

### NEW FEATURE FOR REGATTA

Perpetual Challenge Trophy of Be Hung Up for Baseball Contest at Field Meet.

### LACROSSE GAME SCHEDULED

Seattle and Portland Teams to Try Conclusions—No Barge Race to Be Arranged This Year.

A perpetual challenge trophy is to be offered by the regatta committee for a baseball tournament. The first game in the contest is to be played here on the afternoon of the final day of the regatta, and thereafter at each succeeding carnival the holder of the beautiful silver baseball to be hung up must contest on the local field during the regatta sports with the team that challenges. The feature is new and doubtless will prove of great interest.

Secretary Halderman is responsible for the idea of hanging up the perpetual trophy. He got his idea from the famous Feidenheimer bowling trophy, and very logically came to the conclusion that a baseball trophy to be hung up under similar conditions

would add to the widespread interest in the regatta.

The trophy is to be a handsome one. It is to be a silver baseball mounted upon three silver bats, the whole to stand upon a silver pedestal. The ball will be appropriately inscribed.

The committee has decided that the initial game for the trophy shall be played between the Commercial Club and Multnomah teams. The winning team must stand ready at all times to defend the trophy, the games, except those which must be played during the regatta, to take place on the grounds of the team in possession of the trophy. Every year the team holding the trophy shall meet a challenger at the regatta field day. The expenses of the ball teams will be defrayed by the committee, which defrays the expenses of all participants who do not compete for cash prizes.

#### Lacrosse Game in Sight.

Secretary Halderman is now endeavoring to arrange for a lacrosse game as an additional attraction on field day. The lacrosse teams of Portland and Seattle are anxious to get together, and the committee will afford them an opportunity. Negotiations are now under way with the end in view of bringing the teams together, and there is every reason to believe that the game will take place. A prize will be offered.

#### The Big Field Meet.

This year's field meet will be the best ever held. On the afternoon of

the final day of the regatta the crowd will go to A. F. C. park. The first event will be the ball game between the Commercial and Multnomah teams. Then will come the foot races—100 yards, 220 yards and a quarter-mile event. The pole vault, hurdles, high jump and broad jump are to be cut out this year. These events are slow and the crowd does not care to view contests that are not lively. The lacrosse game will conclude the program.

"A good, fast ball game, exciting footracing and the lacrosse game ought to be just about right," said Secretary Halderman yesterday, discussing his plans. "People want to view lively events. They have no patience with pole vaulting and jumping. We will arrange a program of exciting events and will see to it that the program is carried out without any delay. We expect 500 or 6000 people to attend the field meet, and therefore will be careful about the arrangements."

#### No Barges This Year.

The committee has practically decided that there shall be no barge racing this year. The Californians alone use barges, with the result that the barge races are not participated in by the Portland and British Columbia oarsmen, who use shells exclusively. The Californians have been notified that the barge races will be cut out, and invited to come with their shells.

#### Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobick of Colusa, Calif., writes: "For 15 years I endured insufferable pain from Rheumatism, and nothing relieved me, though I tried everything known. I came across Electric Bitters, and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by Chas. Rogers, druggist.

#### The Weather.

Portland, July 1.—For Western Oregon: Saturday, generally fair; slightly warmer in north portion, except near the coast.

Eastern Oregon, Eastern Washington and Idaho: Generally fair; warmer.

#### Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Chas. Rogers' drug store.

#### No Pity Shown.

"For years fate was after me continuously," writes F. A. Gullidge, Verbena, Ala. "I had a terrible case of Piles, causing 24 tumors. When all failed Bucklen's Arnica Salve cured me." Equally good for Burns and all aches and pains. Only 25c, at Chas. Rogers' drug store.

#### Some Military Bookkeeping.

General A. R. Chaffee at a soldiers' banquet told about a quartermaster who entered on the books of his company at the close of a certain battle: "John Smith, killed July 7," etc.

But a day or two later it turned out that John Smith had not been killed after all. He had only been wounded. The quartermaster, on receipt of this news, wrote under the first entry: "Killed by mistake."

Finally, though, there came a bulletin announcing the death of Smith in the hospital. This fact the quartermaster recorded as follows: "Re-killed by order."

#### The World's Fair Route.

Those anticipating an eastern trip, or a visit to the Louisiana Purchase exposition at St. Louis, cannot afford to overlook the advantages offered by the Missouri Pacific Railway, which, on account of its various routes and gateways, has been appropriately named "The World's Fair Route."

Passengers from the northwest take the Missouri Pacific trains from Denver or Pueblo, with the choice of either going direct through Kansas City, or via Wichita, Fort Scott and Pleasant Hill.

Two trains daily from Denver and Pueblo to St. Louis without change, carrying all classes of modern equipment, including electric lighted observation parlor cafe dining cars. Ten daily trains between Kansas City and St. Louis.

### TENDERS ON SIX STREETS

Bids for New Improvements Opened Yesterday by Council Street Committee.

### PORTLAND MAN SUCCESSFUL

Gets Three of the Jobs Because of the Refusal of Contractor Palmberg to Bid Separately.

The street committee of the council yesterday received bids for the improvement of six streets. Because of the refusal of Contractor Palmberg to accept any of the east end streets unless he were to be given the contracts for all, he lost four big jobs.

For the improvement of Forty-fifth street from Bond to the alleyway running between blocks 104 and 105 the following bids were received:

Birch & Jacobson	\$ 233 00
Otto Peterson	235 00
C. G. Palmberg	235 00
S. S. Dill, Portland	274 00
J. A. Fastabend	265 00

For the improvement of Duane street from Fourteenth to the east line of McClure's Astoria the following tenders were received:

Birch & Jacobson	\$1320 00
C. G. Palmberg	1180 00
J. A. Fastabend	1120 00

For the improvement of Commercial street from Forty-fourth to Forty-fifth tenders were received as follows:

W. A. Goodin	\$ 930 00
C. G. Palmberg	850 00
S. S. Dill	854 00

For the improvement of Forty-fourth street from Commercial to Duane the bids were:

W. A. Goodin	\$ 850 00
C. G. Palmberg	754 00
S. S. Dill	757 00

For the improvement of Forty-fifth street from Commercial to Bond the following bids were sent in:

W. A. Goodin	\$1400 00
C. G. Palmberg	1300 50
S. S. Dill	1406 00

**AT THE OWL DRUG STORE.**

The improvement of Duane street from Forty-third to Forty-fourth was bid upon as follows:

W. A. Goodin	\$1230 00
C. G. Palmberg	1135 00
S. S. Dill	1135 00

The committee will recommend to the council that Fastabend be awarded the contract for the improvement of Duane street from Fourteenth to the east line of McClure's Astoria; that Goodin be awarded the contract for the improvement of Forty-fifth street from Bond to Commercial; that Dill be given the contracts for the improvement of Duane street from Forty-third to Forty-fourth, Forty-fourth from Duane to Commercial and Commercial from Forty-fourth to Forty-fifth; that Birch & Jacobson be awarded the contract for improvement of Forty-fifth from Bond to the alleyway between blocks 104 and 105.

Mr. Palmberg's letter to the committee explanatory of his bids set out that he wanted all of the east end improvements, of which five are to be made, or none at all. He instructed the committee to consider his bids as a whole. The committee ruled that this could not be done, for the reason that the several improvements were to be made in separate improvement districts, and would have to be paid for by the people of those districts. It was also the belief of the members of the committee that it would not be fair to the other bidders to agree to any such proposal as that suggested by Mr. Palmberg, who could, of course,

make better offers on five improvements than on one or two. So, although Palmberg was the lowest bidder on four of the five improvements, he did not get any of the contracts—indeed, did not want them.

**THE FAIR ROUTE**  
via Chicago or New Orleans to St. Louis, is one that gives you the most for your money, and the fact that the ILLINOIS CENTRAL offers unsurpassed service via these points to the WORLD'S FAIR, and in this connection to all points beyond, makes it to your advantage, in case you contemplate a trip to any point east, to write us before making final arrangements. **Notice.**  
For the purpose of correcting an impression which exists in the minds of some that William Thompson, Arnold and Albert Davey have done some injury to my little boy Salvador Arcidiacono, I beg to say that I have discovered that the injuries were purely an accident and the boys had nothing to do with them.

# Newbro's Herpicide

**VACATION TIME.** Vacation time should bring rest, recreation and comfort; and comfort of the solid and pleasing variety means no high collar, no stiff hat and no itching scalp. It is for this last discomfort that Newbro's Herpicide becomes a summer necessity, as it stops itching of the scalp and Prickly Heat almost instantly. Take Herpicide with you on your vacation.

**SCALP WARNING.** Itching of the scalp is not so much a punishment for past neglect as it is a warning for the future. It shows, almost conclusively, that the vine-like, microbe growth that causes dandruff, itching scalp and falling hair has entered the Sebaceous glands and unless this growth is stopped and kept out of the scalp, baldness will follow.

**IT IS CONTAGIOUS.** It was Prof. Unna (ask your doctor about him), who first pointed out that the true cause of hair loss is a germ or microbe that lodges in the scalp where it causes dandruff. Being of microbe origin the disease is necessarily contagious but Dr. Sabouraud has recently called attention to the highly contagious nature of dandruff, and the necessity of constant watchfulness to avoid it. Kill the dandruff germ with Herpicide.

**UNSTERILIZED PUBLIC HAIR-BRUSHES,** says Dr. A. Cartaz, are to blame for most of the baldness that is prevalent today. He further states that, "baldness begins in the young." By this he means that the germ that causes the disease is planted in the scalp of young men and that sometimes years elapse before the destruction is complete.

**WILL NOT GROW HAIR.** Newbro's Herpicide is a "Hair-Saver;" it will not grow hair—nature does this—but by destroying the enemies of hair health, it enables the hair to grow as nature intended—except in chronic baldness. Save your hair with Herpicide. Wonderful results follow its use.

**HOT WEATHER TROUBLES.** During hot weather the minute sudatory glands of the scalp are called upon to perform an extra amount of labor. The perspiration that exudes in increased quantities must be handled promptly as it carries out poisonous and refuse matter that would otherwise clog up the pores of the scalp. Incomplete elimination of refuse matter produces a hot and feverish condition of the scalp, familiarly known as Prickly Heat, for which Herpicide gives immediate relief. Ladies will find Herpicide indispensable. It contains no grease, will not stain or dye. It is an exquisite hair dressing that COOLS, COMFORTS and DELIGHTS.

**NO COMPLAINT FROM OUR CUSTOMERS.**

"Herpicide is giving entire satisfaction to our trade. We have never had a single complaint that it would not cure dandruff and falling hair." (Signed) WOODWARD, CLARK & CO., Portland, Ore.

**A HERPICIDE FOLLOWER.**

"I have tried five or six bottles of your Herpicide and can say that it is very good, and so I address my neighbors the same." (Signed) MRS. NELLIE HUGHES, Albina, Ore.
