republic Iron and Steel Company will close most of its mills for a part of July at least. At Joliet, Ill., the rod mill department has closed down and further suspensions there are expected. The National Tube Company will close down some of its mills for urgent repairs, but has plenty of orders. A number of American Steel & Wire Company plants, as well as independent wire plants in Pittsburgh and Ironton districts will be out early in July. The hoop and bar mills of the Carnegie Steel Company are expected to be off for a time, the scale being still unsigned. With not a few mills there is no pressing necessity for running until mid-year, when repairs are needed. In the central west a few more blast furnaces have gone out and there is an evident adjustment to the requirements of a quiet summer.

In spite of these general preparations for curtailed output, there has been more than a fair volume of inquiry for pig iron and for steel products in the past week. If anything like the full tonnage represented in inquiry were realized in orders the activity would be marked. The pig iron situation gives token of more life and the proportion of inquiry resulting in business is probably greater than in finished material.

STRIKE ON IN FAR EAST.

Steamship Unable to Secure Firemen of Any Experience.

Victoria, June 30.—The steamship Shawmut of the Boston steamship line, four days overdue from Yokohama, has arrived here. Her slow passage was due to having to ship inexperienced firemen, because of the strike now on in oriental ports. The Shawmut brought 10,000 tons of general cargo and 220 passengers, among the latter being 50 Filipinos for the St. Louis fair.

KNIGHT NOT KILLED.

London Post Correspondent Still in the Land of the Living.

New York, June 30.—The Morning Post's Tokyo correspondent telegraphs, according to a World dispatch from London, contradicting the report that Correspondent Knight of the Post staff was killed recently.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00

bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Chas. Rogers' drug store.

WEST SIDE NOTES.

Miss F. A. King is quite ill and has been confined to her home since last Saturday. It may be some time before she is able to attend to her duties.

Mr. and Mrs. C. R. Ray are guests of Mr. and Mrs. W. F. Halderman.

King Lee has accepted a position in the Warrenton mill and his family will remain here for the winter. They make their home with Miss King.

P. C. Warren has just returned from a trip to his Nicaragua ranch.

Professor Rounds was in Warrenton last week visiting friends.

The summer schedule begins on Saturday. The 8:15 a. m. train is a favorite with the West Side.

A. C. Wirt returns from the pioneer meeting, reporting a very pleasant gathering. Mr. Wirt is only 90 years of age, but he expects to attend again next year.

J. C. Caskey has assumed charge of the sales department of the Warrenton Lumber Company.

Frank Hall has returned to Warrenton after an absence of several months.

There was a very pleasant gathering of young people at Mrs. Halferty's on Monday evening as a farewell to Miss Clara Halferty, who is leaving home for a while.

Harry Harrison spent Tuesday in Astoria.

Dr. Vernon was in Warrenton on Monday on professional duties.

Hammond is making great preparations for the Fourth. Darrenton will help others celebrate this year.

Big Price for Violin.

New York, June 30.—A violin once owned by Joseph Jean Bott has been sold by his estate for \$9000. It was once pawned for \$4, and after eight years was found again while a well-known dealer was on trial charged with having stolen the instrument.

Libel Suit Dismissed.

San Francisco, June 30.—The libel suit brought against the steamship Centennial by passengers to recover \$500 each for alleged neglect of their comfort in the steerage has been dismissed by United States District Judge De Haven.

Firemen Overcome by Smoke.

New York, June 30.—Forty-three firemen, four of whom will probably die, were overcome by smoke and gas at a fire today in the sub-cellar of a double five-story brick building at 483-485 Broadway.

WONDERFUL CURE OF SORE HANDS

By Cuticura After the Most Awful Suffering Ever Experienced.

EIGHT DOCTORS

And Many Remedies Failed to do a Cent's Worth of Good.

"About five years ago I was troubled with sore hands, so sore that when I would put them in water the pain would very nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was told to use for fully three years, but got no relief. I tried at least eight different doctors, but none of them seemed to do me any good, as my hands were as bad when I got through doctoring as when I first began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heart-sore. I would feel so bad mornings when I got up, to think I had to go to work and stand the pain for ten hours, and I often felt like giving up my position. Before I started to work mornings I would have to wrap every finger up separately, so as to try and keep them soft and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves in bed. In fact, I had to wear gloves all the time. But thanks to Cuticura, the greatest of all great skin cures. After doctoring for three years, and spending much money, a 50c. box of Cuticura Ointment ended all my sufferings. It's been two years since I used any and I don't know what sore hands are now, and never lost a day's work while using Cuticura Ointment."

THOMAS A. CLANCY, 810 N. Montgomery St., Trenton, N. J. Sold throughout the world. Cuticura Soap, 50c. per box, 25c. per box of 40. Cuticura Ointment, 50c. per tin, 25c. per tin. Cuticura Tablets, 50c. per box, 25c. per box. Cuticura Cream, 50c. per box, 25c. per box. Cuticura Lotion, 50c. per bottle, 25c. per bottle. Cuticura Powder, 50c. per box, 25c. per box. Cuticura Soap, 50c. per box, 25c. per box. Cuticura Ointment, 50c. per tin, 25c. per tin. Cuticura Tablets, 50c. per box, 25c. per box. Cuticura Cream, 50c. per box, 25c. per box. Cuticura Lotion, 50c. per bottle, 25c. per bottle. Cuticura Powder, 50c. per box, 25c. per box.

If your chest measure is 42, a \$4 coat would be a little uncomfortable—and would cause some comment among your friends. Is your advertising expenditure cut too small for your business chest measurement?
